Continuous Improvement

For more than 50 years, we've been combining design innovation with the highest-quality manufacturing. Amtico Signature continues to push the boundaries, to help you achieve original.

TWO HERITAGES

Amtico's core of products are designed in Britain, made in the USA. Each part of our heritage is proud, uniting to form agile service and a sustainable supply chain.

Why choose Amtico Signature?

Three reasons why Amtico is the ultimate creative partner.

1 **US Manufacturing Excellence**

Every Amtico Signature floor is made to order by our expert teams in Madison, GA. We are proud to be manufactured in the USA. This means our team can work together to push the boundaries of flooring by experimenting with products and techniques, sharing skills and expertise. Collaborating to create products that are both beautiful and technically excellent. Products you can trust because they are made with pride.

2 **Design Innovation**

Because we constantly analyze commercial design trends and specifier feedback, we can develop useable flooring designs that will ignite your imagination and meet the ever-shifting challenges of your segment.

3 **Experienced Service and Support**

At every stage of our collaboration, we speak your language. From product selection to on-site installation and maintenance advice, a dedicated specialist with experience in your segment will make sure your project runs smoothly.

Making an Impact, Just Not on the Environment

We've built our name pioneering innovative manufacturing and design solutions for modern spaces, and a sustainable business practice supports that. As industry leaders, it's natural that we would set the standard for continuous product efficiency, waste reduction and material innovation.

You can see how we're revolutionizing our working practices and challenging the industry norm at:

manningtoncommercial.com/sustainability/transparency

Product Innovations

Embrace Perfect Imperfections

Our Treated Grains celebrate the unique qualities of timber through the process of hand working color and texture into the grain, resulting in a range of colorful tones and contemporary wood finishes.

Products range from monochromatic, weathered pines, to color-stained and revived timbers, with variations designed to be mixed and contrasted.

See page 32 for the new Treated Grains products.

5 Designs

18 Products

Discover Unrefined Beauty

Rustic Grains' honest features and pronounced textures evoke the tactile nature of salvaged, reclaimed woods.

From the defined brushy grain of time-worn timber to the man-made marks of cross-sawn wood, Rustic Grains bring a sense of movement and authenticity, with hand-worked designs crafted to achieve luxurious simplicity.

The impact of these palettes comes from the seemingly endless natural grain variations and a raw organic weightiness.

We've added the new Rustic Grains to our existing Wood offering.

See Color Differently

Amtico's in-house designers have poured all of their knowledge and skill into creating and designing these 18 products which will change the way you see, experience and ultimately use color.

The broad spectrum of tones perform beautifully as part of a pattern, as subtle accents or flooded across a floor. Three different designs add depth and variety to the colorways, from aged plaster and subtle watercolors, to more architectural tonal shades.

The carefully curated interaction between the infinite color and texture combinations will redefine your vision of color.

See pages 44-49 for the new products.

INSPIRING POSSIBILITY

An extraordinary range of products, palettes and patterns that give you the design choices to realize your creative vision.

NEW STONES

Channel a Future Classic

Tempus is a hybrid design that explores the creative space between ceramic and stone.

Its six colorways are inspired by the beautiful flaws of stone – capturing the essence of time passing through earth's organic processes. Cool, calm, almost soothing, Tempus is a new architectural material and a perfect choice for clean, simple interiors.

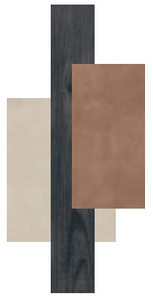

See page 42 for the Tempus products.

Begin

Three Ways to Achieve Original.

Begin with Product

The Signature Collection begins on page 18

Discover the unlimited possibilities in Signature's extensive product range. Let the variety of tones and textures inspire your scheme.

Begin with Pattern

For laying pattern inspiration start at page 54

Explore our ever-evolving range of unique laying patterns. Personalize them with your own product combinations.

