THE STORY OF BOLON 100% MADE IN SWEDEN

Bolon (est. 1949) - A third-generation family-owned Swedish design company and the creator of woven vinyl flooring. Bolon products are trend-setting with a distinct focus on innovation, quality and sustainability.

The designs deliver the beauty of a woven textile with the benefits of resilient flooring – long life cycles and ease of installation and maintenance. Furthermore, the Bolon product portfolio encompasses an infinite range of design possibilities, suitable for commercial flooring applications, wallcoverings and area rugs.

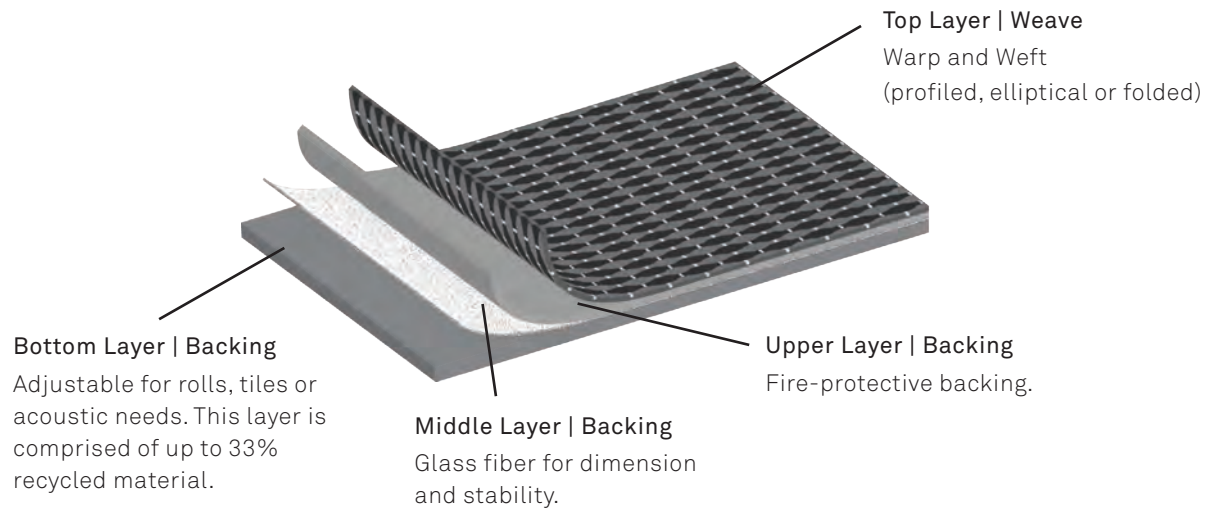

Headquartered and manufactured in Ulricehamn, a town in the heart of West Sweden's textile region, Bolon continues to be the world's leader in woven vinyl flooring and is globally represented and distributed through sales partnerships that ensure consistent and reliable product deliveries. Bolon North American operations are headquartered in New York, New York, with inventory held and managed in Georgia.

bo/lon

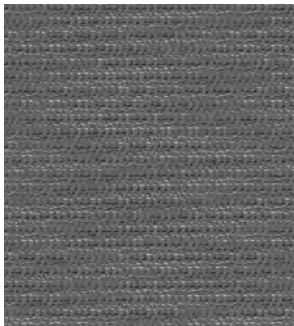

a combination of the first and last letters of the Swedish words for cotton (bomull) and nylon

PRODUCT BREAKDOWN

Warp and Weft = the two sets of thread that are woven together to produce Bolon material

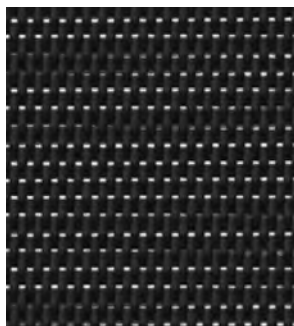

Profiled Yarn

Classification 33

Textile feel and structure

- Artisan
- Create
- Elements
- Silence
- Bolon by Missoni
- Bolon by You

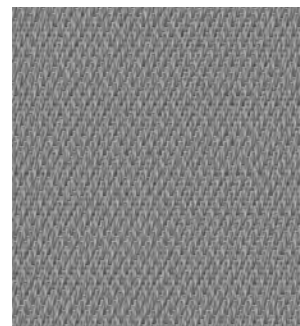

Elliptical Yarn

Classification 33

Flatter, more even weave

- Graphic
- Bolon by Jean Nouvel

Folded Yarn

Classification 32

Textile feel and structure

- BKB
- Botanic
- Ethnic
- Flow
- Now

THE PERFORMANCE BEHIND THE AESTHETIC

Durable, sustainably produced, and easy to care for.

