# Trim & Finishes

Our Trim & Finishes collection encompasses everything you need to add a polished look to your installation. Explore our vast collection of handcrafted liners, moldings, bullnose, and glazed edges to easily transition your installation from surface to surface. *This collection is priced per piece. Please contact your Rookwood Sales Representative for more information.*

## Bullnose Edge Options

A bullnose edge adds a rounded finish to the edge of a tile and is used in installations to transition to another material on a wall, around corners, inside corners, and more. The dark grey edges in the examples below indicate where a bullnose edge can be applied. The below example shows a 3x6 tile. *Many more sizes and shapes are available, ask your Rookwood Sales Representative for more information.*

## Glazed Edge Options

A glazed edge brings your selected color to the edge of a tile and is used in installations to transition to another material on a wall, around corners, inside corners and more. The dark grey edges in the examples below indicate where a glazed edge can be applied. *Ask your Rookwood Sales Representative for more information on glazed edges.*
