FACILITY-WIDE
GLASS SOLUTIONS

CARVART

Your perfect glass partner.

CARVART is a creative solutions company. We specialize in facility-wide architectural glass products and hardware systems, striving to solve your design challenges through refined aesthetics backed by functionality and purpose.

With over 20 years of experience, we pride ourselves in creating innovative solutions by partnering with some of the best A+D firms, glaziers, contractors and various collaborators around the world. We are a national provider that has the installation partnerships, contract furniture dealers and rep networks to conduct business in all 50 states and globally.

By combining precise engineering, outstanding design, and exceptional service over a variety of systems and applications, CARVART is a leader in the glass industry.

HERITAGE

Tradition. Integrity. Commitment.

Led by visionary CEO, Edward Geyman, CARVART has progressed from a family enterprise in a small Brooklyn factory to a trend-setting, thriving architectural glass business. With design studios in New York and Chicago, we have a large national reach serving clients across the US, and Europe.

Over the past 20 years, CARVART has grown into a team of professional in-house designers, engineers, project managers and artisans. One thing remains unchanged from our early days: an unwavering commitment to providing the expertise and personal enthusiasm for creative expression on every project.

Edward and Anatoly Geyman

CRAFTSMANSHIP

Attention to materials and details.

CARVART believes in the value of materiality.

By engaging artisans around the world, we are able to transform authentic wood veneers, premium metal mesh, quality textiles and handcrafted paper into distinctive laminated glass products.

From our overall business structure to the intricate details of each unique glass and hardware design, this philosophy applies universally to every aspect of our company. Each customer is equally important to us and we strive to deliver unique, gratifying experiences regardless of project size or client.

INTEGRATED SERVICES

From design concept to reality.

CARVART operations merge an acute awareness of trends with expertise in technology, engineering, execution and design across multiple industries.