Waterproof

The backing fused to Bolon material is impervious to liquid, resulting in a waterproof and rot-proof product.

Non-Slip

The woven structure of Bolon flooring is naturally non-slip, making it appropriate for public areas exposed to heavy foot traffic.

Indoor / Outdoor

Bolon material is suitable for both indoor and controlled outdoor use, maintaining its color and structure when exposed to natural weather elements.

Low Maintenance

Everyday cleaning can be done with a vacuum, mop and neutral detergent in diluted warm water. Bolon products feature a compact yarn and weaving structure with no exposed fibers, resulting in fewer places for dirt and debris to hide.

Durability

The European Standard 685 has classified Bolon products as 32 and 33 - suitable for heavy commercial traffic. Bolon offers a 10 to 15 year warranty on its material when maintained according to Bolon CARE+ guidelines.

Sustainability

Bolon owns and operates an on-site recycling plant, implements geothermal cooling practices, and produces all material free of phthalates. The material itself is 100% fully recyclable with environmental certifications including GreenTag, BREEAM, EPD and Floorscore, which can contribute to higher LEED ratings.

Hypoallergenic

Bolon material is hypoallergenic with low VOC emissions, so it contributes positively to indoor air quality.

Comfort

Bolon flooring provides comfort underfoot and has antistatic properties to protect against unpleasant shocks.

Thermal Insulation

Bolon flooring offers warmth for greater energy savings.

Quality Assurance

Every one of Bolon's collections are developed, designed and manufactured in Sweden, without any exceptions. This allows Bolon to control every product put to market.

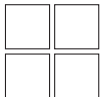

PRICING

Standard Collections

Prices are stated in US Dollars and exclude all shipping costs and applicable taxes. Prices are current as of January 01, 2018. For more information regarding available products and services, contact your Bolon Sales Representative or visit bolon.com/us.

IMPORTANT INFORMATION ABOUT THIS COLLECTION

- Created in collaboration with Pritzker Prize-winning French architect Jean Nouvel, the Bolon by Jean Nouvel Collection is the result of two years of innovative product development. Patterned with lines of varying thicknesses, this collection offers contemporary style and a strong architectural presence. The flooring can be laid vertically, horizontally or at a diagonal to windows, emulating sunlight through glass.
- Durability classification 33 - heavy commercial
- 15-year warranty
- Elliptical yarn
- Textile feel and structure

IMPORTANT INFORMATION ABOUT THIS COLLECTION

- A collection of fashion-inspired woven vinyl flooring. With a three-step, interactive design tool and tailored production process, Bolon by You encourages architects and designers to create flooring that reflects specific project demands.
- Rolls are available in 7 patterns, tiles are available in 4 patterns
- Tiles can be rotated 90 degrees to create a three-dimensional effect
- Minimum material order requirement per design (pattern / colorway): 540 sq. ft. = 1 full roll or 10 tile boxes
- A mix of tiles in one pattern and several color combinations requires a minimum purchase of 540 sq. ft. in each
- Durability classification 33 - heavy commercial
- 15-year warranty
- Profiled yarn
- Textile feel and structure
- Patterns introduced in 2018: Calm

ELEMENTS

(1 of 2)

Bolon Compete

The Bolon Compete Program has been developed specifically for open area applications that require the beauty and acoustical benefits of a woven textile and the performance of a resilient floor, while meeting budgetary constraints. Competitive pricing is available for projects of all sizes.