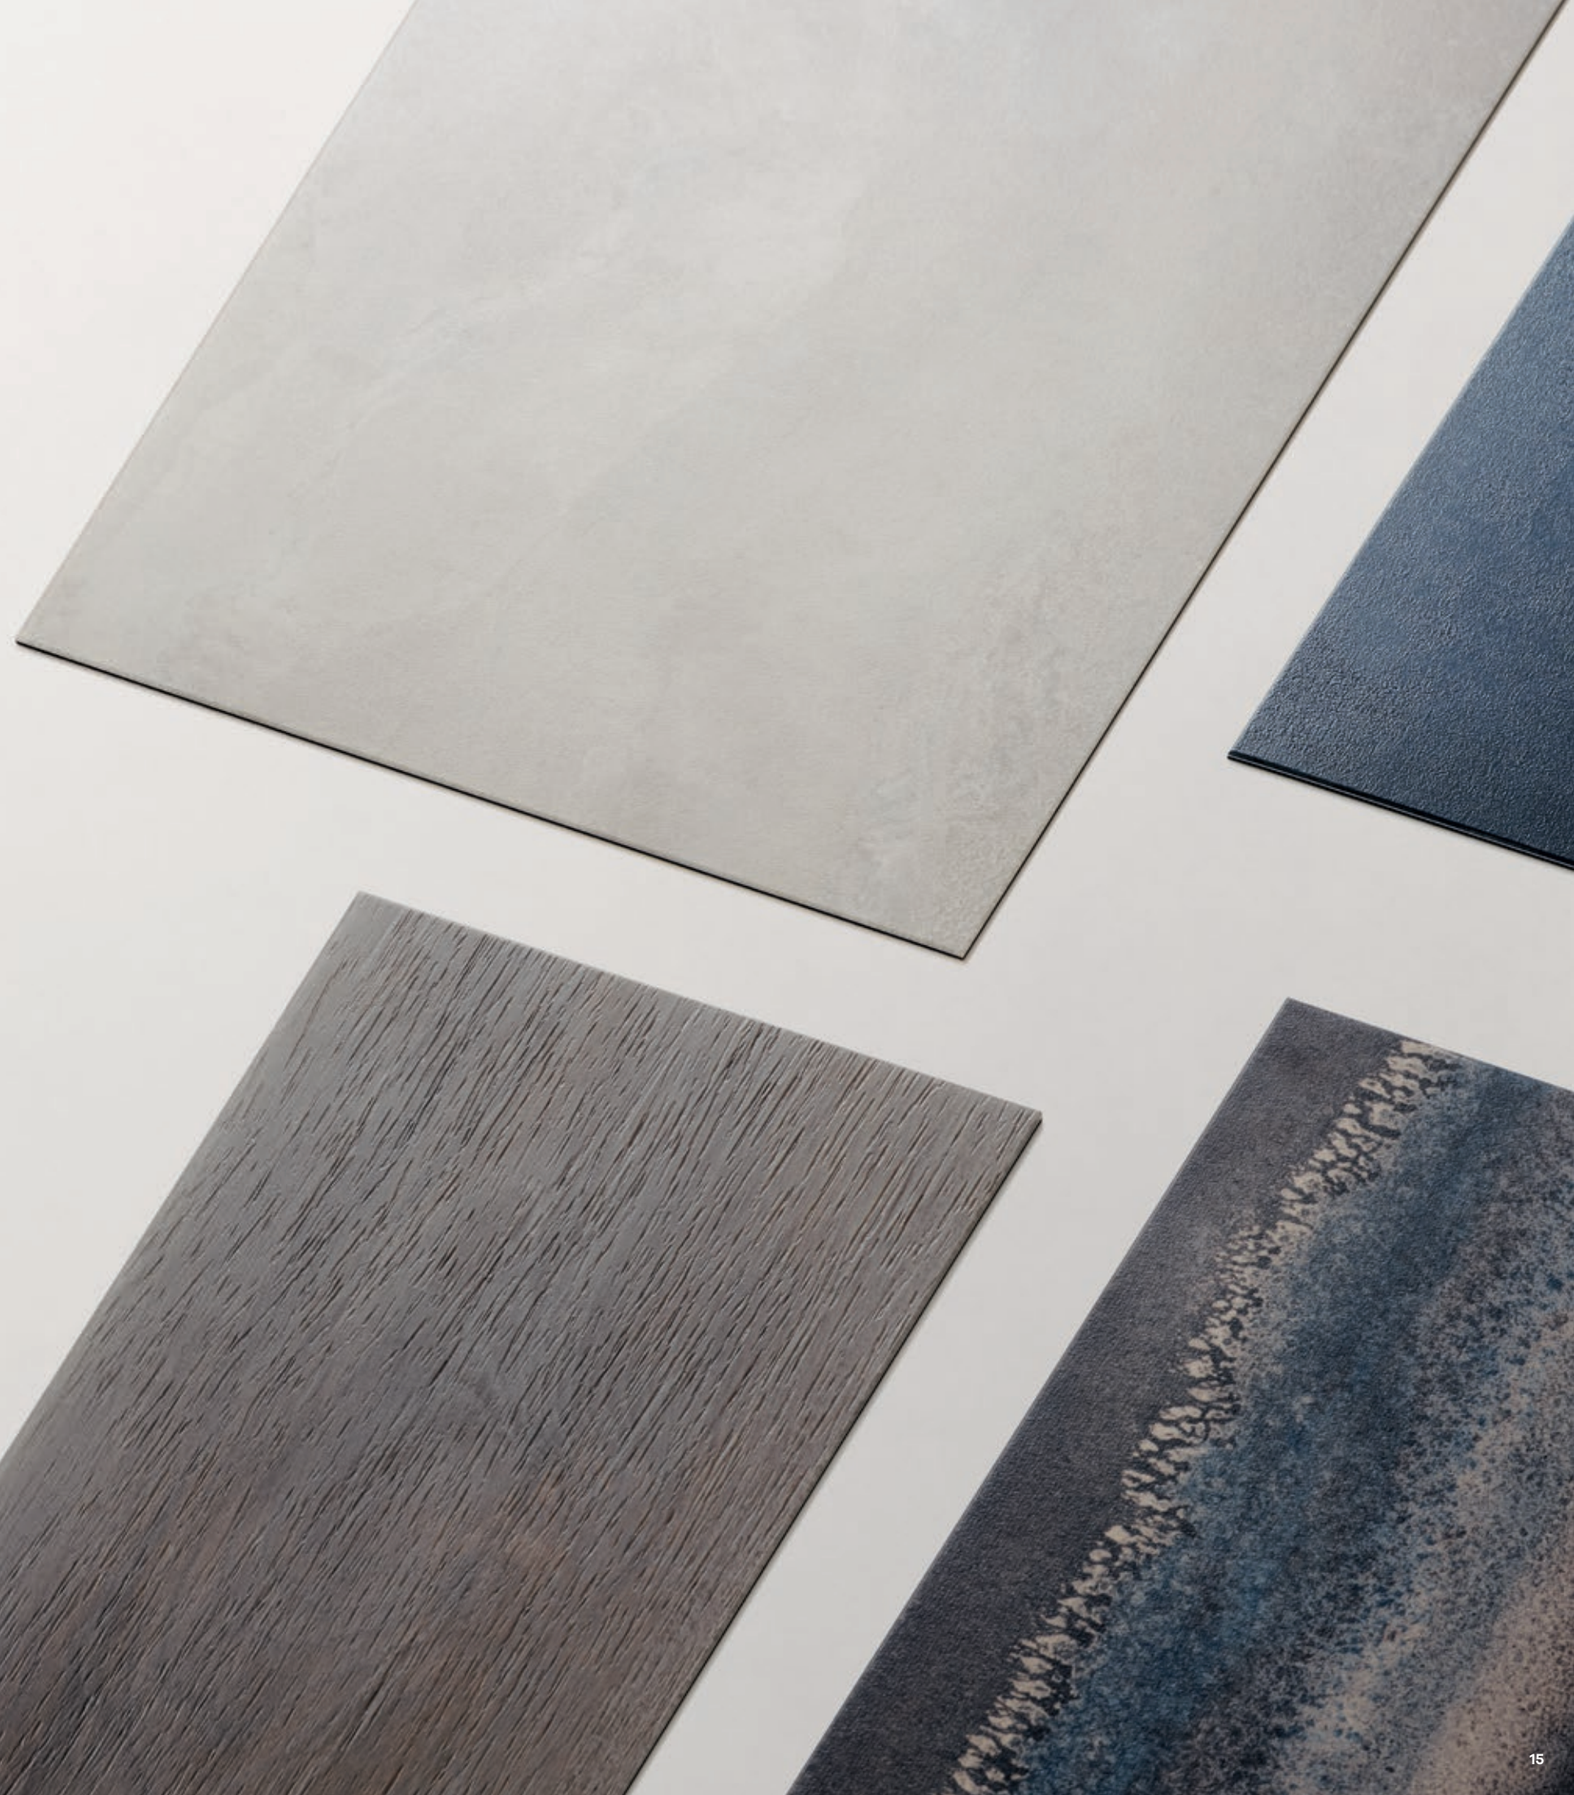

Begin with Your Imagination

Learn more about bespoke design from page 204

Create completely bespoke flooring in collaboration with our passionate experts. Drawing on over 50 years of manufacturing expertise, Amtico has the technical ability to follow wherever your imagination leads.

Begin with Product

Explore Amtico Signature's products. Let your imagination be fired by our natural feeling Woods, Stones and Abstracts. And then allow the colors, textures and finishes to guide you to the perfect floor.

Choose any of our Signature planks and tiles in a single color and size to create a floor with simple elegance. Or design your own combinations of colors and sizes to make something that will deliver real impact.

Classic or contemporary. Bold or understated. Traditional or daring.
Ever beautiful, the Amtico Signature Collection offers easy to specify options for creating memorable flooring and lasting performance.

Specify Performance

A. Quantum Guard Elite®
Amtico's urethane with aluminum oxide formula provides superior durability and resistance against scratching, abrasions and stains.

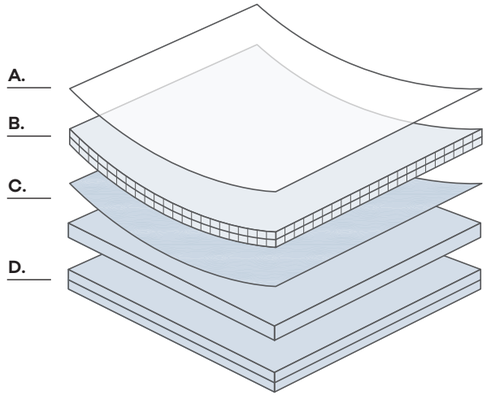

B. Superior 40 mil Wear Layer
Toughened upper layers provide industry leading performance and high clarity, allowing the product designs to shine through.

C. Design Layers
Carefully crafted print layers create the richly detailed designs unique to the Amtico Signature Collection.

D. Backing Layers
The foundation of the product which provides long-lasting stability.

E. Warranty
Limited 25-Year Product & Wear Warranty

QUANTUM GUARD® *elite*

1. Choose Your Product
- 163 Products to choose from - 72 woods, 32 stones and 59 abstracts

2. Choose Your Size
- Select from our unmatched offering of running line sizes available without a minimum. Utilize the product availability chart for easy selection.

3. Choose Your Edge
- All patterns available in beveled or unbeveled options without a minimum.

