SLATE & SANDSTONE

# **SKINNY STONE COLLECTION**

SLATE & SANDSTONE

The Skinny Collection: Slate, is made of natural stone that is extracted using a patented process. The stone is then infused with fiberglass reinforcing the materials flexibility rate. The Skinny Collection: Slate, is easy to install even for curved surfaces and ranges in thickness from 1.2 mm - 1.9 mm. A 4' x 2' sheet can be bend up to a 17" radius.

The Skinny Slate Collection behaves like any normal slate and concrete material under the elements. As such it is typically used for interior and exterior walls, bathroom walls, pool areas, gardens, boundary walls, furniture applications and doors. We recommend this material not be used for flooring applications. The product is flexible, light weight, fire resistant and contains UV protection properties.

## **INSTALLATION GUIDE**

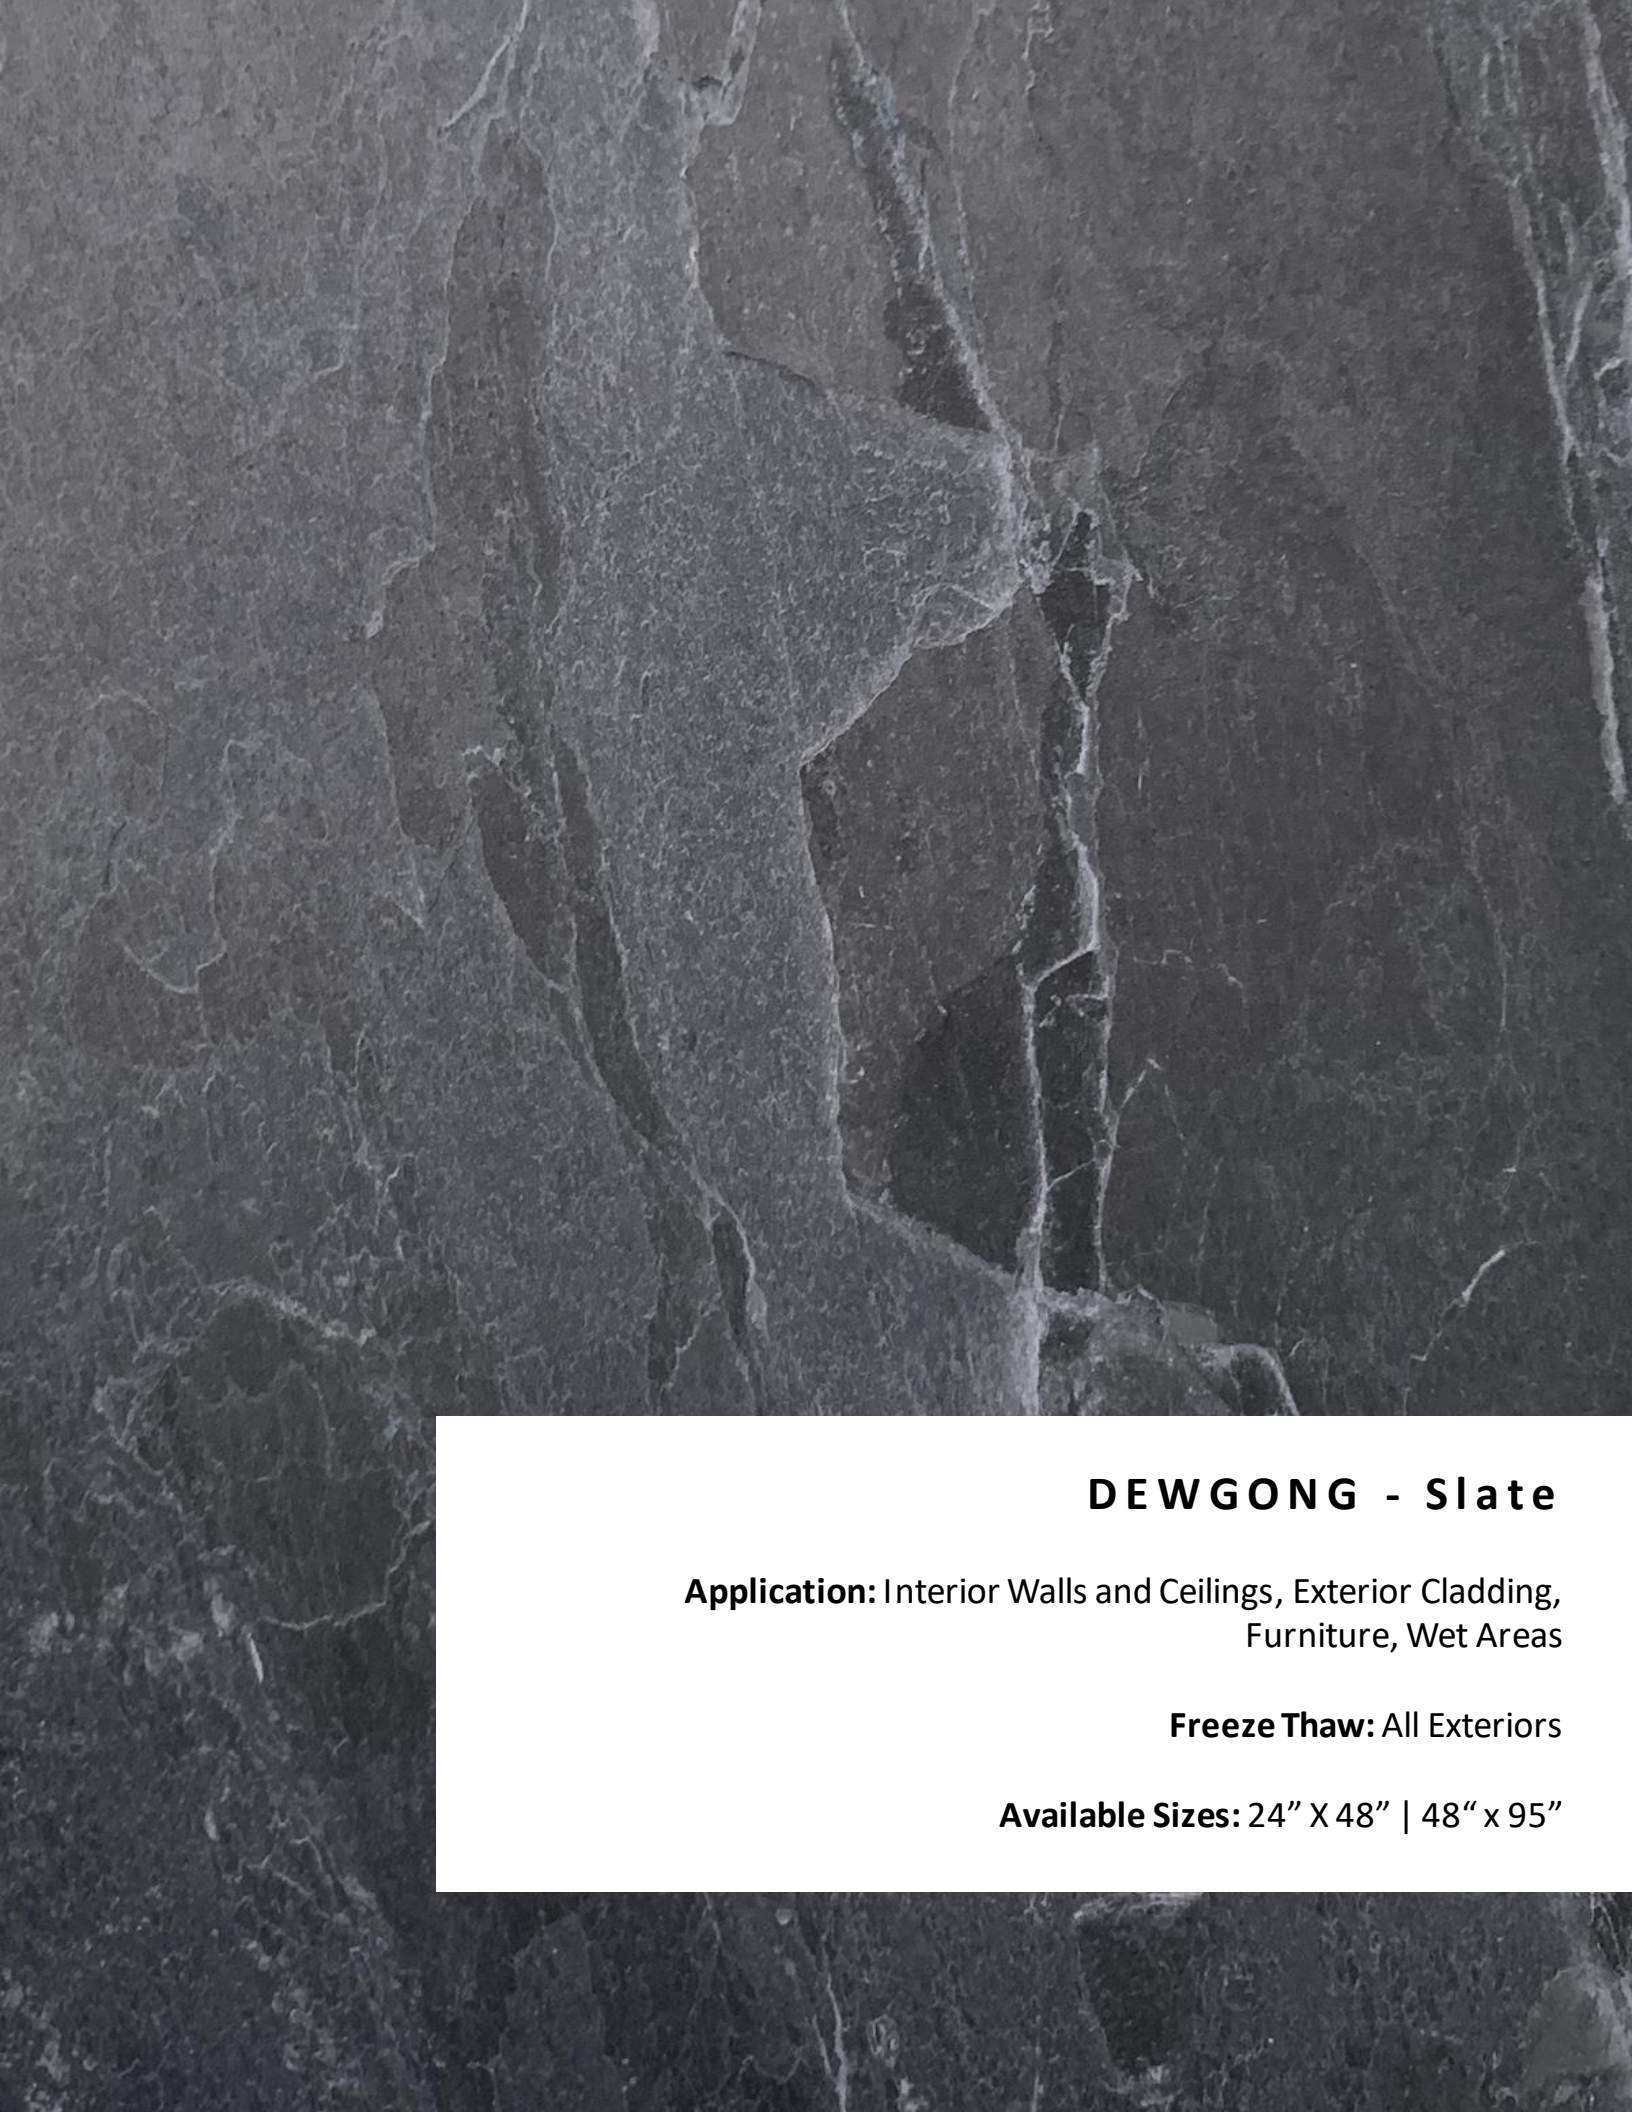

Skinny Stone can be glued to surfaces using most standard laminate adhesives having a thick body or foaming quality. Prior to application of the glue, clean, brush, dust and de-grease the receiving surface. In the same installations, and depending upon the adhesive used, it may be necessary to prepare the back of the skinny stone with solvent or recommended primer by the adhesive manufacture. We recommend making a test area with any adhesive prior to final application.

## **RECOMMENDED TYPES OF ADHESIVES & FILLERS**

- Polyester-based gap filler putties
- Epoxies
- Kerakoll
- Silicone (with primer only)
- Polyurethane wood glues
- Construction grade multi-purpose cement and adhesives

## **PACKAGING INFORMATION**

- 4' X 8' sheets: 170 sheets in one carte, 1.4 tons
- 2' x 4' sheets: 280-300 sheets in one crate, 0.6 tons

