

Flooret.

A BETTER WAY TO BUY FLOORS

WWW.FLOORET.COM

AC6 Durability Rating

The highest recognized grade in flooring.

FloorScore Certified

Safe for your indoor air quality.

SPC Core

Lighter and far less brittle than porcelain tiles. This stable core can withstand extreme temperatures and run long distances.

EIR Texture

Texture matches the print, adding more realism.

Enhanced Bevels

Bevels add more definition to each tile.

Pre-Attached Underlayment

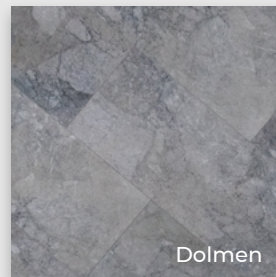

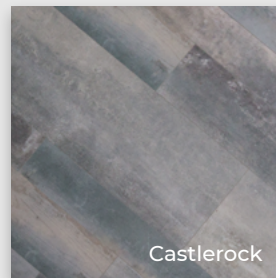

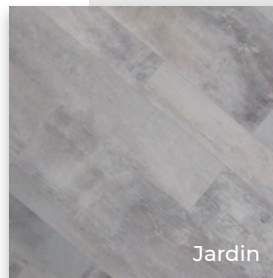

Quieter, softer, more insulated floor that also helps mitigate minor subfloor imperfections.

Low Repetition

Reduced overall pattern repetition.

Waterproof

No amount of moisture will harm these tiles.

Warranty

Basalt

Deep tones of charcoal and ebony with flecks of warmth. This volcanic-inspired style adds an air of intrigue and a sense of luxuriousness to any room.

Why Flooret?

Direct Pricing Without the Middleman

When you buy directly from us, you avoid costly markups from importers, distributors, and showrooms. This means better floors, for less.

Industry-Leading Products

Higher durability ratings, lighter and warmer tiles, more unique designs. Our model allows us to bring cutting-edge specs to the market months, and even years, before the local showroom.

\$199 Nationwide Shipping

Our network of warehouses and thousands of local terminals ensure fast, friendly delivery coast to coast.

45-Day Return Policy

Open a box and change your mind? It happens. For the cost of return shipping, we will take back your order, no questions asked.

Dedicated Customer Support

Our experienced team is here to help you pick colors, to answer technical questions, and to coordinate the shipping and installation of your floor.

DIY Friendly

Our click installation collections are easier to install than traditional tile products.

Recommended Installers

We'll help you find an installer if you need one!