4. Choose Your Emboss
- Many woods are available with multiple emboss options as noted in the availability chart. Want more emboss options? For a small minimum, alternate emboss options are available for all our Amtico Signature styles.

5. Choose Your Pattern
- Want to set your project apart? Choose from any of our Signature Laying Patterns or Choice Layouts for a unique and personalized space.
- Custom designs are also available.

6. Choose the Right Solution
- Transitioning your Amtico Signature floor to carpet? Use Fusion Rubber Transition Strips. Quick to install, Fusion Strips create a subtle transition with minimal visual interruption.
- Moisture challenges? Choose from a complete offering of adhesive solutions crafted for high-moisture conditions.
- Available with QuickStix® pre-applied adhesive, reducing time and labor required to install the flooring. QuickStix® floors can be used immediately after installation, even in extreme moisture areas.

AROD1840.3 Arrow – Tempus Echo, Tempus Embrace, Tempus Restore

Arrow

Number of Sizes Available

1

A striking and confident pattern, Arrow brings directionality to any space – offering a vehicle for subtlety in monochrome, and for expressive design when used with color mixes.

Arrow

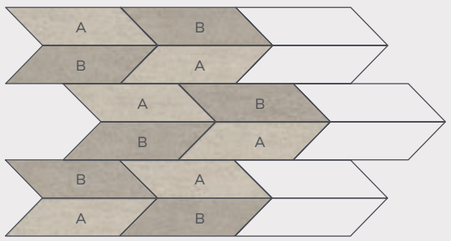

Arrow's strength is that it enables you to embrace linear pattern and grain. Applied to spaces which support wayfinding and direction – corridors, open floors, breakout spaces – Arrow offers energy and freedom of design.

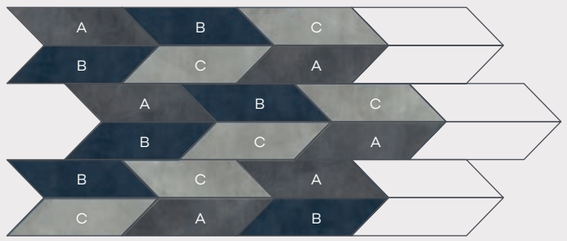

Explore our Signature product range and try different combinations in the Arrow wireframes below.

AR0D37101 Cubist – Ink Wash Wood

Cubist

Number of Sizes Available

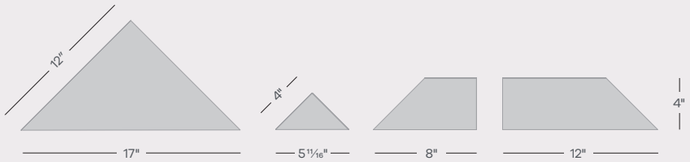

1

A fresh take on classical geometry, this smaller-scale design combines intricate detail with asymmetrical interest to create a timeless yet contemporary feel.

