Carpet Modular & Broadloom

With industry-leading fiber systems and superior manufacturing, our vast array of carpet styles look better and last up to 75% longer than any other carpet in the marketplace.

Proven by Third-party Testing

All of our carpet products are third-party tested and proven to exceed industry standards in appearance retention, texture retention, fire safety factors and static generation, and our modular carpet exceeds industry standards in dimensional stability – so you can be sure that the carpet you specify will perform for years to come.

Backing Advantages

- Infinity® 2 Modular backing provides superior performance with a moisture barrier.
- rEvolve® II is a vinyl alternative modular backing with high performance and a moisture barrier.
- Integra® HP is a high-performance broadloom backing with an impermeable moisture barrier, featuring a limited lifetime wick-back warranty.
- UltraBac® RE broadloom backing offers strong performance and excellent environmental benefits.
- Infinity® 2 MG backing allows for installations in areas with up to 99% RH.

Easier to Maintain

- Antron® nylon features a unique, 4-hole, hollow-filament shape for exceptional soil concealment and cleanability.
- XGUARD® Stain Resistant Technology provides long-term stain resistance for our space dye products.
- ColorSafe® Bleach Resistant Technology resists color fade-out from bleach spills for our space dye products.
- Moisture-barrier backings are built to withstand aggressive wet cleanings.

antron®

Antron® Fiber Advantage

Antron® type 6,6 solution-dyed nylon is engineered with stain and soil protection, and offers long-lasting texture retention. Antron® fiber is designed for a more effective, longer-lasting clean, helping reduce your total cost of ownership and contributing to a cleaner facility.

- Lasts up to 75% longer
- Up to 2x better texture retention
- Up to 3x better fade resistance
- Topically applied stain and soil resistance allows up to 10x better stain resistance and 65% better soil resistance

3.5 TARR

- Mannington Commercial carpets are made with a minimum 3.5 TARR (Texture Appearance Retention Rating), meaning any carpet you specify will be able to withstand severe traffic. The 3.5 TARR on our carpets is tested and verified by an independent lab.

Sustainable Solutions

- Supported with EPDs and HPDs.
- rEvolve® II is a vinyl alternative modular backing certified NSF/ANSI 140 Gold.
- UltraBac® RE broadloom backing contains a minimum of 10% post-consumer recycled content and is certified NSF/ANSI 140 Platinum.
- ECONYL® type 6 solution-dyed nylon is 100% regenerated from pre- and post-consumer waste.

Entryway Systems

- Our high-performance entryway systems are the ideal way to extend the life of your flooring as well as enhance the safety and cleanliness of your entire facility. Choose from a variety of styles to fit any interior aesthetic.

Hard Surface Products

Our hard surface flooring offers a perfect marriage of science and art, delivering the highest level of durability and cleanability across the broadest range of visuals, options and sizes in the industry.

Proven by Third-party Testing

Our hard surface products are third-party tested and proven to exceed industry standards, including resistance to slipping, indentation, fading from light and deterioration from chemicals, ensuring long-lasting beauty, cleanability and safety.

LVT & Non-vinyl Resilient Tile

- Quantum Guard® technologies ensure the industry's highest scratch resistance, ease of cleaning and appearance retention.
- Most products are available with QuickStix® pre-applied adhesive, which reduces installation time and suits subfloors with up to 99% RH.
- Products with FloorArmor® are waterproof and offer a 68 IIC rating with sound abatement pad.

Resilient Sheet

- Quantum Guard® technologies are engineered for industry-leading ease of cleaning and advanced resistance to abrasions and stains.
- A variety of heterogeneous, homogeneous, slip resistant and heterogeneous light constructions ensure the best product for any application.
- Seam+Advantage allows chemical welding of the seams between sheet and carpet, providing a seamless transition that is hygienic and safe.
- Most products are available with QuickStix® pre-applied adhesive which reduces installation time and suits subfloors with up to 99% RH.
- Weld rods are available in more than 100 colors for beautifully seamless spaces.

Rubber Tile & Sheet

- Our superior recipe with proper curing allows our rubber products to look better and be easier to maintain long-term.
- Carefully engineered profiles provide better acoustics and greater comfort underfoot.
- Our rubber never needs to be waxed, thanks to a proprietary combination of inherent waxes.

