

Resonate + Capture

MODULAR

Fresh
design.
Flexible
service.

Good design is never a compromise.

In a time marked by experiential design, professional and welcoming spaces have become the new business card. Resonate and Capture allow small businesses to quickly update offices and waiting areas with fresh new designs that make a memorable first impression. Both complementary patterns are offered in eight colorways and three standard tile sizes, with QuickShip convenience available for both styles in 9" x 36" planks with ER3® backing only.

The industry's first closed-loop carpet.

In the mid-1990s, Tarkett developed the industry's first closed-loop recycling process and equipment, turning old vinyl carpet backings into new ones. The result was ER3® Modular, with a backing made from up to 67% recycled content. Through the ReStart® program, we've received old flooring from across North America and produced more than 62 million square yards of ER3 Modular tile, diverting this material from landfill. ER3 is NSF 140 Gold certified and is fully recyclable into new carpet products.

Overcome
what lies
beneath.

ethos® modular with omnicoat technology™

Don't lose time and money on challenging substrate issues—ethos® Modular with Omnicoat Technology™ eliminates installation problems before they happen. Its breakthrough, proprietary coating creates a chemical barrier that works on any adverse flooring substrate—from green and chemically abated concrete to old adhesives. And as long as there's no evidence of standing liquids or moisture staining, ethos eliminates the need for moisture, pH and MVER testing when installed with TarkettTAPETM. The ethos backing option is available as an upgrade on Resonate and Capture products.

Great spaces. One surface at a time.

Coordinated to work together visually across platforms, the Tarkett Solution SPECtrum™ helps you develop a flooring platform for the specific needs of every space and budget.

Our portfolio of products are designed to work together functionally and aesthetically, creating more productive workspaces that maximize return on investment. Without compromise.

Doing Good. Together.

At Tarkett North America, we believe that together, we can make a positive impact on people and the planet. That’s why we’re Doing Good—Together, connecting our sustainability efforts with what our customers value and our world needs. It’s an active, living commitment to create a future where people and the planet prosper in balance. Where sustainable flooring solutions don’t just perform. They inspire.

Resonate and Capture include Tarkett’s new Eco-Ensure™ soil protection technology, a fluorine-free chemistry based on a mixture of common organic elements found in the natural environment: carbon, hydrogen, oxygen, sodium, sulfur and nitrogen. Eco-Ensure has received the Cradle to Cradle® Product Innovation Institute’s Platinum Level Material Health Certificate, and is now used on all Tarkett-branded soft surface products.

DESIGNING FOR LIFE

Developing products based on *Cradle to Cradle*® principles that contribute to people friendly spaces AND respect the planet’s natural capital.

CLOSING THE LOOP

Building a circular economy inclusive of programs and business models that encourage take back, reuse, recycling and elimination of waste.

DRIVING COLLABORATION

Inviting others to join us in Doing Good through education, collaboration, transparency and communication.

CONSTRUCTION OPTIONS

Through our ReStart® program, we ensure 100% of the flooring and samples returned are recycled or reused, guaranteed.

MODULAR	Backing Systems	Lifetime Limited Warranty	Rollability	100% Closed-Loop Recyclable	Installation	Recycled Content
	ER3®	●	Excellent	●	Direct Glue Peel & Stick	●
	ethos®	●	Excellent	●	TarkettTAPE™ Direct Glue	●
	Flex-Aire™	●	Good	●	TarkettTAPE Peel & Stick Direct Glue	●

Rollability is the ability to move (or roll) pieces of furniture such as chairs or beds on flooring

ReStart® includes Tarkett’s third-party certified reclamation and recycling program that reclaims and recycles post consumer flooring, installation waste, samples and portfolios. To initiate ReStart, contact customer service at 800.248.2878.

ethos® Modular + Omnicoat Technology™
Overcome what lies beneath. Don’t lose time and money on challenging substrate issues—ethos® Modular with Omnicoat Technology™ eliminates installation problems before they happen. Its breakthrough, proprietary coating creates a chemical barrier that works on any adverse flooring substrate—from green and chemically abated concrete to old adhesives. And as long as there’s no evidence of standing liquids or staining, ethos eliminates the need for moisture, pH and MVER testing when installed with TarkettTAPE™.