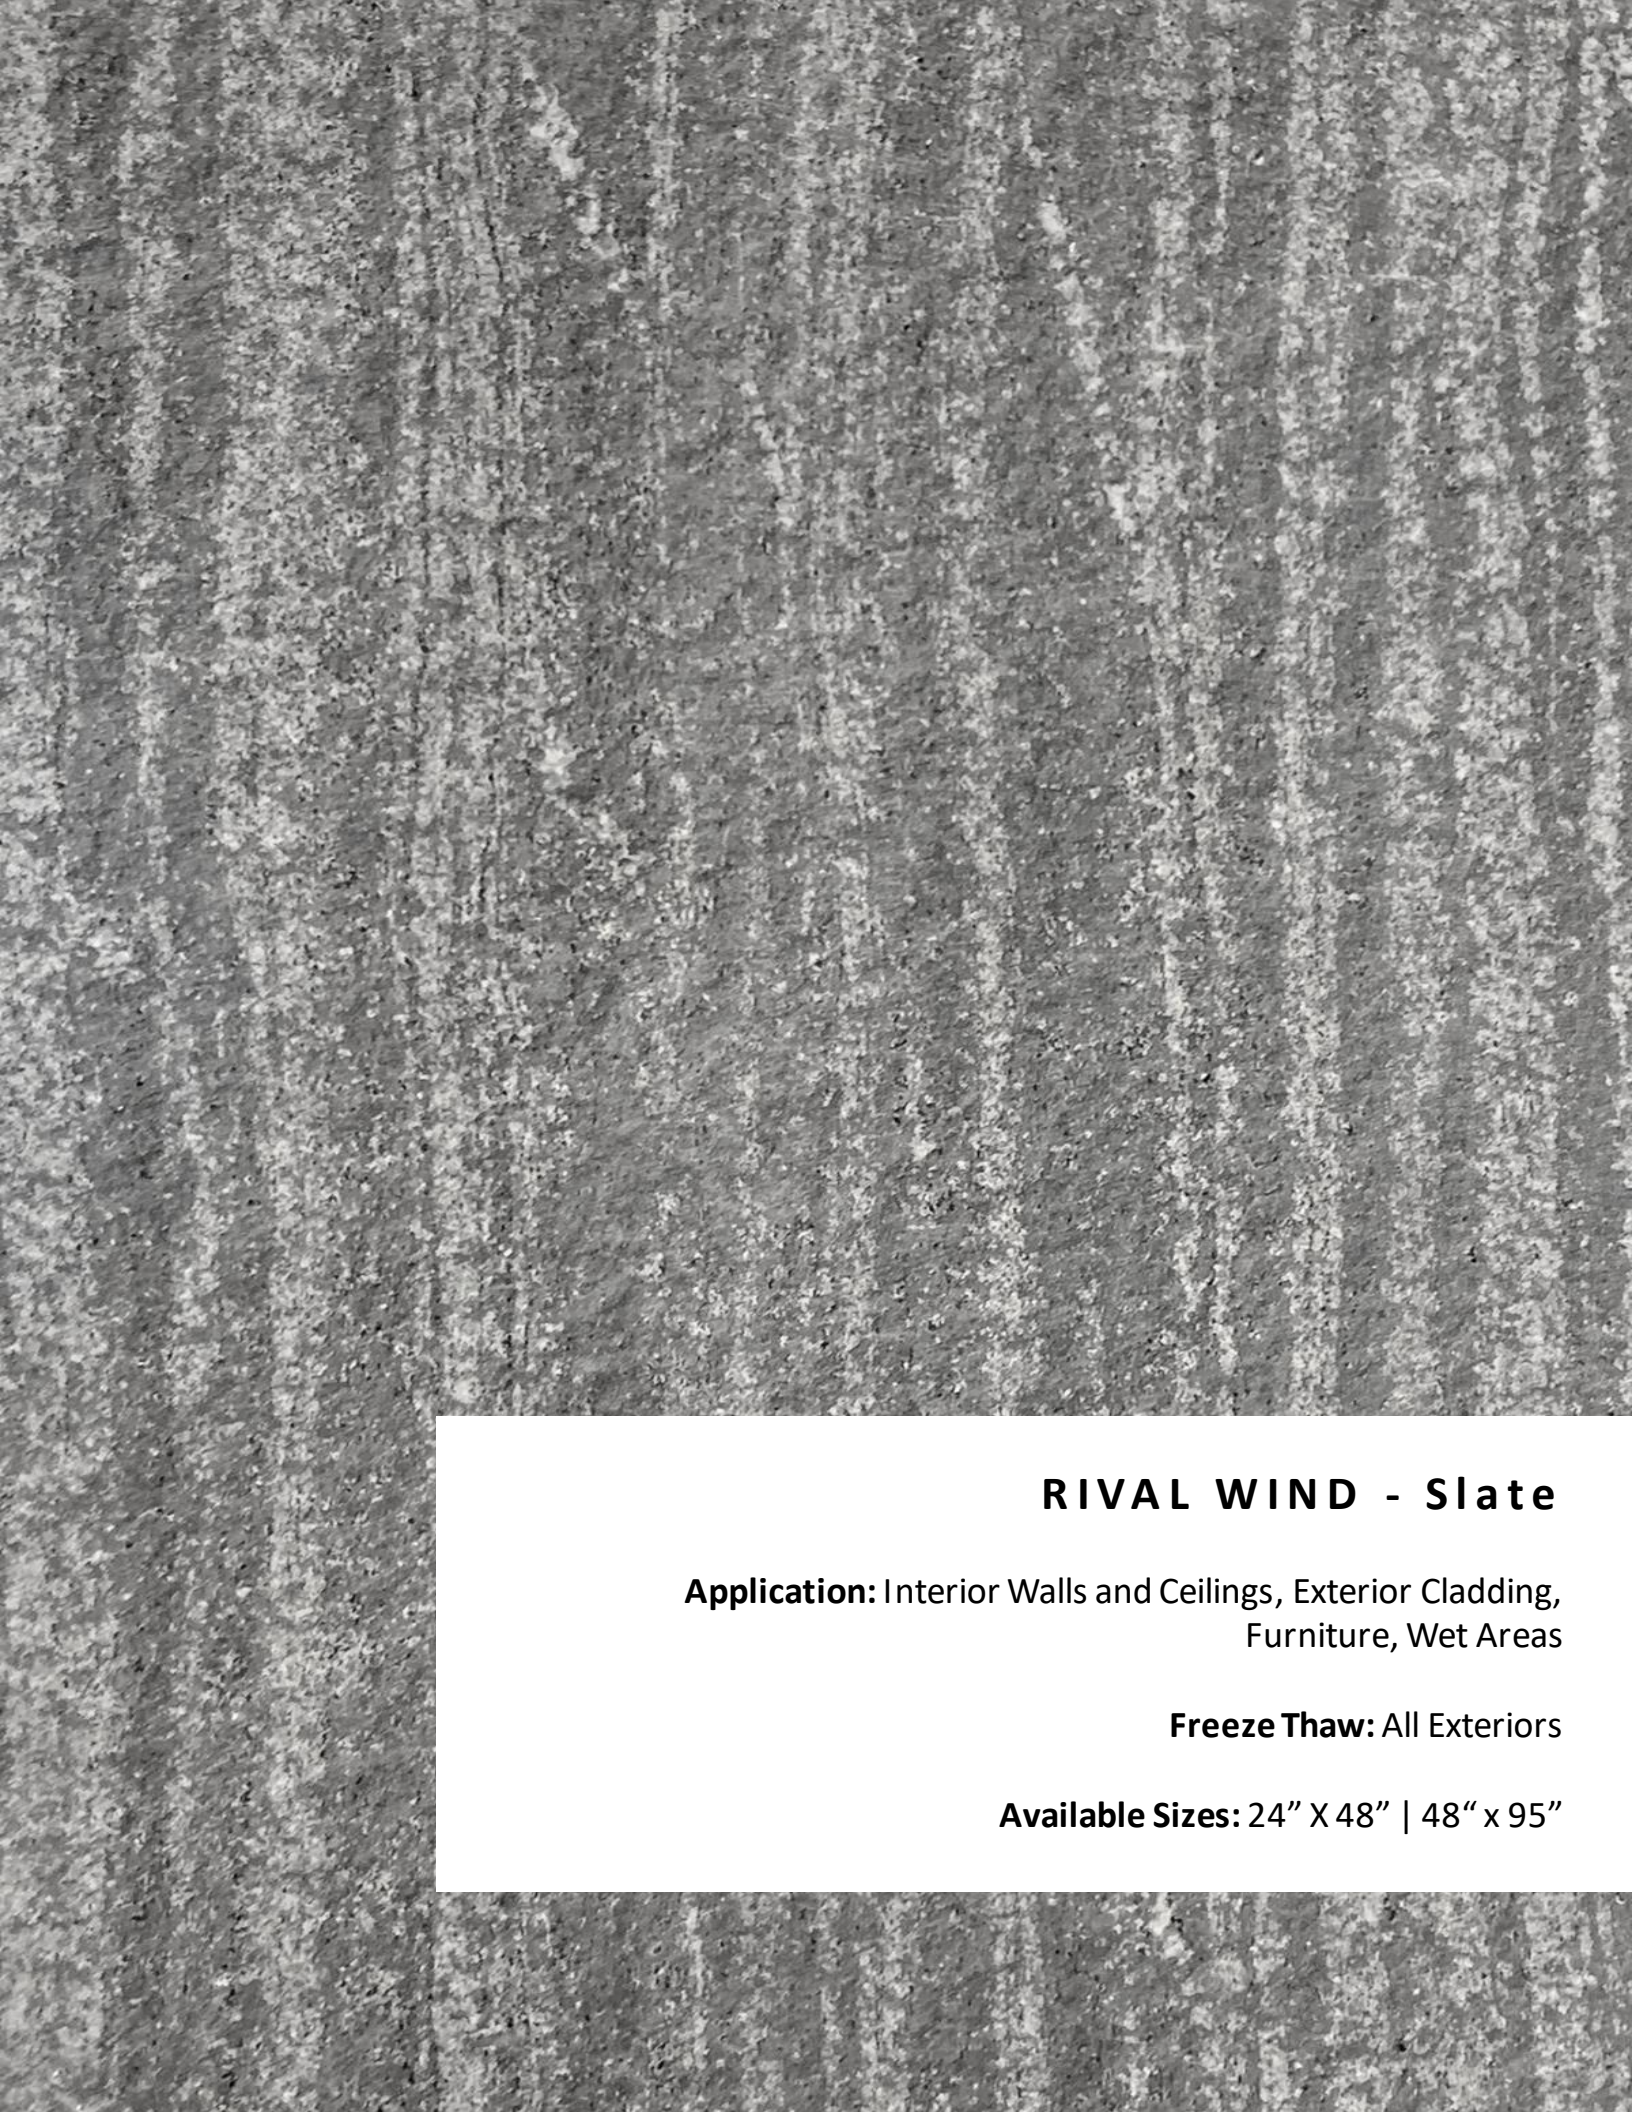

## **DEWGONG - Slate**

**Application:** Interior Walls and Ceilings, Exterior Cladding,  