QUANTUM GUARD® *elite*

We created Quantum Guard Elite® to be the ultimate solution for all aspects of performance in LVT and resilient sheet flooring.

For LVT

- Industry-leading scratch resistance
- Best-in-class dimensional stability
- Superior impact resistance
- Easy no-polish maintenance
- Advanced stain resistance

For Resilient Sheet

- Engineered for ease of cleaning and reduced maintenance costs
- Highest abrasion resistance in the industry
- Advanced stain resistance that continues to perform at the same high level over time
- Excellent slip resistance

Accessories

- Fusion® rubber transition strip provides a nearly seamless transition between carpet and hard surface flooring. A variety of other performance transition strips and moldings are also available.
- Multiple types of wall base available in up to 100 colors allow for the perfect match in any space.
- Our wide range of stair systems meet guidelines established by the ADA.

Sustainable Solutions

- All of our hard surface flooring is FloorScore Certified and features an Industry-wide 3rd Party Type III EPD and many products offer a published HPD.
- The Cirro Collection features non-vinyl planks and tiles that are made without PVC or phthalates and contain recycled content.
- Many of our LVT products contain rapidly renewable resource content
- Our LVT and resilient sheet products have a non-ortho phthalate construction.

Largest Product Offering

- With the industry's largest portfolio of hard surface flooring, we are able to bring you an array of solutions for every type of space and any combination of performance needs.

Crafted to Coordinate

All of our carpet and hard surface flooring solutions are designed to work together. This makes it simple to give each project a cohesive design, while ensuring that every space receives the optimal flooring type.

Expand Your Designs with Color Anchor

The Color Anchor Collection provides a wealth of flooring options that coordinate perfectly with our other styles. Expand any design by incorporating colors from the collection's wide variety of neutrals and brights. Because Color Anchor is offered in a range of flooring types – modular carpet, LVT, resilient sheet and rubber tile – you can craft designs that enhance the aesthetics of the space and meet all of its functional needs, too.

Bring Your Ideas to Life

Use our online visualizer to create unique flooring layouts for any type of space. Choose from a wide variety of LVT and modular carpet styles, as well as innovative layout patterns. Then see your designs brought to life in the environment of your choice, including workplaces, schools, healthcare facilities, retail spaces and more.