Cubist

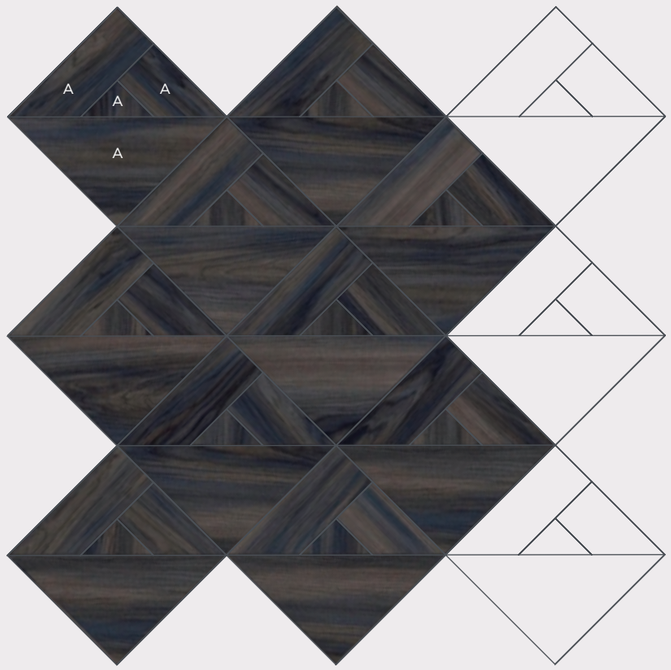

Cubist is all about subtle depth through tonal combinations. The mitred triangular pattern echoes the tradition of wooden parquetry and encaustic tiles.

Choose your Signature products and tailor Cubist to your scheme by arranging them in the wireframe below.

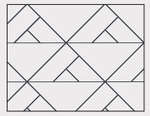

SIZES: 12" x 12" (305 x 305 mm)
12" x 4" (305 x 102 mm)
4" x 8" (102 x 203 mm)

AROD9100.4 Edge – Stucco Indigo, Stucco Clay, Tempus Echo, Stucco Quartz

Edge

Number of Sizes Available

1

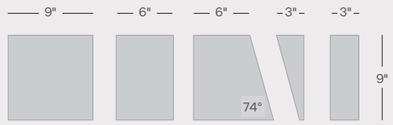

With a simple, surprising geometry, Edge was created to be bold. This pattern nods to modern ceramic interior trends and is designed for strong color combinations.

Edge

A bold, highly useable pattern which has been cleverly designed to be laid in simple 9" x 9" modules, positioning colors together to create extended angular shapes.

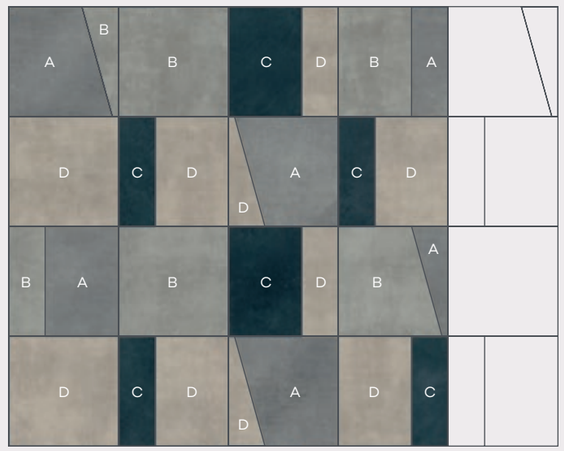

Edge works well in contemporary stones, bringing a fashionable feel to modern spaces and hospitality schemes.

Pick your perfect Signature products for Edge and arrange them using the wireframe below.

SIZE: 9" x 9" module (229 x 229 mm)

AROD9200L1S Frame Large – Tempus Embrace with Stripping

Frame

Number of Sizes Available

2

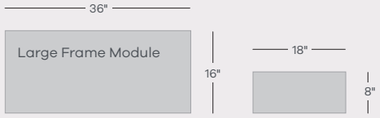

Modern and architectural, Frame is a contemporary take on a familiar flagstone. This balanced mid-scale pattern offers new opportunities for designing big spaces.

Frame

With echoes of Mondrian, Frame is influenced by the trend for blocks and grids in modern architecture and interiors. Use for zoning large open spaces where the floor needs to remain the focus.

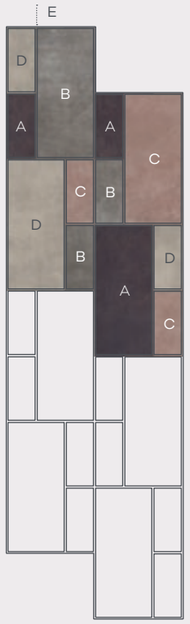

Stripping is essential to the pattern's geometry, giving a defining grid effect or a more natural grout-like finish, depending on the product selected.

Create your perfect Frame pattern with Signature product combinations and arrange them using the wireframes below

AR0D3700.1 French Weave – Galleon Oak

French Weave

Number of Sizes Available

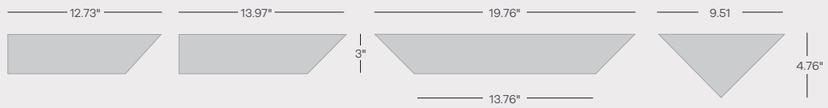

1

From a foundation of parquetry, we've adapted classic wood floor geometry for modern day use. Both elegant and robust, French Weave is a crafted, woven pattern with the strength and balance for large spaces.

French Weave

French Weave works particularly well in characterful wood grains. The strength and symmetry of the individual squares leads the eye to a secondary pattern which expands into larger spaces. French Weave also makes an off-beat choice for cosy bars when paired with a dark rustic wood.

