

10 Covert

Create with CARVART

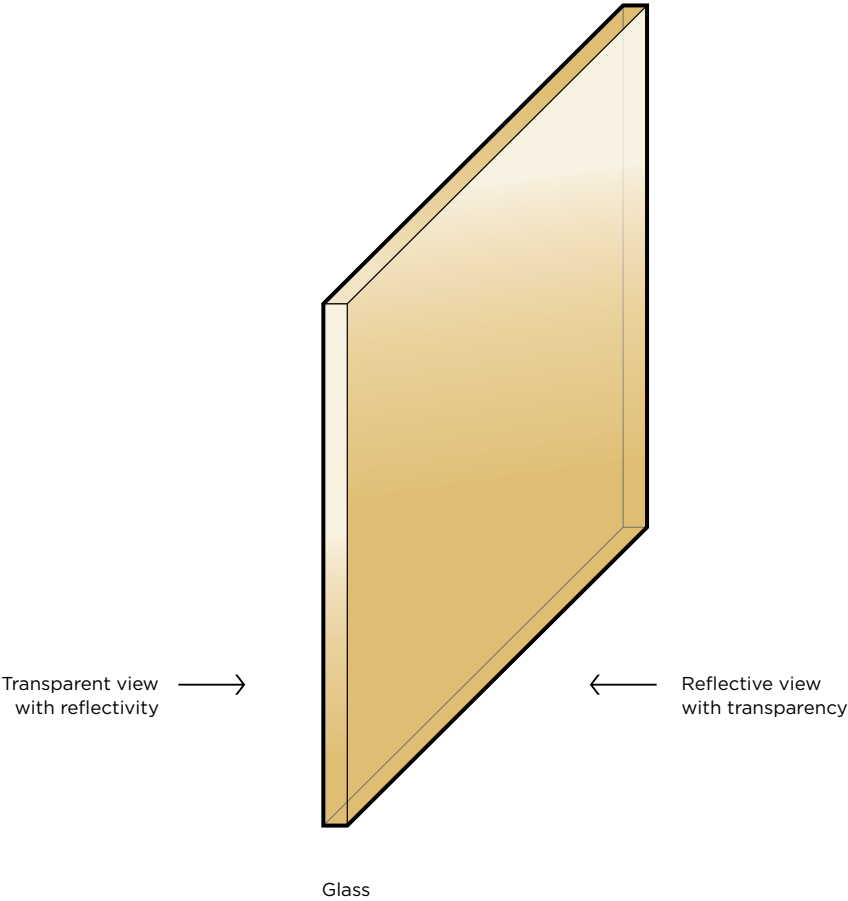

TIP
Apply TW or T1 acid etch to Covert glass to create a translucent shimmer.

Use lighting conditions to create an undetectable one-way mirror with Covert's 007.

TIP
Create further design aesthetics by laminating the versatile Covert glass to any of our glass lines.

Laminate to any pattern (etch or texture) to create reflectivity and depth.

Double-viewed solid color glass
One side is transparent with reflectivity, the other side is reflective with transparency
