GENERAL INFORMATION ABOUT OUR PRODUCTS

We specialize in making American sourced, American made, reclaimed wood wall panels.

All of our products...

- are 100% Green, 100% Reclaimed, and 100% American Made in Ft. Collins Colorado
- come in 1 square foot sheets *('Barnwood in a Box' comes in 10sf bundles)
- come in a preset pattern mounted on our patent pending perforated backer. This backer allows wood to expand and contract with all climates and seasons as needed. The perforations allow for maximum direct bond to the substrate. *('Barnwood in a Box' comes sans backer)
- install easily with polyurethane construction adhesive or traditional tile setting materials *('Barnwood in a Box' installs with poly glue and pin nails)
- can be 'Class A' treated for flame spread upon request

Our Reclaimed Barnwood products...

- Real reclaimed wood, 50-125 years old
- Come standard as unfinished in our 'Natural' color palette (*mixture of browns & grays*)
- also available in our premium finishes: White and Ember Black
- Come standard as all 5/8" thick
- MultiDepth 2D version available for Creekwood, Stonewood, and Breckwood (*depths 3/8" and 5/8"*)
- Can be sealed for use in splash zones

Our Upcycled Hardwood products...

- Upcycled wood from door and trim manufacturers
- 1 pattern, 3 available finishes - Natural (7 species), White, and Walnut Stain
- ready for splash zones right out of the box
- 3 dimensional texture (*depths 3/8", 5/8", and 7/8"*)
- GREAT LEED credits