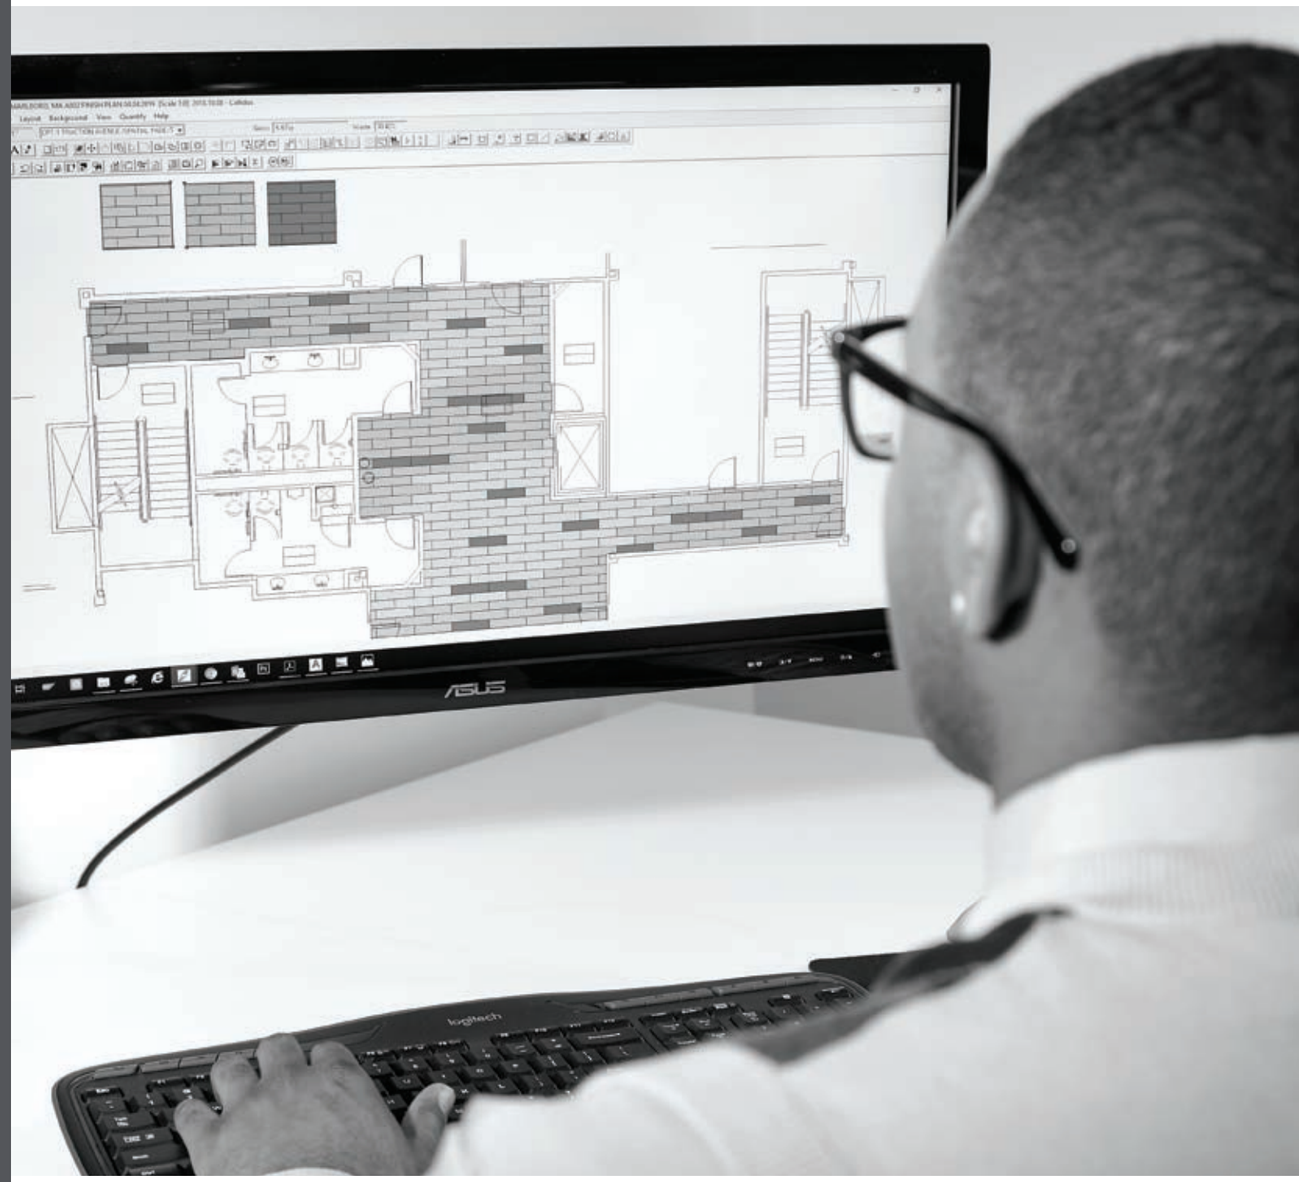

Compare your options in side-by-side views, and download your favorites – or export your flooring designs for use in 3D modeling programs. From exploring the possibilities to finalizing your floor, our visualizer takes the complexity out of your design process.

FloorMaps: Custom Layout Designs

Our Design Solutions team offers a full-service floor design program called FloorMaps, in which we provide you with custom flooring layouts, from concept to installation plan, for one room or an entire facility. With FloorMaps, you can leverage our floor design expertise to easily achieve your goals for any space. Simply contact us to get started.

Deliverables

- **2D bird's-eye view of layout patterns for your spaces**
- **2D installation diagrams based on your floor plan**
- **3D room scenes of your products in your layout patterns**

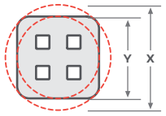

Soft Surface

Antron® type 6,6 nylon is engineered with stain and soil protection and offers long-lasting texture retention. Antron® fiber is designed for a more effective, longer-lasting clean, helping to reduce your total cost of ownership and contributing to a cleaner facility.

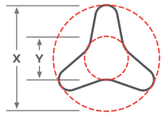

Better Shape, Better Performance

Antron® fiber has a sturdy, 4-hole hollow filament shape that makes it more resistant to crushing and matting than type 6 nylon fiber.

