PRODUCT: Context Pillowed Mosaic in Metallic Black

Context

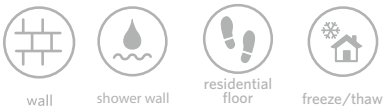

Context introduces an exceptionally modern option to our tile assortment. A uniform width of 1¾ inches comes in multiple length options. Sizes are perfectly coordinated to work together in a variety of patterns in both vertical and horizontal directions. The collection has a modern appeal, but is easily at home in a classic kitchen or bath.

1.75"x11" Field in Jasper

RECOMMENDED USE

- Suitable for all indoor wall applications including shower walls
- Suitable for light-duty flooring applications
- Outdoor use subject to method of installation
- Suitable in freeze/thaw conditions
- Suitable for submerged areas, such as pools or fountains, and require custom order with face mounting (with exception of Pillowed Mosaic)
- Metallic Black is not recommended for pools or fountains as the glaze may react to pool chemicals
- Please see Ann Sacks slip resistance and wet flooring application statement to determine usage in a wet area
- Elongated pieces may exhibit slight warpage which is most evident in offset installations

INSTALLATION AND MAINTENANCE

- Install per TCNA Handbook for ceramic tile
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- It is recommended to seal matte finish with a penetrating sealer before and after grouting
- For daily cleaning, use a soft sponge with diluted liquid dish soap, rinse with clean water. Metallic Black finish may show fingerprinting or oil related markings over time, the periodic use of Miracle Sealants Porcelain and Ceramic Tile Cleaner can be used to remove these markings, following manufacturers' directions carefully

GLASS

Lucian Metallic

Lucian Metallic

Our Lucian Metallic glass is offered in a fantastic palette of soft silver, warm bronze and pewter. The tiles create a texture and sheen that will make a statement in any installation.

6"x12" Field in Pewter

RECOMMENDED USE

- Suitable for all indoor wall applications
- Not suitable for use as flooring, or high temperature environments such as fireplace surrounds or saunas
- If using as backsplash behind cooktop, installation must be at least 10" from heat source and heat source must not be more than 1.5" in height. Glass should not maintain or exceed a temperature of 125 degrees Fahrenheit for more than 10 minutes
- Color may be slightly affected by UV radiation and heat — not recommended for installation in direct sunlight without UV window shades or films as color may be slightly affected with prolonged exposure

wall shower wall

INSTALLATION AND MAINTENANCE

- Install per TCNA Handbook for glass tile
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- To avoid cracking, always use a crack suppression membrane and make cuts using proper glass cutting equipment
- Due to transparent quality, use white thinset adhesive
- Always back butter to the edge of the tile to avoid gaps on the edges of the tile which will be evident after installation
- Use non-sanded grout for gloss finish to avoid scratching
- Clean with warm soapy water or PH neutral glass cleaner and soft cloth
- Chevron and Polygon Mosaics are slightly thinner and require floating during installation with other Lucian Metallic formats.

PRODUCT: Gem 8"x8" Field in Azure **DESIGNER:** Helen Bergin Interiors **PHOTOGRAPHY:** Jared Kuzia Photography

Gem by Kelly Wearstler

Gem by Kelly Wearstler features handcrafted designs that reflect the earthy beauty of encaustic tiles with the sophisticated nuance of simple, repeated patterns. The artful repose of the Gem designs captures the unexpected patterning and nonconformity found in nature in a soothing neutral palette of layered color and contrasting geometric relief.

8"x8" Elope Field in Oatmeal

RECOMMENDED USE

- Suitable for all indoor wall and flooring applications
- Outdoor use subject to climate and method of installation
- Exterior applications may experience some fading over time due to UV exposure — more obvious in dark colors
- Please see Ann Sacks slip resistance and flooring statement to determine usage in a wet area
- Caution recommended use in wet areas as exposure to water may cause efflorescence
- Caution recommended for use in kitchen and bathroom areas as finish may etch where acidic substances or cleaners are frequently used and may be susceptible to oil staining

INSTALLATION AND MAINTENANCE

- Install per manufacturer's installation instructions
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- It is recommended to seal with a penetrating sealer before and after grouting — recommended sealants are listed in installation instructions
- Use of pigmented grout is not recommended as it could stain light-colored areas
- Periodic cleaning and resealing is recommended using products formulated for concrete

PRODUCT: Guercif Mosaic in Grey Blend

Idris by Ait Manos

Made in Morocco by sixth- and seventh-generation mosaic artisans, the Idris collection is crafted to authentic detail. The art of mosaic in Morocco, called "Zillij," dates back many centuries. Handmade, hand-glazed and hand-cut terra cotta tile and mosaics are made with traditional and regional clays and glaze pigments.