IMPORTANT INFORMATION ABOUT THIS COLLECTION

- Elements features a balanced aesthetic, drawing inspiration from nature. With its neutral base colors and Scandinavian feel, the simple versatility of Elements makes it an exceptional backdrop for diverse interiors.
- Durability classification 33 - heavy commercial
- 15-year warranty
- Profiled yarn
- Textile feel and structure

IMPORTANT INFORMATION ABOUT TILES WITH ACOUSTIC BACKING

- Acoustic backing provides the following:
 - Sound insulation
 - Additional bounce / comfort underfoot
- Tiles are packaged 12 tiles/box (32 sq. ft.)
- IIC (Impact Isolation Class) Rating: 52
- ISI (Impact Sound Insulation): 17 dB
- Monolithic and custom pattern laying options

PRICING

Accessories

Prices are stated in US Dollars and exclude all shipping costs and applicable taxes. Prices are current as of January 01, 2018. For more information regarding available products and services, contact your Bolon Sales Representative or visit bolon.com/us.

UNDERLAYMENTS

UNDERFLOOR 1.4MM SL	size (roll)	cost / sq. ft. (\$)
	4'-9" x 41'	2.20
	4'-9" x 82'	1.60

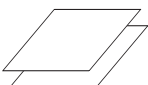

Product Description: Specially-coated moisture-barrier sheet underlay with fiberglass reinforcement.

Product Features: Prevents moisture from passing through to the floor foundation, maintains stability of floor covering, and makes flooring updates easier.

UNDERFLOOR 4 MM MC	size (roll)	cost / sq. ft. (\$)
	4'-9" x 41'	2.70
	4'-9" x 82'	2.10

Product Description: Specially-coated PVC moisture-barrier sheet underlay with fiberglass reinforcement.

Product Features: For installation over existing floors or to create a floating floor over subfloors with moisture challenges. Sound-absorbing Underfloor MC exceeds the Uniform Building Code (UBC) minimum required IIC level for multi-family buildings.

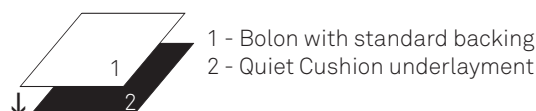

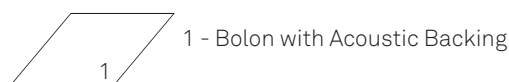

QUIET CUSHION 4MM	size (roll)	cost / sq. ft. (\$)
	6'-7" x 34'-5"	3.00
	6'-7" x 68'-10"	2.40

Product Description: PVC underlayment for sound absorption. Sold in half roll or full roll sizes.

For roll or tile orders exceeding 4,000 sq. ft., Acoustic Backing is available at an additional material cost of \$1.50 per sq. ft.

Acoustic Backing is incorporated during the manufacturing process and adhered to the top weave layer of Bolon materials. Quiet Cushion is an additional layer placed underneath Bolon material with standard backing, typically resulting in higher installation costs.

Acoustic Backing vs. Quiet Cushion

ADHESIVES

MI 1000 ADHESIVE	quantity (gal.)	coverage (sq. ft.)	cost (\$)
	1	150	47.00
	4	600	162.00

Product Description: A premium acrylic adhesive that combines excellent performance with environmental safety. MI 1000 can be used either as a wet-set or semi-dry adhesive, depending upon the porosity of substrate. It is non-flammable, non-hazardous and water-resistant providing a strong, long lasting bond designed for the installation of specific Bolon products.

Coverage: Approximately 150-175 sq.ft./gallon. Will vary depending on substrate porosity.

Important Information: Moisture testing should be performed using the ATSM F2170 Standard Test Method.

COLD WELD	quantity (gal.)	coverage (sq. ft.)	cost (\$)
	5	200	57.00

Product Description: A transparent, chemical welding fluid.

Coverage: Approximately 200 linear ft./tube

SUCCESS TAPE	size (inches)	cost (\$)
	39" x 82'	336.00

Product Description: Use for adhering rubber and vinyl-backed matting to carpet or hard surfaces.

Feature: Will not leave residue.

ADHESIVES

BOLON NOGLUE® DISPENSER

cost (\$)

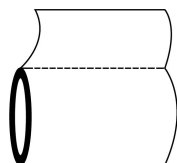

360.00

Product Description: Dispenser for Bolon NoGlue® System.

Coverage: One-time purchase. Can be re-used for future projects.

BOLON NOGLUE® TAPE ROLL

cost (\$)

58.00

Product Description: Tape adhesive for Bolon NoGlue® System.

Coverage: 240 sq. ft.