Soil Resistance

Unlike a typical type 6 nylon fiber, the unique shape and low modification ratio of Antron® fiber does not provide anywhere for dirt to collect. This ensures better soil release during vacuuming and hot water extraction. Between cleanings, the 4-hole hollow filament structure also diffuses light, reducing the appearance of soil and helping the carpet look cleaner.

XGUARD® Stain Resistance

Carpets with Mannington Commercial's proprietary XGUARD® stain resistant technology offer the highest level of performance in permanent stain resistance. Protection against common stains as well as ease of maintenance result in long-term appearance retention and extend the life of the carpet.

ColorSafe® Bleach Resistance

Mannington Commercial's ColorSafe® bleach resistant technology works from within the fiber to protect carpets against bleach and maintain colorfastness. Carpets with ColorSafe® are protected from occasional spills and drips of diluted disinfecting bleach solution, ensuring that colors remain bright and that the carpet can withstand the toughest cleaning conditions.

ECONYL® Regenerated Nylon: No waste. No new resources. Just endless possibilities.

Made from waste, ECONYL® is infinitely recyclable and can unleash endless possibilities. It's all part of the ECONYL® brand vision to make the world a better place by pioneering closed loop regeneration processes and delivering sustainable products.

ECONYL® reduces the amount of global waste by collecting both pre and post-consumer waste, including spent carpet, fishing nets, fabrics and industrial plastic components, and regenerating this waste into new nylon that has the same quality as virgin products. For every 10,000 tons of ECONYL® raw material, we are able to save 70,000 barrels of crude oil and avoid 57,000 tons of CO_2 emissions. And, best of all, ECONYL® is engineered so it can be entirely regenerated again, and again – pushing ever closer to Aquafil's ultimate goal of a fiber made from 100% post-consumer waste, while maintaining ultimate standards in performance and quality.

ColorSafe®

ColorSafe® is Mannington Commercial's bleach resistant technology that works from within the fiber to protect against bleach and maintain colorfast ness.

ColorSafe® Bleach Resistant Technology

Combine chlorinated water with swimwear and you have the genesis of ColorSafe® bleach resistant technology. Swimsuit manufacturers created a process to help nylon swim products retain color brilliancy after repeated use in chlorinated water. Mannington adapted this process and married it with the latest technology. The result? The perfect component for adding color to bleach retardant products.

ColorSafe's bleach resistance and colorfast protection maintains carpet's appearance for years, even under the toughest cleaning conditions. If an occasional spill of disinfecting bleach solution is dripped onto the carpet, carpet without ColorSafe® protection can become discolored. However, carpets with ColorSafe are protected – making sure that color remains bright for years to come.

ColorSafe® provides the perfect solution for commercial environments that are prone to bleach spills, like healthcare and educational facilities, as well as institutional, retail, corporate environments and food service areas.

Unparalleled Performance

- Resists color fade-out due to harsh cleaning
- Enhances color selection and design options
- Available in solid or space dyed yarn types
- Prolongs carpet life for long-term appearance value
- Bleach resistant
- Allows carpet and hard surface flooring to be maintained together
- Limited 15-year warranty

XGUARD®

XGUARD® stain resistant technology offers the highest level of performance in stain resistance. Protection against common stains and ease of maintenance result in long-term appearance retention and extend the life of the carpet.

XGUARD® Stain Resistant Technology

The development of XGUARD® stain resistant technology provides unprecedented performance capabilities, including:

- Unparalleled protection against common stains
- Ease of maintenance
- Long-term appearance retention
- Extends the life of the carpet
- Limited 15-year warranty

Long Term Appearance Retention

The key to carpet performance is a combination of multiple factors – backing system, fiber, construction, installation and maintenance. Carpets with Mannington Commercial's XGUARD® provide the industry's most effective protection against common stains. This proprietary technology maintains carpets appearance long term, allowing you to keep product on the floor longer – looking better. Combine these features with Mannington's exceptional high performance backing systems to further enhance the long-term appearance and life of the carpet, especially in high traffic and soil-prone areas.

Ease Of Maintenance

XGUARD® adds superior cleanability characteristics to the fiber, making carpet maintenance quick and easy. Most spills can be spot cleaned with water or with a mild commercial solvent. Implementing the proper carpet maintenance program will protect your investment and extend the life of the carpet.

Mannington QuickStix® LVT
The first LVT with pre-applied adhesive. When you receive QuickStix LVT from Mannington, it is ready to be installed, sticks and sets immediately, and lets you use the floor without any wait time.