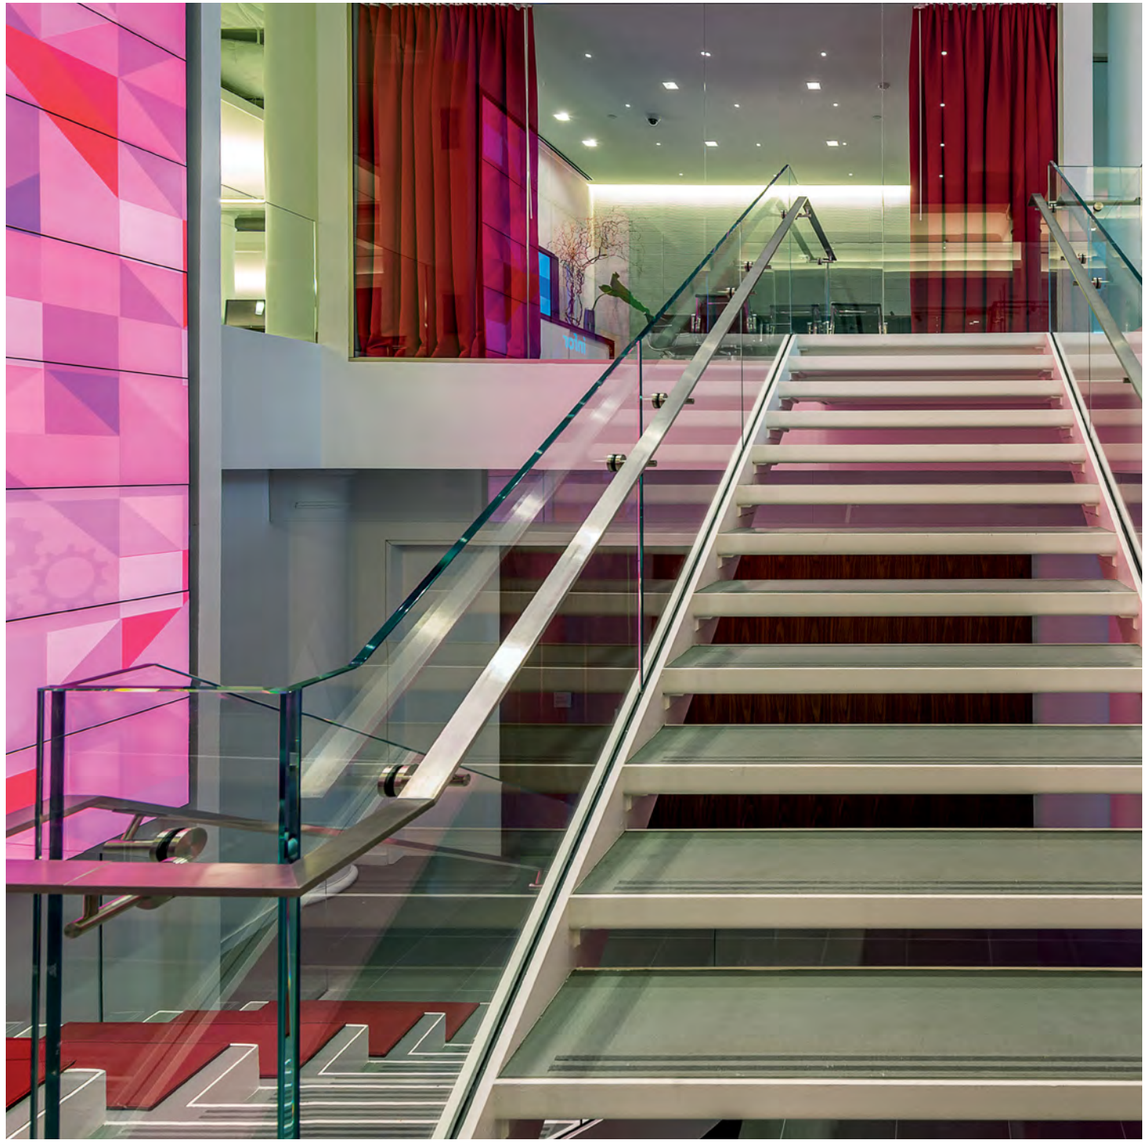

Our commitment to excellence and fulfilling complex design concepts is rooted in our turnkey project management that is focused on consistency and communication.

Hospitality

Our experience providing sophisticated, luxurious architectural glass and bath solutions started with the hospitality industry. The need for architectural glass to develop beautiful spaces pushed us to create and drive innovation in materials and design aesthetic. Notable upscale hotels, restaurants, casinos and high profile lounges have commissioned CARVART as their preferred supplier. From one-off glass art installations to multi-room projects, CARVART has developed a deep knowledge base and connection with many of the biggest names in hospitality.

Education + Museum

CARVART has been influential in adding value through functional solutions in universities, educational institutions, and museums. Inherently, each project has its challenges. CARVART has the experience and knowledge to provide custom engineered solutions to solve even the most difficult proposals.

Our products are featured throughout campuses including in libraries, student centers, wellness centers, classrooms, auditoriums, and dining halls. CARVART is also often the company of choice when it comes to supplying glass and hardware products for athletic facilities such as changing room lockers, shower stalls, restroom cubicles and team meeting rooms.

With a wide range of experience supplying engraved flooring tiles, customized walls, and informational graphics, CARVART is the perfect partner.

Retail

Retail spaces are designed to promote superior buying experiences. CARVART offers a wide range of aesthetically-conscious and functionally versatile products, such as adjustable glass shelving and display systems, CARVART creates a context that is perfect for your target market. By collaborating with CARVART, you can achieve a unique ambiance for your customer-focused retail environment.

CARVART believes in empowering
personal expression to activate
the modern interior environment,
where fashion and elegance
is combined with imagination.

Multi-Tenant

CARVART partners with real estate developers, glaziers, architects, and designers to achieve optimal results across large scale multi-tenant projects.