4"x 4" in White Carrare
Designer: Tracy Hardenburg Designs, Photography: Pär Bengtsson

RECOMMENDED USE

- Suitable for indoor wall and light-duty flooring applications
- Outdoor use subject to climate and method of installation
- Suitable for use in wet areas such as showers, pools and fountains in high temperature climates only. Be advised, pool chemicals may etch glazes over time
- Please see Ann Sacks slip resistance and wet flooring application statement to determine usage in a wet area

INSTALLATION AND MAINTENANCE

- Install per industry standards for ceramic tile
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Always lay out material prior to installation pulling from multiple boxes to balance color
- Seal with a penetrating sealer before and after grouting, especially unglazed terra cotta

PRODUCT: Benton Braid Mosaic in Calacatta Borghini

Benton Mosaics

Classic designs produced by water jet technology characterize our Benton Mosaics collection. The highly versatile palette and transitional designs make this a fabulous addition to our mosaic offerings.

Clara in White Thassos/Nero Marquina

RECOMMENDED USE

- Suitable for all indoor wall and floor applications — mosaics containing shell are suitable for all indoor wall applications, but limited to light-use residential flooring as the shell may scratch
- Please see Ann Sacks slip resistance and wet flooring application statement to determine usage in a wet area
- Outdoor use subject to climate and method of installation — mosaics containing shell are not suitable for outdoor applications, wet areas, shower walls, submerged areas or directly over radiant heating systems

INSTALLATION AND MAINTENANCE

- Install per TCNA Handbook for stone mosaics
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- Sheeted repeat sections will fit together in an interlocking pattern
- Mosaics are mesh-mounted
- Can be installed using standard thinset application — white thinset is recommended for light or translucent stones

Eros Grey

Eros Grey is an altogether unique marble that displays incredible movement, appearing almost linear. This beautiful deep grey-to-black stone resonates with layers of complementary shades of grey and stark white markings and spider veins.

RECOMMENDED USE

- Suitable for indoor wall and flooring applications
- Outdoor use subject to climate and method of installation
- Please see Ann Sacks slip resistance and wet flooring application statement to determine usage in a wet area

INSTALLATION AND MAINTENANCE

- Install per TCNA Handbook for natural stone
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- It is recommended to seal natural stone with a penetrating sealer
- Periodic cleaning and resealing is recommended using products formulated for natural stone

Terrazzo Renata

Terrazzo Renata is our modern re-interpretation of a traditional Italian style. Its compilation of various sized flakes, grains and chips of precious marbles create a stunning graphic design for interiors.

RECOMMENDED USE

- Suitable for all indoor wall and flooring applications
- Please see Ann Sacks slip resistance and wet flooring application statement to determine usage in a wet area
- Outdoor use subject to climate and method of installation

INSTALLATION AND MAINTENANCE

- Install per manufacturer's instructions
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- It is recommended to seal natural stone with a penetrating sealer
- Periodic cleaning and resealing is recommended when using product formulated for natural stone. Please reference the manufacturer's maintenance recommendations for chemicals to avoid
- The use of acidic or highly alkaline detergents can damage the surface of the marble — please reference the manufacturer's maintenance recommendations for chemicals to avoid

eco-thinking

Terrazzo Renata Black and White contains 28% pre-consumer recycled content and are LEED v4 certified

White Thassos

White Thassos is a pure white marble with the brilliant crystalline color of refined sugar. Taking its name from the Greek island where it has been quarried since ancient times, it is fresh and timeless. Suitable for traditional and contemporary design projects alike, this classic offers a bright and airy aesthetic.

3"x6" Field

RECOMMENDED USE

- Suitable for all indoor wall and medium-duty flooring applications
- Outdoor wall use subject to method of installation — material not affected by freeze/thaw conditions
- High traffic areas may require additional care and cleaning
- Please see Ann Sacks slip resistance and wet flooring application statement to determine usage in a wet area

INSTALLATION AND MAINTENANCE

- Install per TCNA Handbook for natural stone
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- Due to the crystalline structure of this stone, we recommend using a glass blade, used for cutting glass tile
- As some white marbles have been known to yellow when they come in contact with epoxy, we advise against installing this marble with epoxy grout and/or adhesives, or cleaning with epoxy removing cleaners in order to eliminate the potential for yellow discoloration
- Due to its transparent quality and pure white coloration, we suggest using white thinset and selecting a grout color carefully
- It is recommended to seal natural stone with a penetrating sealer
- Periodic cleaning and resealing is recommended using products formulated for natural stone

INSTALLATION AND MAINTENANCE

- Using an epoxy-based adhesive or polyurethane glue is recommended
- Always inspect material prior to installation — installed material cannot be accepted for return or credit
- Always lay out material prior to installation to properly blend and balance color
- Install trim pieces without spacers — grouting is not required
- It is recommended to immediately remove grouting residue from the trim pieces using a non-abrasive sponge and gentle cleaning products — this will prevent grout from hardening and the consequent need for acidic cleaning products
- Avoid harsh, acid-based cleaning products as they will damage the surface