QuickStix water-based adhesive technology does away with the need for adhesive pails, trowels, and hours of labor. Simply prime, peel, position, and roll. QuickStix also has incredible moisture resistance properties, making it ideal for renovation applications in healthcare, education, retail, and other segments where downtime has significant cost implications. QuickStix is available on most Mannington Commercial, Amtico, and Spacia LVT products.

Performance Features

Moisture Mitigation System

Minimum of $4 per Sq Ft Savings Vs. Traditional Glue Down

QuickStix Features

- No Wait Time for Glue to Set
- Low VOC
- Proven Quantum Guard® Protection
- FloorScore Certified
- Mannington Single Source Warranty
  Single Source Warranty for Product and Adhesive
- Easy Installation
  (Prime, Remove, and Place)
- Works with Extreme Subfloor Moisture
  (Up to 99% RH, 12 pH, and 18 lbs MVER)

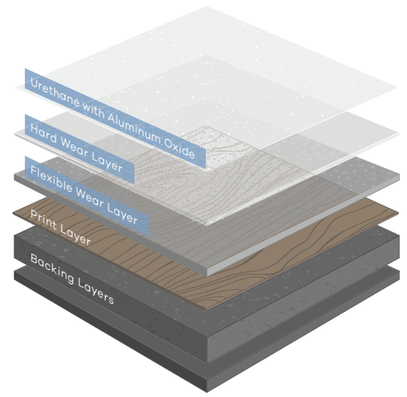

LVT with Quantum Guard Elite®

Success Is in Our Science

Introducing an advancement in our proven Quantum Guard technology: Quantum Guard Elite. This patent pending technology provides the ultimate solution for all aspects of LVT performance.

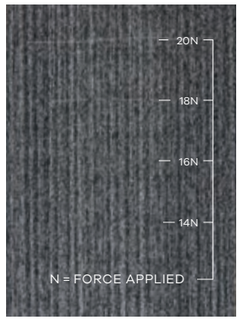

- Highest scratch resistance in the industry
- Engineered for best-in-class dimensional stability
- Superior impact resistance
- Cuts cleanly for highest quality installation
- Easy no-polish maintenance significantly reduces overall life cycle cost and total cost of ownership
- Advanced stain resistance

Complete Multi-Layered Protection
Quantum Guard Elite combines a hard wear layer and a flexible wear layer for superior durability with the added protection of our proprietary aluminum oxide technology.

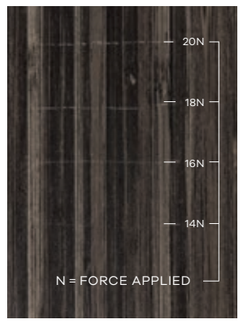

Outperforms in Scratch Resistance

Quantum Guard Elite

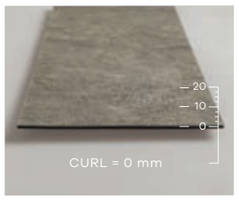

Leading Competitor

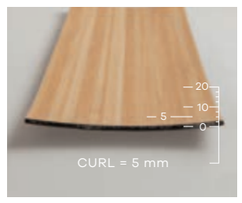

With a patent-pending two-part wear layer and aluminum oxide infused top coat, Quantum Guard Elite offers superior scratch resistance vs. the leading competitor.

Best-in-Class Dimensional Stability

Quantum Guard Elite

Leading Competitor

LVT with Quantum Guard Elite is fully engineered to offer the perfect balance of hardness and flexibility, which helps prevent product failures in commercial environments. Products exposed to 80˚C for six hours.

Warranted to Work

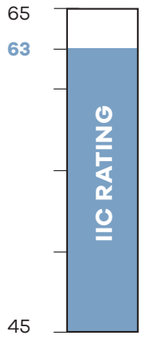

Products with Quantum Guard Elite feature our Limited Quantum Guard Elite Wear Warranty and Limited Commercial Warranty.

Silent Solution

This advanced underlayment technology meets or exceeds IIC sound requirements, outperforms competitive products on indentation and is guaranteed with a full flooring system warranty from one manufacturer.

Performance Features

63 IIC Rating: LVT with Mannington Silent Solution® outperforms competitors

*Full assembly with 6" concrete and ceiling.