BOLON NOGLUE® SYSTEM

Product Description: Bolon NoGlue® is a tape adhesive system that allows Bolon tiles and planks to be easily and sustainably installed, removed, re-installed or recycled. Since NoGlue® offers simple wall-to-wall installation and removal, it provides an opportunity for future recycling of post-consumer waste, enabling Bolon to offer a true cradle to cradle life-cycle. This combination of versatility, flexibility, and sustainability makes NoGlue® a groundbreaking product, taking the company's sustainability efforts a step further.

BOLON
FOR RECYCLING

BOLON GREEN

Sustainable Products

INITIATIVES

We are committed to creating products that respect the environment.

Bolon operates its own on-site recycling plant, enabling us to create recycled material from waste and use the recycled content in our products.

This investment is the latest in a long line of proactive steps designed to reduce the environmental impact of Bolon products and manufacturing processes.

Bolon is committed to producing eco-friendly products through:

1. Exceeding legislative demands
2. Utilizing renewable energy in our production processes
3. Purchasing practices
4. Eliminating the use of hazardous substances from our materials
5. Product recycling
6. Recovering energy from non-recyclable products
7. Anticipating future legislation

100% Made in Sweden

Along with the obvious environmental benefits in terms of transport and logistics, this allows us to have full control over production processes.

No Added Phthalates

On our own initiative, and after a long consultation process with industry experts, we have phased out the use of phthalates from all of our collections.

High-Quality Raw Materials

We only source and use modern, safe, high-quality PVC – without exception.

Waste and Spill Monitoring

We consistently monitor our waste and spill performance and are mindful of water and energy consumption.

Eco-friendly Maintenance

Bolon products can be cared for with eco-friendly, neutral cleaning agents and hold all current Product and Process Certifications.

Geothermal Cooling

We only use locally drawn groundwater for cooling purposes. Our entire factory, warehouse, offices and every machine they contain are water-cooled.

Advanced Filter System

The backing process our flooring goes through produces fumes. To manage this, we have installed a filter cleaning system that removes 98% of fumes.

CERTIFICATIONS

INDOOR AIR

Floorscore contributes to a higher LEED rating. Bolon is certified for indoor air quality (emissions).

M1 indicates low emissions. The classification sets emission requirements for building materials used in ordinary work spaces and residences and indicates good indoor air quality.

OTHER

Our product content declarations are registered with the flooring industry central database in Sweden.

All of our collections are listed in the healthy materials database, a requirement for being specified in Google's buildings.

Our product meets CE labeling requirements as specified in CPD directives for safety, health and environment.

BYGGVARUBEDÖMNINGEN

A voluntary system for conveying environmental information about building products. The assessment gave us the highest rating - recommended.

HEALTH

BASTA indicates that our flooring accelerates the phasing out of dangerous substances from construction products.

PROCESS

ISO 9001 and 14001 indicate that our quality and environmental control system for processes fulfills international standards.

COLLABORATIONS

We are a member of the Swedish Flooring Industry recycling and waste management program.

LIFE CYCLE ANALYSIS FOR RAW MATERIAL

Ernst and Young has certified Bolon as conforming with Best Practice PVC environmental guidelines. Bolon's PVC suppliers have been assessed for production to the highest environmental standards.

LIFE CYCLE ANALYSIS FOR FLOORING

We have an A+ to A BREEAM rating, the worlds' foremost environmental assessment method.

Our Greentag rating covers social responsibility, product eco-friendly composition, VOC emissions and durability.

EPD®

An Environmental Product Declaration (EPD) evaluates the way a product affects the environment throughout its entire life cycle.

Bolon Tile; Botanic Kale, Viola, Thyme

BOLON CARE+

Care and Maintenance

MANUAL CLEANING + STAIN REMOVAL

Bolon is an advanced product. However, taking care of it is a surprisingly simple process, requiring a vacuum cleaner, scrub brush, water and all-purpose cleaner.

Regular Cleaning

- Start by vacuum cleaning.
- Use a scrub brush, warm water and all-purpose cleaner with a pH of 7-8.5.
- Suck up the water with a wet vacuum cleaner or dry with soft cloth/micro-fiber cloth.

