FORESTREE

ClassicWood™ is our premium grade of natural wood veneers used for our finest wood projects. It is available in more than 200 veneer species, including domestics, exotics, and burls. CraftWood is real wood you can trust with the inherent functional and aesthetic benefits of high quality wood products.

Friendly Forest™ is our reconstituted wood veneer line. It is composed exclusively from rapidly-renewable trees and designed to simulate the appearance of nature's most beautiful tree species, including pine, oak, ash, birch, chestnut, maple, cottonwood, and bamboo. This line offers the beauty, authenticity, and durability of real wood grain at a value that is intelligent and economical.

SPECIFICATIONS
