BOLON STUDIO™ – BEAUTY COMES IN MANY FORMS

Designed for diverse areas, Bolon Studio Tiles optimise the creative potential of our flooring. Their aesthetic versatility allows architects and interior designers to devise more specific solutions for their projects.

BOLON STUDIO™

Bolon Studio™ are a 'weave on demand' item. In other words, we never have them in stock as they are created on demand for specific projects. They are supplied in the forms – Deco, Hexagon, Rectangle, Scale, Triangle, Wing and Wave.

Within the range, both strict graphic forms and softer, more organic shapes are featured. Together with innovative use of our selected collections, this wide spectrum of forms allows for the creation of a huge diversity of interiors. Furthermore, mixing and matching patterns and experimenting with different laying styles can also lead to unique and visually exciting results.

INSTALLATION:

1. The material should reach room temperature prior to installation.
2. Make sure the subfloor is leveled before installation.
For best result $\pm 2\text{mm}/2\text{m}$ and $\pm 1,0\text{mm}/0,25\text{m}$ or better is recommended.
3. Made of woven vinyl with roll backing. Always use permanent adhesive.
4. The box contains tiles with short and long weft. Separation should be done prior to the installation.