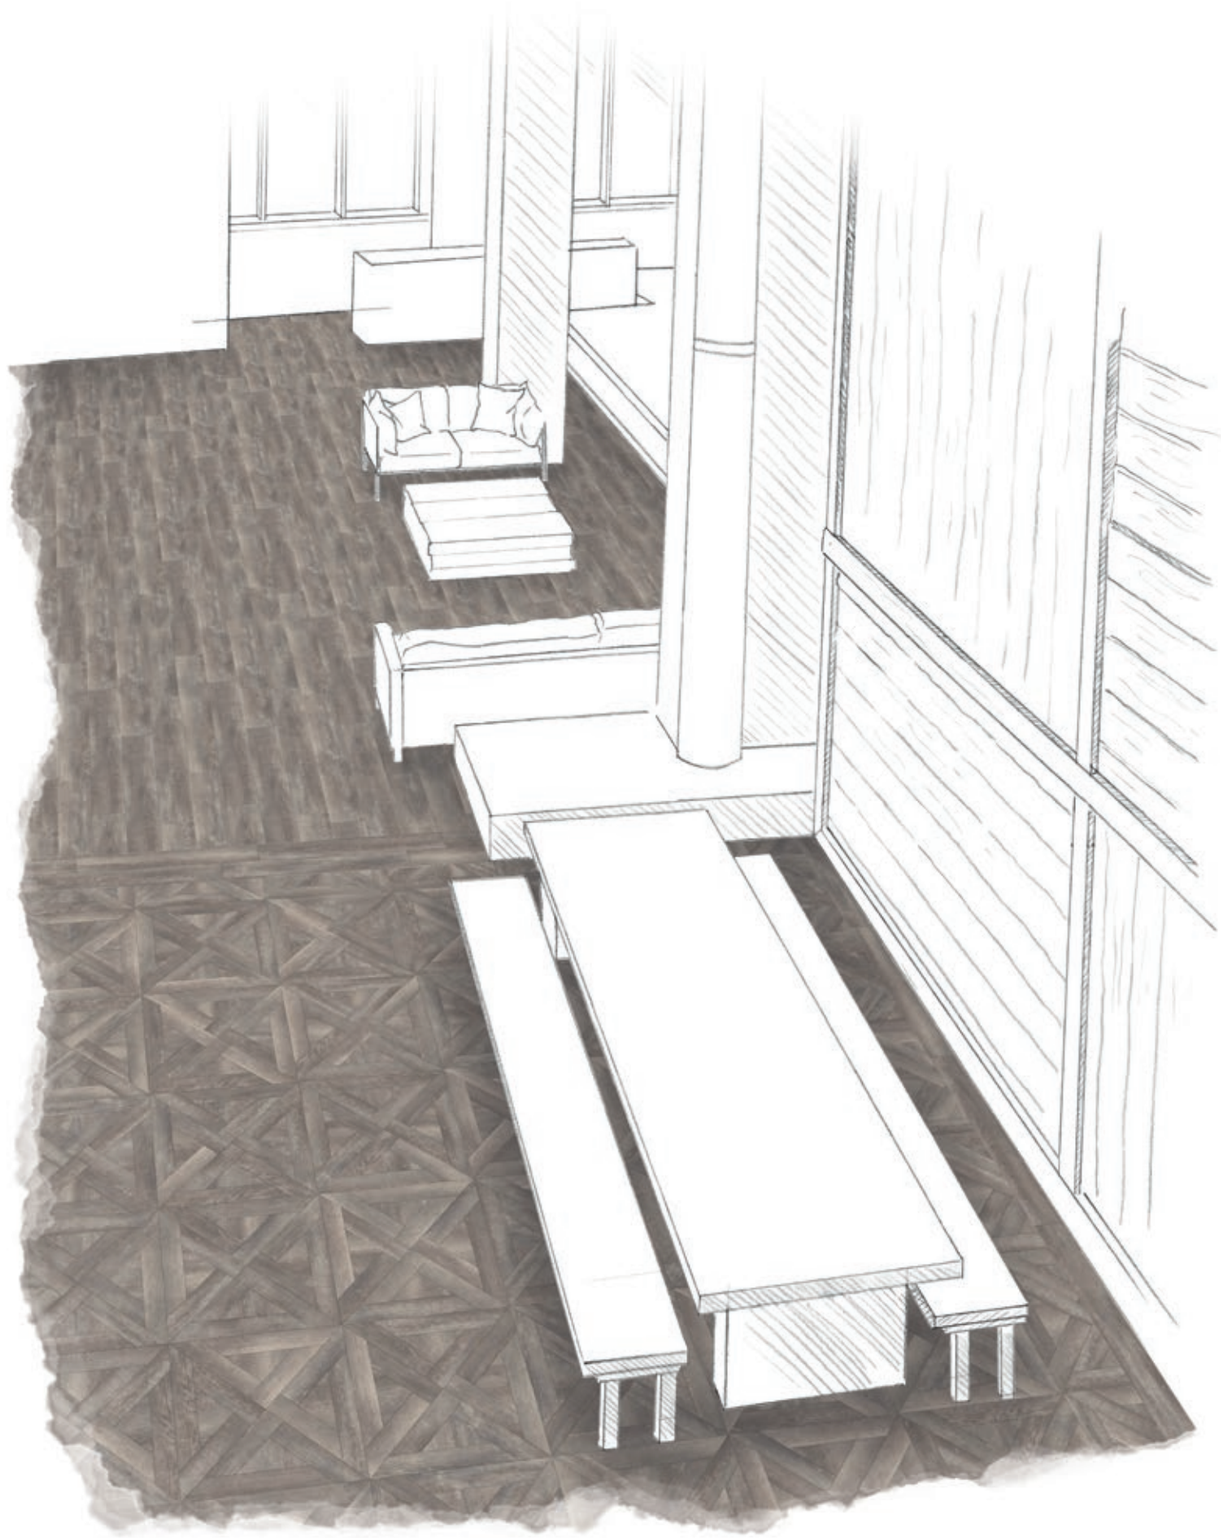

Create your perfect French Weave with Signature product combinations and arrange them using the wireframe below.