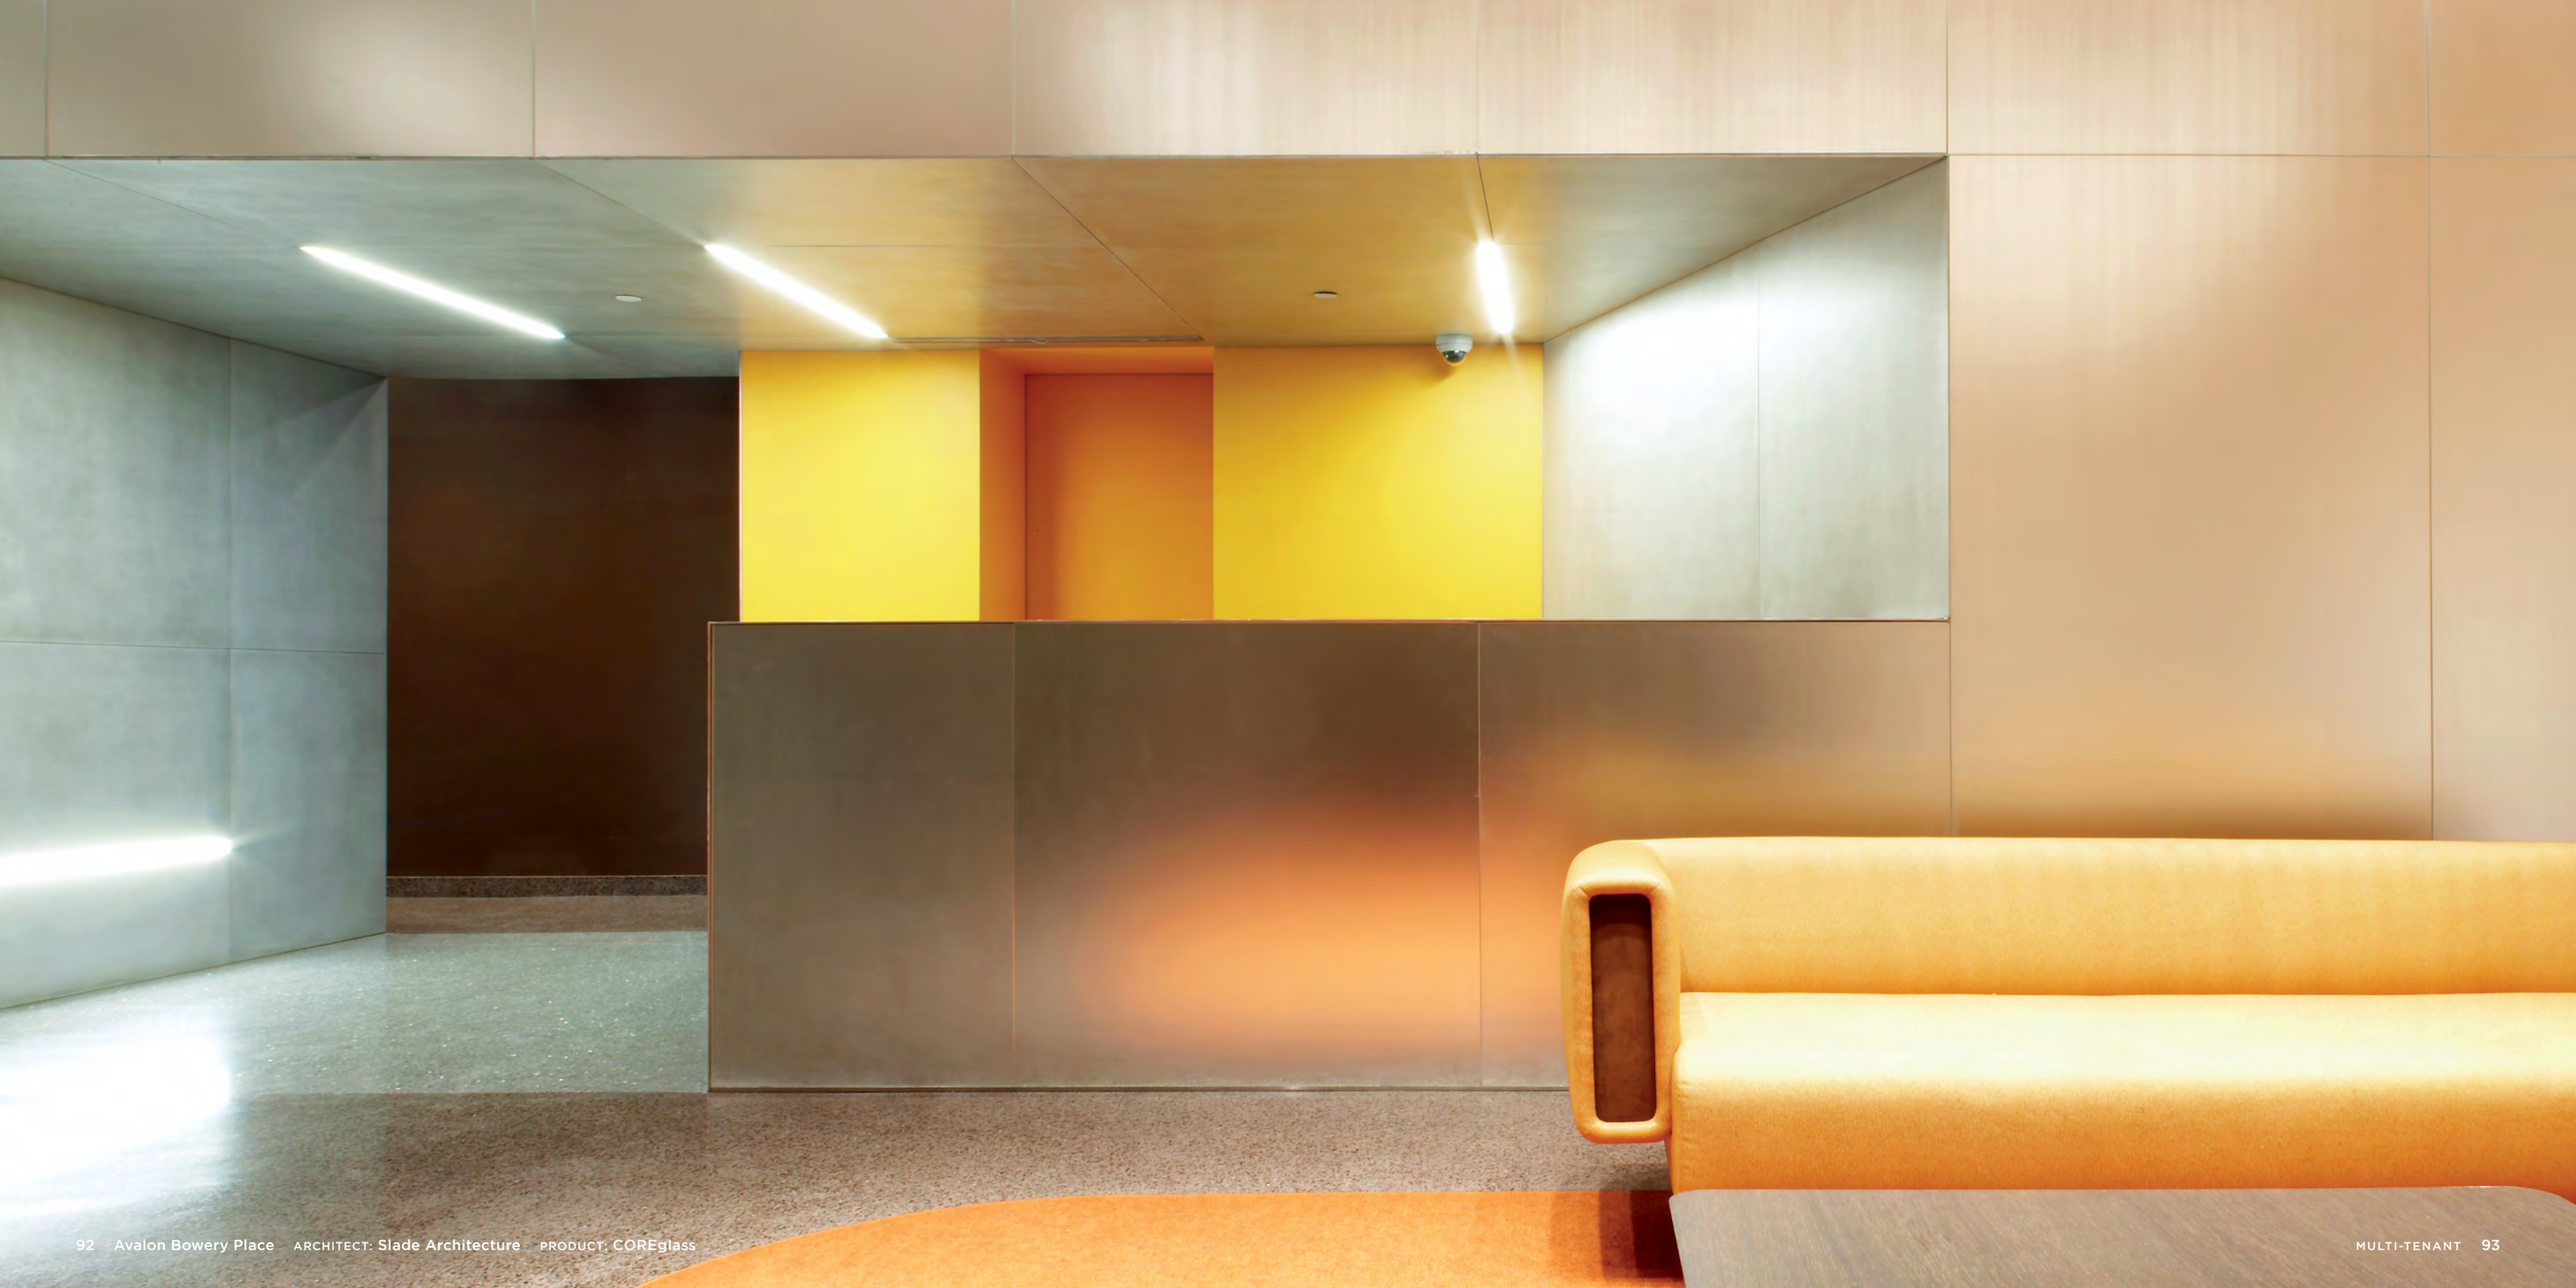

CARVART understands that multi-tenant projects have unique schedules that require project-specific phasing during construction and production. We are sensitive to project time lines and details that can have impact. We work with customers to craft a specific schedule to ensure their deadlines are met.

Lockers

CARVART glassLOCKERS provide personal storage as facilities have shifted to a minimal approach. Designed to project a higher-end image and functionality, CARVART glassLOCKERS come in a wide range of configurations and are crafted as durable casework able to withstand years of use. CARVART glassLOCKERS have become the standard of choice in many corporate, hospitality and health club facilities.

Modern environments demand style and functionality. We deliver curated products with a designer’s touch, creating inspiring spaces characterized by versatility of materials and visual dynamism.