Entire Flooring System Warranty

One supplier for LVT, underlayment and adhesive

No Special Adhesive Requirements

*Standard, in-stock adhesives. Please see Mannington installation instructions.

Superior Indentation Resistance to Competitive Products

Mannington Silent Solution®

Resilient Sheet Products

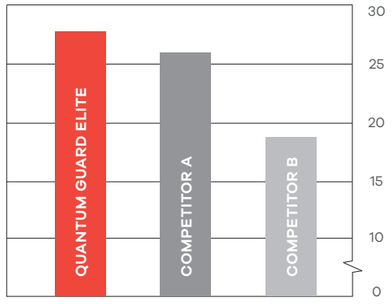

Homogeneous Sheet with Quantum Guard Elite®

Success Is in Our Science

Introducing Quantum Guard Elite, the patent-pending technology that provides the complete performance solution for homogeneous sheet flooring.

- Engineered to trap less dirt, delivering ease of cleaning and reduced maintenance costs
- Industry-leading stain resistance outperforms competing products
- Excellent slip resistance for enhanced safety
- Advanced light resistance keeps colors beautiful

Excellent Slip Resistance

British Pendulum Number

Quantum Guard Elite is engineered to provide greater slip resistance, improving the safety of the facility by helping reduce slip and fall hazards. *(Results from testing with the British Pendulum Tester, ASTM E303.)*

Cleans Better Than Competitors

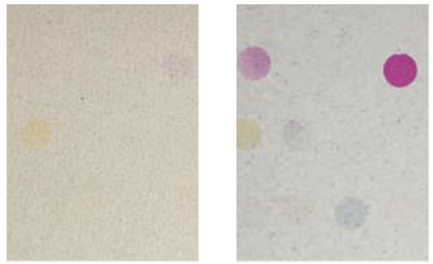

Quantum Guard Elite | Leading Competitor

Advanced urethane chemistry and an optimized texture make resilient sheet with Quantum Guard Elite easier to clean than competitors. *(Results after 10 passes with a wet microfiber mop on soiled floor.)*

Industry-Leading Stain Resistance

Quantum Guard Elite | Leading Competitor

With new protective compounds from the aerospace industry and dentistry, Quantum Guard Elite leads the industry in resistance to stains, including tough medical staining agents. *(Results after applying multiple medical staining agents to flooring, waiting one hour and wiping with an alcohol wipe.)*

Warranted to Work

Products with Quantum Guard Elite feature our Limited Quantum Guard Elite Wear Warranty and Limited Commercial Warranty.

Heterogeneous Sheet with Quantum Guard Elite®

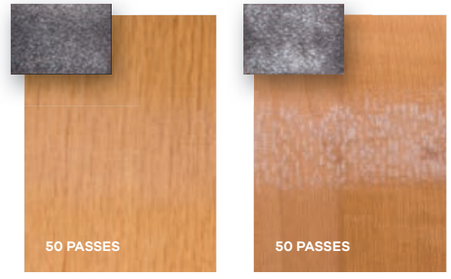

Success Is in Our Science

Introducing Quantum Guard Elite, the patent-pending technology that provides the complete performance solution for heterogeneous sheet flooring.

- Engineered for ease of cleaning and reduced maintenance costs
- Highest abrasion resistance in the industry
- Advanced stain resistance
- Excellent slip resistance

Best-in-Class Abrasion Resistance

Quantum Guard Elite | Leading Competitor

Our proprietary blend of aluminum oxide particles is suspended evenly through the urethane top coat, giving the industry's best abrasion resistance. *(Results after 50 passes with sanding block.)*

Cleans Better Than Competitors

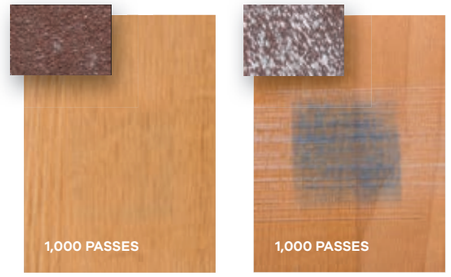

Quantum Guard Elite | Leading Competitor

Advanced urethane chemistry and an optimized texture make resilient sheet with Quantum Guard Elite easy to clean. *(Results after 10 passes with a wet microfiber mop on soiled floor.)*