SIZE: 24" x 24" (609.6 x 609.6 mm)

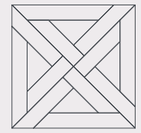

1 Product
Code: AR0D3700.1

AR0D1520.2 Staggered Block Repeat – Tempus Soothe, Tempus Embrace

Staggered Block Repeat

Number of Sizes Available

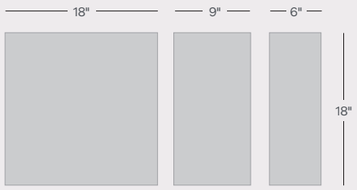

1

Panoramic and architectural, Staggered Block Repeat is a large-scale pattern designed to shine in big spaces. It’s confident and defined, creating a seamless backdrop.

Staggered Block Repeat

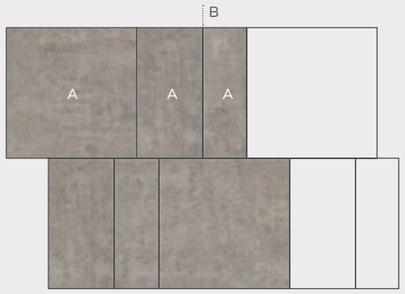

The varying tile sizes in Staggered Block Repeat help to create subtle beauty on a large scale. Use ceramic and marble style products to create a blank canvas ideal for vast commercial spaces, and introduce contrasting stripping for added impact.

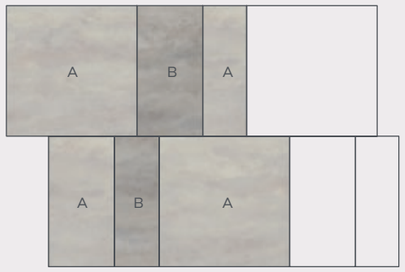

Choose your Signature products and tailor Staggered Block Repeat to your scheme by arranging them in the wireframes below.

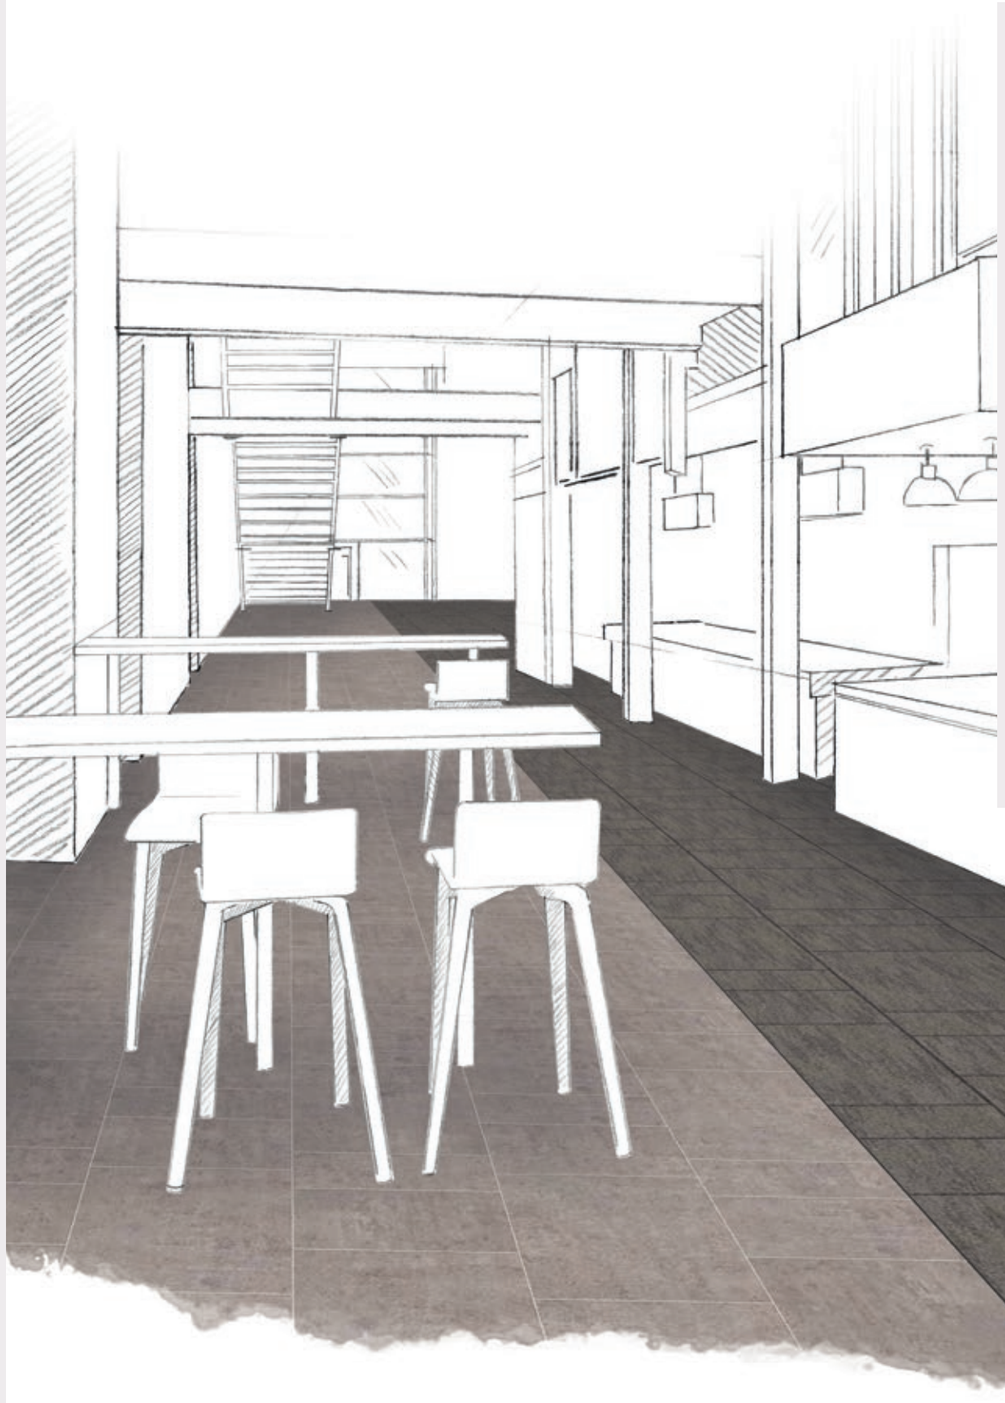

SIZES: 18" x 18" (457 x 457 mm)
9" x 18" (229 x 457 mm)
6" x 18" (152 x 457 mm)

AROD1300.2 Woven – Tempus Echo, Tempus Soothe

Woven

Number of Sizes Available

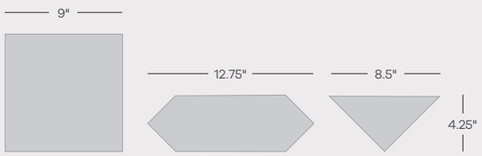

1

Woven is a contemporary take on traditional ceramics and marquetry. The subtle twisted weave brings together mixed materials for a modern, abstracted look.