To Zero

- Start by vacuum cleaning.
- Remove any difficult stains (see Stain Removal).
- Use a scrub brush, warm water and alkaline all-purpose cleaner with a pH of 9-11.
- Scrub the floor and leave to work for 5-10 minutes.
- Scrub the floor again and rinse with clean water.
- Suck up the water with a wet vacuum cleaner or dry with soft cloth/micro-fiber cloth.

Stain Removal

- It is best if the stain is treated immediately.
- Check that the stain remover can be used on vinyl flooring.
- Use a scrub brush and rinse with water.

Stain

Clean With

Chocolate, fat, juice, cream, coffee, beer, wine	Hot water with strong cleaner
Asphalt, oil, shoe cream, chalk, ink	Chemically pure petrol
Blood	Cold water - ammonia if needed
Rust	Light acidic (pH 3-4) cleaner
Water-based glue	Hot water
Solvent-based glue	Chemically pure petrol
Marks from shoes	Rub with dry cloth
Chewing gum	Hot steam or freeze spray

Classification 33: Artisan, Create, Elements, Graphic, Silence, Bolon by Jean Nouvel, Bolon by Missoni, Bolon by You

These woven vinyl flooring collections feature a textured surface. They have all been designed for the contract market and are suitable for heavy commercial applications, with a 15-year material warranty.

TERMS + CONDITIONS

TERMS + CONDITIONS

These terms and conditions supersede all previous selling policies.
Prices and product offerings are subject to change without prior notice.

Terms of Sale

Please check your order acknowledgment for accuracy as any changes must be reported immediately. Our acknowledgment overrides all purchase order information. Unless otherwise agreed upon, our payment terms are one hundred percent; (50%) deposit and (50%) prior to shipment. There will be a service charge for all returned (NSF) checks. Applicable state sales taxes are charged based on 'Ship To' destination. If Purchaser claims an exemption, a resale or tax exempt certificate is required prior to order placement.

Lead Times

Products that are in inventory in Calhoun, GA have a lead-time of 1-2 weeks. Made to order products that ship from Sweden will have varied lead times. Please refer to the lead time provided within the sales order or call customer service for more information.

Delivery and Freight

Shipments are FOB Calhoun, GA, USA or Ulricehamn, Sweden. Risk of loss passes to the Purchaser at the time of delivery to the carrier. MI Studios is not responsible for damages to product in shipment or storage.

Warranty

All goods are sold with a limited warranty of 10 years for classification 32 products and 15 years for classification 33 products from the date of shipment against manufacturing defects. For purposes of this warranty, manufacturing defects do not include normal wear, user modifications, acts or omissions of persons other than MI Studios.

Should any failure to conform to this limited warranty appear during the warranty period from the date of shipment, MI Studios shall, upon prompt written notice, repair or replace, at its option and cost, the affected products. The express warranties contained herein are in lieu of all other warranties, expressed or implied, including any warranties of merchantability and fitness for a particular purpose and all other warranties arising from course of dealing or usage of trade.

The remedies provided above are the Purchaser's sole remedies for any failure of MI Studios to comply with its obligations regarding the manufacturing of Bolon products. Correction of any nonconformity in the manner and for the period of time provided shall constitute fulfillment of all liabilities of MI Studios, with respect to or arising out of the product furnished hereunder. Purchaser's remedies set forth herein are exclusive and the liability of MI Studios with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the product or part on which such liability is based.

Returns

Bolon is considered a custom-designed, specialty product and as such cannot be returned.

Cancellations

Orders may be canceled within 24 hours of order placement. Custom orders cannot be canceled once the manufacturing process has commenced. Stock items (tile or full roll products) canceled after shipping will be subject to a 30% restocking fee and any applicable freight charges. Cut or portions of rolls cannot be canceled once a cut has been made.

Damaged Goods & Shortages

All orders should be counted and inspected prior to acceptance. Any damages or shortages must be documented on the POD (Proof of Delivery). In accordance with ICC regulations, the consignee is responsible for filing claims with the freight carrier. Contact the carrier immediately to file a claim and schedule an inspection. Keep your original packaging and photograph the damaged goods whenever possible.

Maintenance

For general maintenance, Bolon products should be vacuumed and spot cleaned daily to remove general debris. If soiling should occur, please reference our Care and Maintenance Guide.