Stain Resistance That Endures

Quantum Guard Elite | Leading Competitor

With new protective compounds from the aerospace industry and dentistry, Quantum Guard Elite's stain resistance performs over time at the same high level as the day it was installed. *(Results after 1,000 passes with a sanding block, staining with a blue Sharpie and cleaning with an alcohol wipe.)*

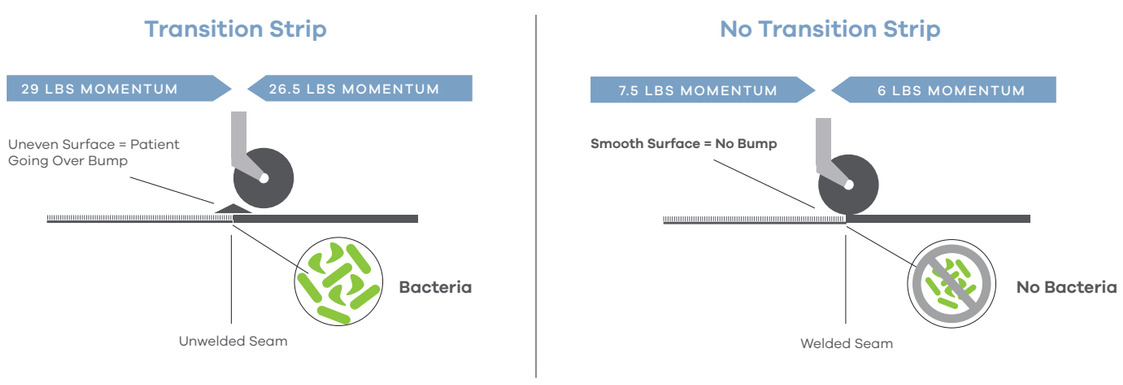

Warranted to Work

Products with Quantum Guard Elite feature our Limited Quantum Guard Elite Wear Warranty and Limited Commercial Warranty.

Seam ⊕ Advantage

Leveraging our years of experience manufacturing hard and soft surface flooring, we have designed our portfolio of products — resilient sheet, LVT, and our Integra® HP performance broadloom carpet — to be chemically welded to each other, creating truly seamless transitions from surface to surface.

- Lab tests of properly welded seams showed no growth of staph and pneumonia bacteria
- Exceptional lateral seam strength
- Moisture barrier
- Elimination of most transition molding
- Lower profile for safer foot and rolling traffic
- Ease of roller mobility
- Limited 10-Year Integrity Seam Bond Warranty

QUICKSTIX
Ready. Stick. Go.

Mannington QuickStix® Resilient Sheet
Available on approved Mannington Commercial 6′ and 6′6″ resilient sheet products.

When you receive QuickStix resilient sheet from Mannington, it is ready to be installed, sticks and sets immediately, and lets you go back and forth on the floor without any wait time. QuickStix solvent free, poly-acrylic pre-applied adhesive system which does away with the need for adhesive pails, trowels, and hours of labor. Simply prime, peel, position, and roll. QuickStix also has incredible moisture resistance properties, making it ideal in many renovation applications in healthcare, education, retail, and other segments where downtime has significant cost implications.

We look forward to assisting you.
For warranted performance, all applicable installation instructions must be followed. For more information, please contact your Mannington Commercial sales representative or Technical Services at 1-800-241-2262, extension #3.

- Quantum Guard® Technology: The highest performing wear layer in the industry.
- Warranty on both product and adhesive. All applicable installation instructions must be followed.
- Moisture Mitigation System: Minimum of $4 per square foot savings versus traditional glue down.
- Works with extreme subfloor moisture (Up to 99% RH, 11 pH and 18 lbs MVER: on new construction).
- Easy installation, no wait time for glue to set, and low VOC.
- FloorScore Certified

Rubber Sheet & Tile

Rubber Performance

Our superior recipe with proper curing allows our rubber products to look better and be easier to maintain long-term.

- Carefully engineered profiles provide better acoustics and greater comfort underfoot
- Never needs to be waxed, thanks to a proprietary combination of inherent waxes
- Superior thermoset rubber retains color, resists indentation and crackling, and is quiet underfoot
- Superior scratch-resistance due to low clay and high pigment content
- No finish or stripping, lowers maintance costs
- Low emission: FloorScore Certified
- Excellent wear resistance
- Slip resistant
- Quiet under wheeled traffic
- Floor Score Certified (indoor air quality)
- Profile design allows for enhanced cleanability