Woven

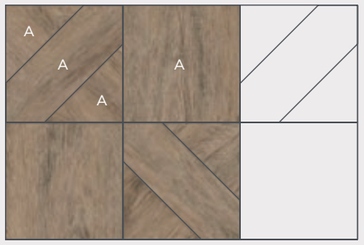

A versatile pattern with striking graphic impact, Woven is perfect for feature areas. Because it works on a larger scale than traditional ceramics can accommodate, it can be used in bigger commercial spaces.

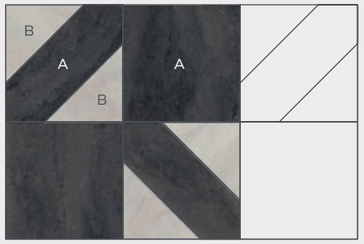

Create your perfect Woven pattern with Signature product combinations and arrange them using the wireframes below.

SIZES: 9" x 9" (229 x 229 mm)

Begin with Your Imagination

Bold, creative and beautiful – a bespoke floor is the ultimate design statement. Thanks to our advanced manufacturing capabilities, our R&D and Design teams can work from a simple sketch or even a sample material or color swatch to transform your unique vision into reality.

BESPOKE

How We Turn Your Ideas into Reality

We understand design briefs don't always come fully formed. They can be more about a spark of an idea than hard lines and exact plans. So whether you are looking for a unique product or a completely bespoke floor design, bring us your creative inspiration and we will work with you to achieve your vision.

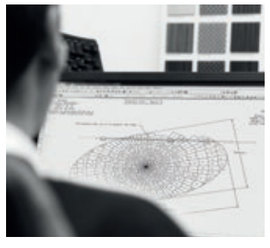

EXPERT KNOWLEDGE

The unrivalled knowledge, expert support and bespoke service you'd expect from a market leader with over 50 years experience.

Our CAD Team

Amtico's highly-skilled CAD team turn your product selection and layout into something our design and manufacturing experts can make a reality. Designs change and grow as we work with them, so the drawing approval process is collaborative, expertly managed through your Amtico Commercial Project Specialist, ensuring that the final floor meets your unique design vision.

Cutting

Amtico is renowned for its advanced finishing techniques. Over 50 years of manufacturing expertise means we can add the fine detail to your big ideas, creating bespoke shapes and products that no one else can.

Installation

Our quality team test lays every bespoke design floor in our US factory before shipping, to check for accuracy. This crucial part of the process means you can rely on Amtico flooring to fit the first time and meet your project deadlines, even with the most intricate design.

manningtoncommercial.com/amticosignaturelayouts

Minimum orders apply for bespoke floors. Please speak to your local Mannington Commercial representative.

CREATE YOUR OWN DESIGN

How We Turn Your Ideas into Reality

With the help of our designers and CAD team we help craft a bold, creative and beautiful custom floor tailored to your project requirements.

Thanks to our advanced cutting capabilities and unrivalled range of products, we will turn your unique vision into reality. Our in-house creative team is ready to provide advice on product choice, laying patterns and finishes, and our CAD experts will work with you to perfect your design ready for manufacture.

Want to start with a blank canvas, a logo, a sketch, or any other creative spark?

Creating a truly custom pattern is as simple as

1. Craft your idea
2. Select style and colors
3. Work with in-house CAD design experts

* To begin your custom project, contact your local Mannington Commercial representative.

Stripping

Wood - Solar Pine AR0W8240 with Stripping

Add contrast, create a grout effect or define tile and plank shapes with Amtico feature stripping. Available in a choice of five sizes.

Finish with Success

From walk-off systems, to transition pieces, to adhesives for high moisture subfloors, get an array of solutions designed to ensure the successful installation and enduring beauty of your Amtico Signature flooring.

Inertia Entryway – Static – Horizontal Brick Ashlar, Exposed Concrete – Broken Bond Layout

Fusion for Amtico Signature

When carpet and Amtico LVT flooring adjoin, there are often differences in product heights. Eliminate the problem with Fusion Rubber Transition Strips. Place Fusion Strips wherever carpet meets your Amtico LVT to create a subtle transition with minimal visual interruption. The compact strips are quick and easy to apply during flooring installation. The result is a safer, more attractive floor.

1 Product Information

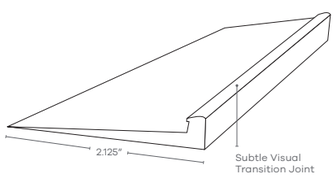

- 2.5 mm profile
- 2.125" reduction width, 12' length
- 25 pieces of 12' sections per carton (300 lin ft)

2 Compact Mixed Flooring Reducer

Fusion Rubber Transition Strips provide a 6-7 mm reduction over 2.125 inches and are easy to install.

3 Designed to Work

- Provides subtle transition with minimum visual interruption to floor design
- Fast and easy to install
- Broad color selection to choose from - standard colors are Platinum Metallic 117 and all 36 Rubber Accord Colors. Visit manningtoncommercial.com

Defeat Damp Spaces

Your job just got easier. With our comprehensive moisture solutions for LVT, you can defeat the most extreme high moisture conditions.

