Karndean Designflooring and the Environment

Environmental Product Declaration

We have a third-party Environmental Product Declaration (EPD) for each of our gluedown product ranges and our Karndean LooseLay collection. The EPDs detail the production materials and process, and our commitment to environmental and social practices throughout the product life cycle.

Leadership in Energy and Environmental Design

All Karndean Designflooring products qualify for LEED® v4 points. Our Designflooring products can enable project teams to earn credits for the LEED Certification of New Construction (NC), Home (H) or Existing Buildings (EB).

The table below describes the applicable credit criteria.

LEED System	Applicable Category and LEED Credit Name
NC	EQ4.3, Low Emitting Materials – Flooring Systems
EB	MR3, Sustainable Purchasing – Facility Alterations
H	MR2, Environmentally Preferable Products

Additional environmental criteria:

- Our flooring and adhesives meet the strict indoor air quality emissions standard of **FloorScore®** by carrying a low Volatile Organic Compounds (VOC) test certificate and meeting the “for use with Children and Schools” standard, specifically **LEED Credit 4.3** and **CAL1350**.
- Our products are manufactured in factories certified to the **ISO 14001** environmental standard and **ISO 9001** quality standard.
- Our products are composed of virgin vinyl and are **phthalate-free**.
- Our packaging is made using **recycled material**, which we continually review to ensure that it is environmentally friendly and fit for purpose.
- We support transparency and responsible product selection as part of the **mindful MATERIALS** initiative.

Ongoing Efforts

Our goal is to remain the leading supplier of luxury vinyl and to have a market-leading environmental record of achievement through the development of sustainable products and processes.

Manufactured to ISO 9001

The Value of Designflooring in Commercial Environments

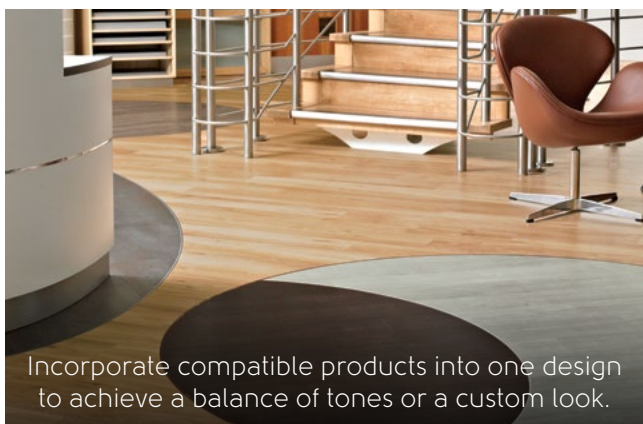

In an industry where you're accustomed to designing around the restraints of hardwood, tile and other hard surface flooring, Karndean Designflooring luxury vinyl offers you the freedom to design without limitations. Enjoy the possibilities of Designflooring while sticking to your budget and timeline.

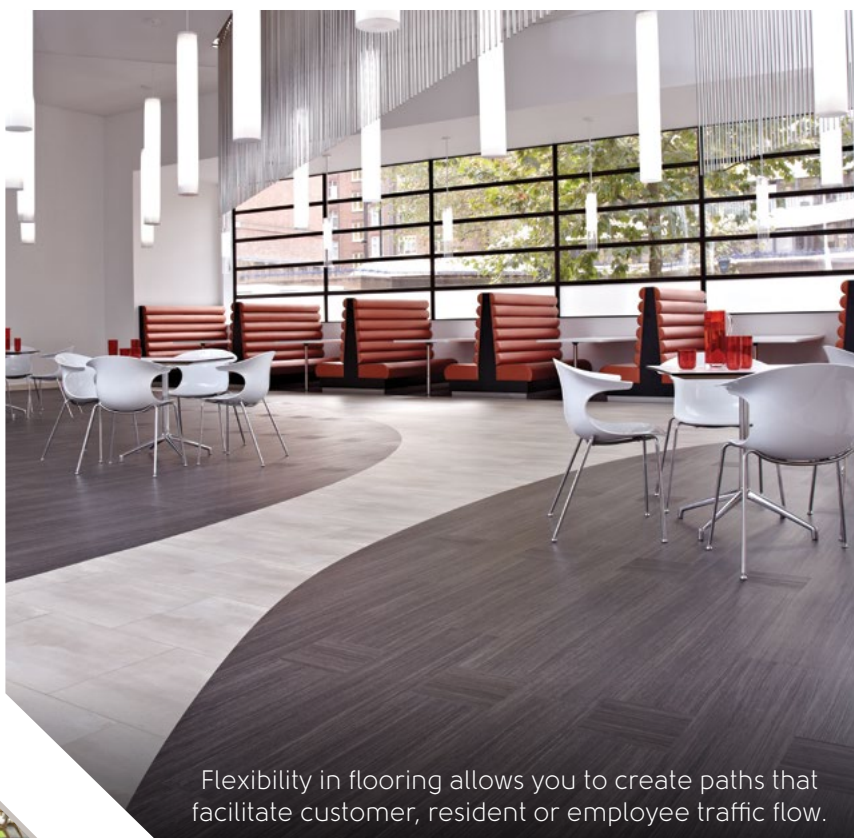

Easily highlight key areas and displays or separate front and back of house areas by mixing products or incorporating design components.

Multi-directional planks and tiles can be laid in a variety of patterns.

Incorporate compatible products into one design to achieve a balance of tones or a custom look.

Flexibility in flooring allows you to create paths that facilitate customer, resident or employee traffic flow.

Compare products and lay patterns, download CAD files and request samples using our Floorstyle digital tool at www.karndean.com/digital.