Glass Railings

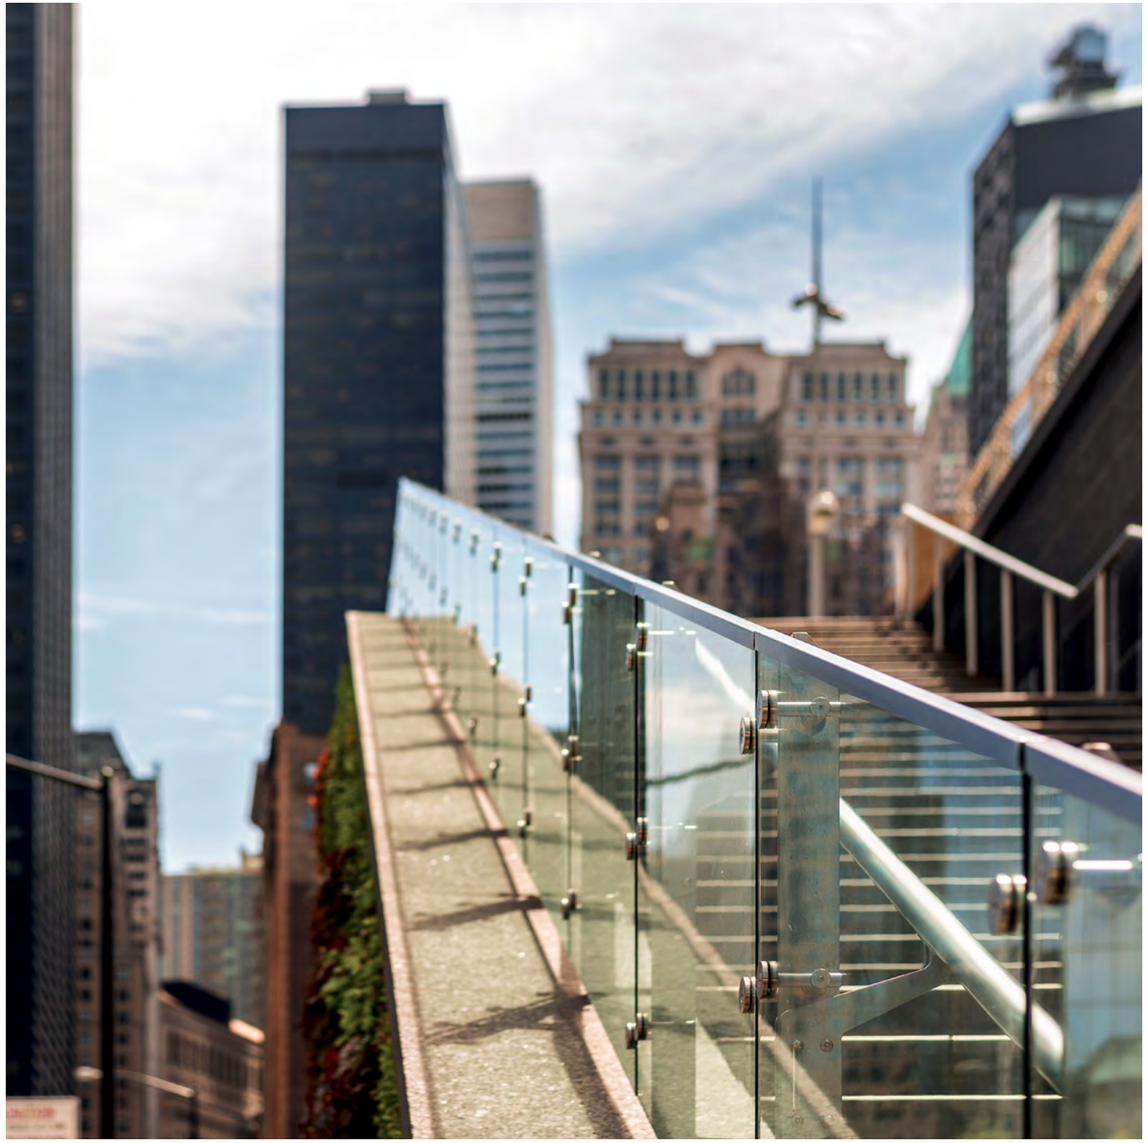

CARVART offers an innovative selection of modern, exceptionally crafted and engineered railing systems. With an array of specification options, CARVART glassRAILINGS can integrate seamlessly into nearly every facility's design plan. glassRAILINGS are consistent with designers' visions, easy to maintain and well perceived throughout their life cycle.

CARVART systems provide exceptional panel alignment and structural integrity. glassRAILINGS are delivered inclusive of hardware, glass, comprehensive engineering and final coordination services. Simple to install and maintain, glassRAILINGS blend fluidly into every facility plan.

Glass Boards

CARVART offers glassBOARDS for endless applications including collaboration areas, classrooms, independent workspaces, executive offices, conference rooms, and more. Available in a variety of size and color, CARVART glassBOARDS can blend effortlessly with other products throughout the facility when designed as part of an overarching interior glass plan.