Best Solutions for:

Any Slab Condition

NO Moisture Testing Required – NO RH limit, NO Testing*

Adhesive
Amtico RP-18

* **Conditions**
No hydrostatic pressure | No standing water or visible water stains | Slab is at least 45 days old

Best Solutions for:

Slabs with Intact Vapor Barier (Class B or better)

Quick pH Testing Required**

QuickStix® with Premium Universal Primer (No IVB)	95	10	12

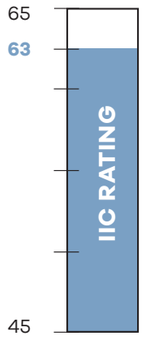

IVB = Intact Vapor Barrier

Mannington Silent Solution®

This advanced underlayment technology meets or exceeds IIC sound requirements, outperforms competitive products on indentation and is guaranteed with a full flooring system warranty from one manufacturer.

Performance Features

63 IIC Rating: LVT with Mannington Silent Solution® outperforms competitors

*Full assembly with 6" concrete and ceiling.

Entire Flooring System Warranty

One supplier for LVT, underlayment and adhesive

No Special Adhesive Requirements

*Standard, in-stock adhesives. Please see Mannington installation instructions.

Superior Indentation Resistance to Competitive Products

Mannington Silent Solution®

Rubber

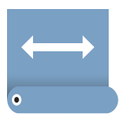

US Manufacturing
Providing the highest levels of service and quality, while supporting local economies and communities

Resists Mold, Mildew, Bacteria and Fungi
for better peace of mind

6 ft Roll Width
Fewer seams, faster installation, saves time and money

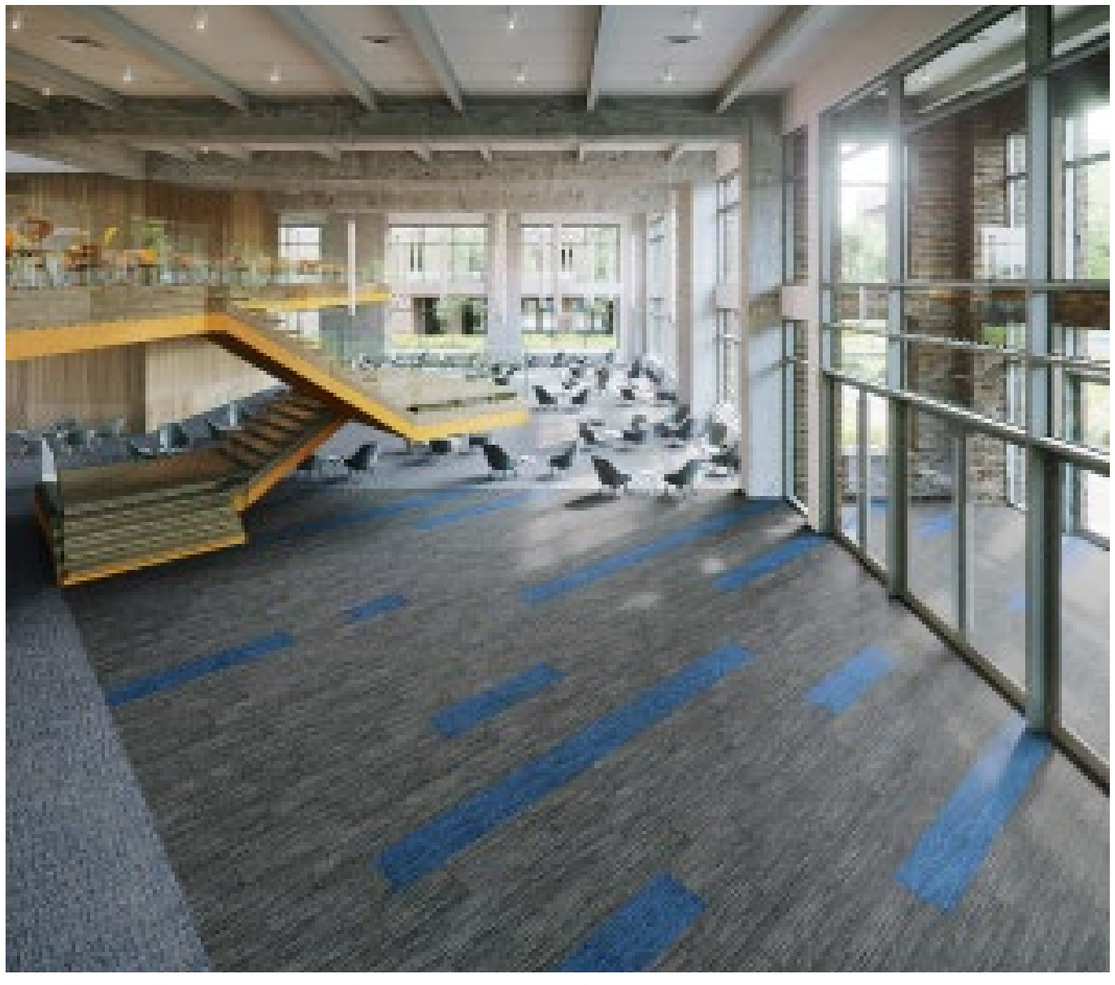

- Mannington adhesive moisture tolerances apply (80% RH, 5 lbs MVER)
- FloorScore® Certified – meets low-VOC standards
- Suitable for use with radiant heat
- One manufacturer warranty to cover LVT, underlayment and adhesive
- May contribute to LEED and Green Globe Credits

Leave a Lasting First Impression

Mannington Commercial Entryway Systems are tough, resilient and protective, featuring reinforced scraper fibers to remove grit and moisture. Choose from five design styles with a choice of colorways to complement and protect your Amtico flooring.

Crafted to Make a Positive Impact

Being Transparent

We offer EPDs and HPDs on a wide range of our products to help you assess environmental and health impacts. EPDs are available for our modular carpet and Integra HP® broadloom, our resilient sheet, rubber tile and LVT products. HPDs are available for our modular carpet, Integra® HP, UltraBac® RE broadloom and many of our LVT products.

Products from Mannington Commercial may contribute to multiple LEED credits, and we have made it easy to get the documentation you need for the LEED process: simply visit our website or the mindful MATERIALS website to locate all of our products' certifications and transparency documents.
