ENGINEERED FOR PERFORMANCE

Quality.

terra legno welcomes you to the finest precision crafted wood flooring. For centuries wood has proven to be strong and enduring flooring. Introduce terra legno's innovative artisan's craftmanship, a wood floor becomes luxurious and timeless. Craftmanship is a commonly forgotten philosophy lost in today's high technology world. terra legno's manufacturing methods combine the old world artisan's passions and time tested wood working methods with today's innovative technologies. The terra legno difference is making the time to slow the design process down a little. Devoting the time to fully understand your design vision enables terra legno to create infinite edgy, contemporary, and traditional color pallets and textures beyond expectations. terra legno's experience and wood working knowledge ensure your masterpiece floor design is nothing short of perfection. Whether the project is residential or a commercial space, terra legno is dedicated to deliver your specified wood flooring on time and in budget.

Engineered Hardwood Flooring Grades

terra legno offers a variety of grades in wood making for a perfect design— transcending design elements from edgy and contemporary to traditional or rustic decors. terra legno's grades of wood range from a Prime Grade's cleaner sleek look to Vintage Grade's natural character looks.

Prime Grade:
Slight variations of color in the heartwood to sapwood with sporadic mineral markings which can include small solids (filled knots).

Classic Grade:
Contrasting grain and color in heartwood to sapwood with distinct character markings of small to medium knots (filled) and mineral streaks).

Vintage Grade:
Sharply contrasting grain and color variations in heartwood to sapwood with distinct medium to large knots (filled) and characted markings.

Autentico

The Autentico Collection offers the natural beauty only authentic time worn wood flooring is capable of achieving. The Autentico Collection's merges fashion forward design, performance and value for residential and light commercial spaces.

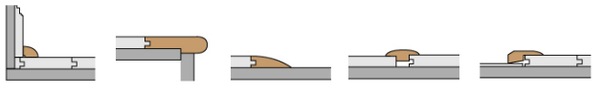
SPECIFICATIONS

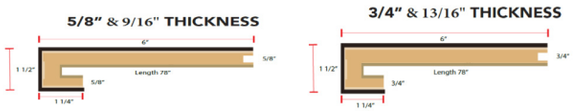
Species: European White Oak
Janka Hardness: European White Oak 1360
Grading:
Vintage: Fogg, Ash Gray
Classic; Tabac
Prime: Cobblestone, Hearthstone
Wear Layer: 2mm Sliced
Style: Single Planks
Dimensions: 1/2" x 6'-1/2" x 6'-1/4" Fixed RL 65% & 2'- 4' RL 35%
Chevron & Herringbone Dimension: Custom Made to Specifications
Finish: NeoTech UV-Polyurethane with Aluminum Oxide
Stains & Treatments: Reactive Stains, Wire Brushed, Fumed
Prefinished Edge: Micro-Bevel 4 Sided
Core Construction: Multi-ply

ADDITIONAL OPTIONS

Moldings: Standard Flush Mount & Overlap Moldings, Heat Vents, Stair Treads & Risers, Custom Made to Order Moldings Available



StairMax Stairnose:



INSTALLATION

Methods: Staple / Nail, Glue Down, Staple/ Nail & Glue Assist, Staple / Nail & Glue Down, Float

Areas: On Grade, Below Grade & Above Grade

For best results, wood floors installed by a wood flooring Professional equal to an NWFA Certified Installer

WARRANTIES

Lifetime Structural Warranty
35 Year Residential Finish Warranty
5 Year Light Commercial Finish Warranty
3 Year Commercial Finish Warranty

SHADE VARIATION & COLOR CHANGE

Shade Variance: Natural products like wood flooring have inherent color & shade variations. The degree of variation is related to the species and the grading.

Light Sensitivity: Wood flooring is light sensitive. Over time, the color of wood naturally changes when exposed to light. Natural UV light and direct sunlight results in the greatest amount of change. The lighting in the room can affect the color of the wood floor.

Reactive Stains & Light Sensitivity: Wood species with higher tannins, like European White Oak, finished with Reactive Stains inherently have a higher sensitivity to light and color change.

CERTIFICATIONS:

CARB 2 Compliant
FSC on Request
Lacey Act
LEED Potential Credits

Engineered by Design
Designed for Performance

terra legno's state of the art manufacturing facilities separates us from the competition. Our leading cutting-edge manufacturing enable us to create Autentico's colors, textures and performance that is an perfect option for a project's more demanding budget expectations.

AUTENTICO FINISH & WEAR LAYERS

The Autentico Collection's advanced technology NeoTech UV Polyurethane Finish merges the old world craftsmanship with today's technology innovations. NeoTech's UV-Oil base coats work as a foundation penetrating the wood's grain's structure protecting the wood from within, then two polyurethane with aluminum oxide top coats which provide layers of wear resistant surface protection to the UV-Oil base coats. Terra Legno's proprietary NeoTech finish is ideal for both residential and commercial spaces offering a timeless look of high maintenance hard wax floor with low maintenance and abrasion resistance surface for today's more demanding lifestyles. NeoTech Finish is safe for our environment, and not harmful to one's health because it is formulated low / no VOC materials. Terra Legno wood floors are Carb 2 Compliant and have no harmful formaldehyde content.
