ONE
ORNAMENTAL

A NEW DIMENSION IN FLOORING

REINTERPRETING HISTORICAL DESIGN.

Aspecta One Ornamental combines attractive basic patterns in authentic wood and stone effects with three different overlay structures in fascinating designs. Inspired by nature, antique ornamentation and elegant textiles, the collection is ideal for creating effective floor designs that perfectly balance old and new in harmony – for rooms that are full of character and atmosphere.

MASQUERADE

Large medallion-esque patterns entice and intrigue the eye in fresh, surprising ways. Paired with a bold or neutral base, MASQUERADE will appear as either a positive overprint for a painted impression or a negative overprint that creates the hard-edge effect of carving.

MASQUERADE
MIDTOWN

MASQUERADE MIDTOWN / MIDTOWN

These authentic, rough concrete styles feature traces of the production process including wood imprints, drying pores and slight chalk efflorescence. Neutral, earthy tones provide the perfect backdrop for the captivating MASQUERADE overprint.

MALTA

Intricate and exotic, MALTA was born out of the Moorish design influence which features ornate details and elements of nature. Coupled with the beauty of natural woodgrains, MALTA works well in vintage, mid-century, and contemporary settings.

MALTA
SHIPWRIGHT

MALTA SHIPWRIGHT / SHIPWRIGHT

First, we reinvented Oak by paying homage to its natural imperfections along with the cutting and planing marks. Next, we introduced it to our MALTA overlay. The result is a delight for the senses.

EMBOSS

Discover Aspecta® One Ornamental's beautiful collection of in-register and specialty-design Wood embosses. The Tile collection boasts an exclusive embossing technique - Textured Concrete.

BARNSIDE - The relief-like surface image of Barnside reflects natural aged wooden planks and gives rustic wood interiors a truly authentic finish.

IN-REGISTER SHIPWRIGHT - This beautiful oak is straight-grown and virtually knotless, with only slight imperfections as well as cutting and planing marks reflected in its surface.

SAWCUT - Unplaned and unpolished, Sawcut is construction timber cut directly from tree trunks, with sawing marks and sawdust intact. This gives this wood unmatched character and authenticity.

TEXTURED CONCRETE - With its rough texture, this freshly dried industrial concrete shows traces of the preparation process, such as drying pores and the beat trace of smoothing tools. Perfect for adding an industrial feel to any setting.
