Novelty Classic

If ever there was a moment for pattern, this is it. It's the must-have look - from style icons making patterned dresses their signature to interior designers and homeowners alike embracing the fun and fanciful look of pattern – and even pattern-on-pattern.

Our new Novelty Classic Collection of glossy ceramic wall tiles is perfect for creating the richness of a layered interior with a modern twist. Beautifully edited down to a sleek, chic capsule collection by their designer, noted American tile artist Anamarie Kis and manufactured exclusively by Country Floors, there are three patterns, each in three colorways, ready to create a lasting impression in any room. There's Leaf, sinuous ginkgo leaf shapes woven into a seamless lattice, Twisted, a revelatory spiral flourish connected by a swish and a wave that somehow add up to something almost geometric and finally Diamonds, a whimsically interpretive update of antique quilting patterns in which a cluster of diamond shapes can conjure wheels, blossoms or starbursts.

We can't wait to see the novel ways in which you will use Novelty. Suitable for interior vertical applications, our ceramic tiles are durable and easy to care for with a very low absorption rate for easy cleaning and fast drying in wet areas. Ask a Country Floors expert anything, we're excited to help you make your project awesome.