Furniture, Wet Areas

**Freeze Thaw:** All Exteriors

**Available Sizes:** 24" X 48" | 48" x 95"

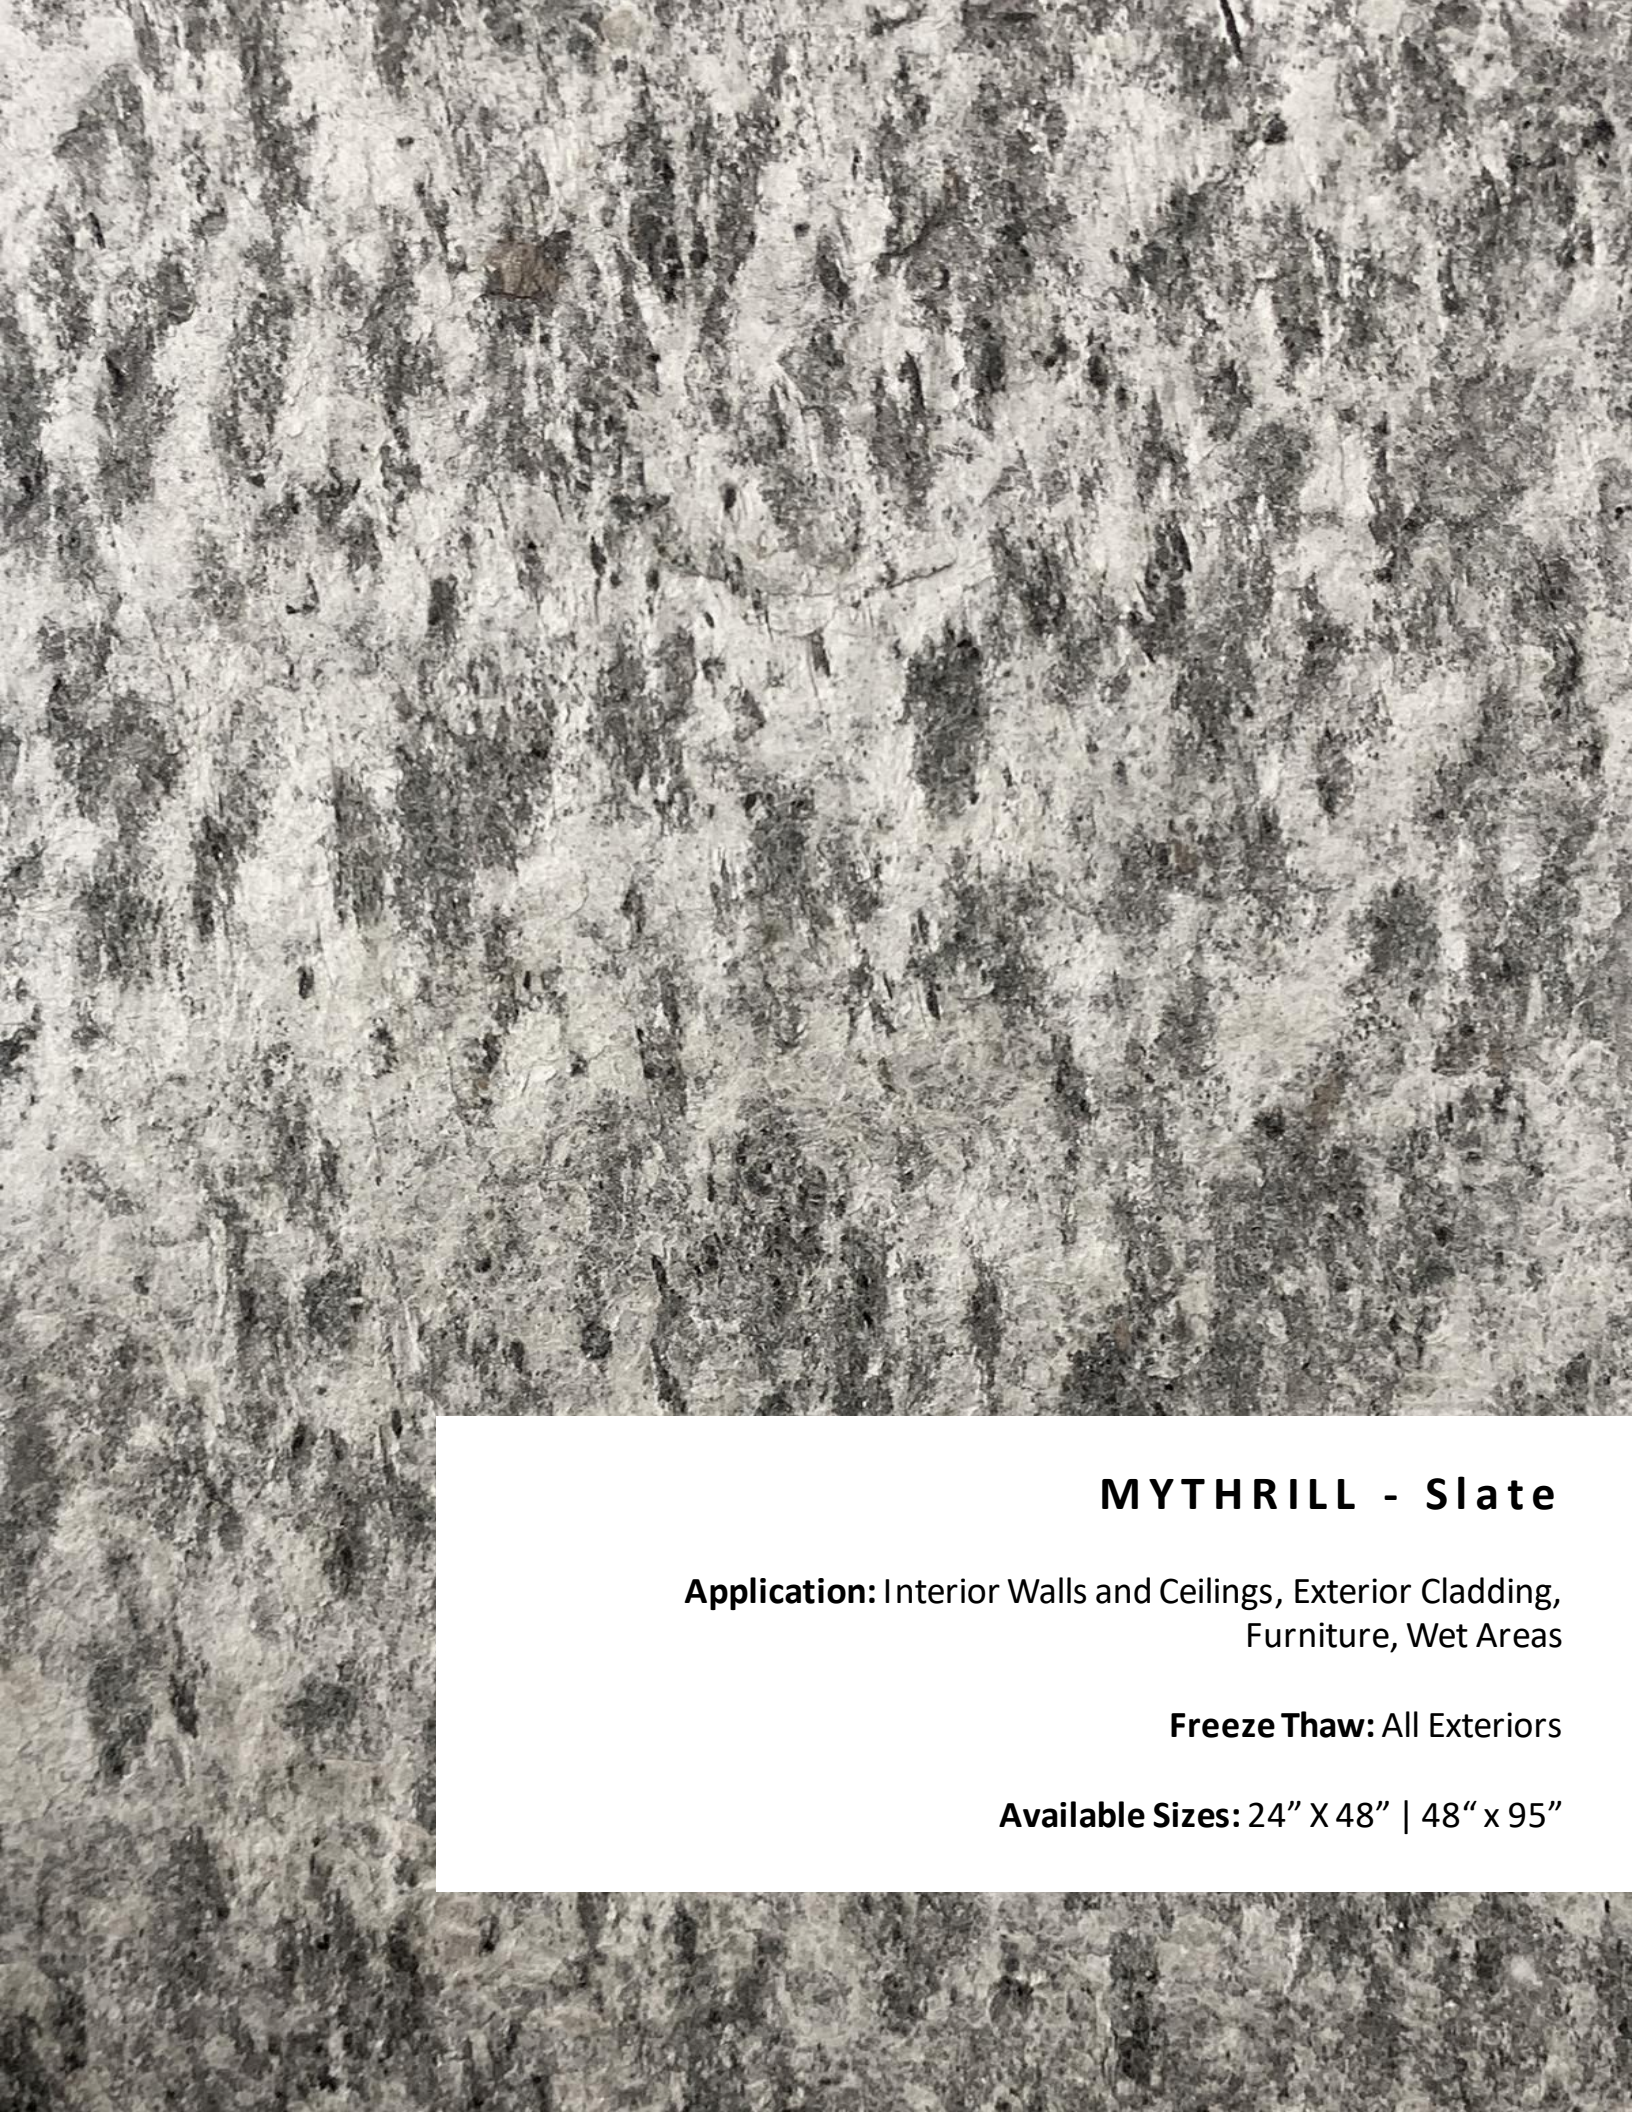

## **RIVAL WIND - Slate**

**Application:** Interior Walls and Ceilings, Exterior Cladding,  
Furniture, Wet Areas

**Freeze Thaw:** All Exteriors

**Available Sizes:** 24" X 48" | 48" x 95"

## **MYTHRILL - Slate**

**Application:** Interior Walls and Ceilings, Exterior Cladding,  
Furniture, Wet Areas

**Freeze Thaw:** All Exteriors

**Available Sizes:** 24" X 48" | 48" x 95"

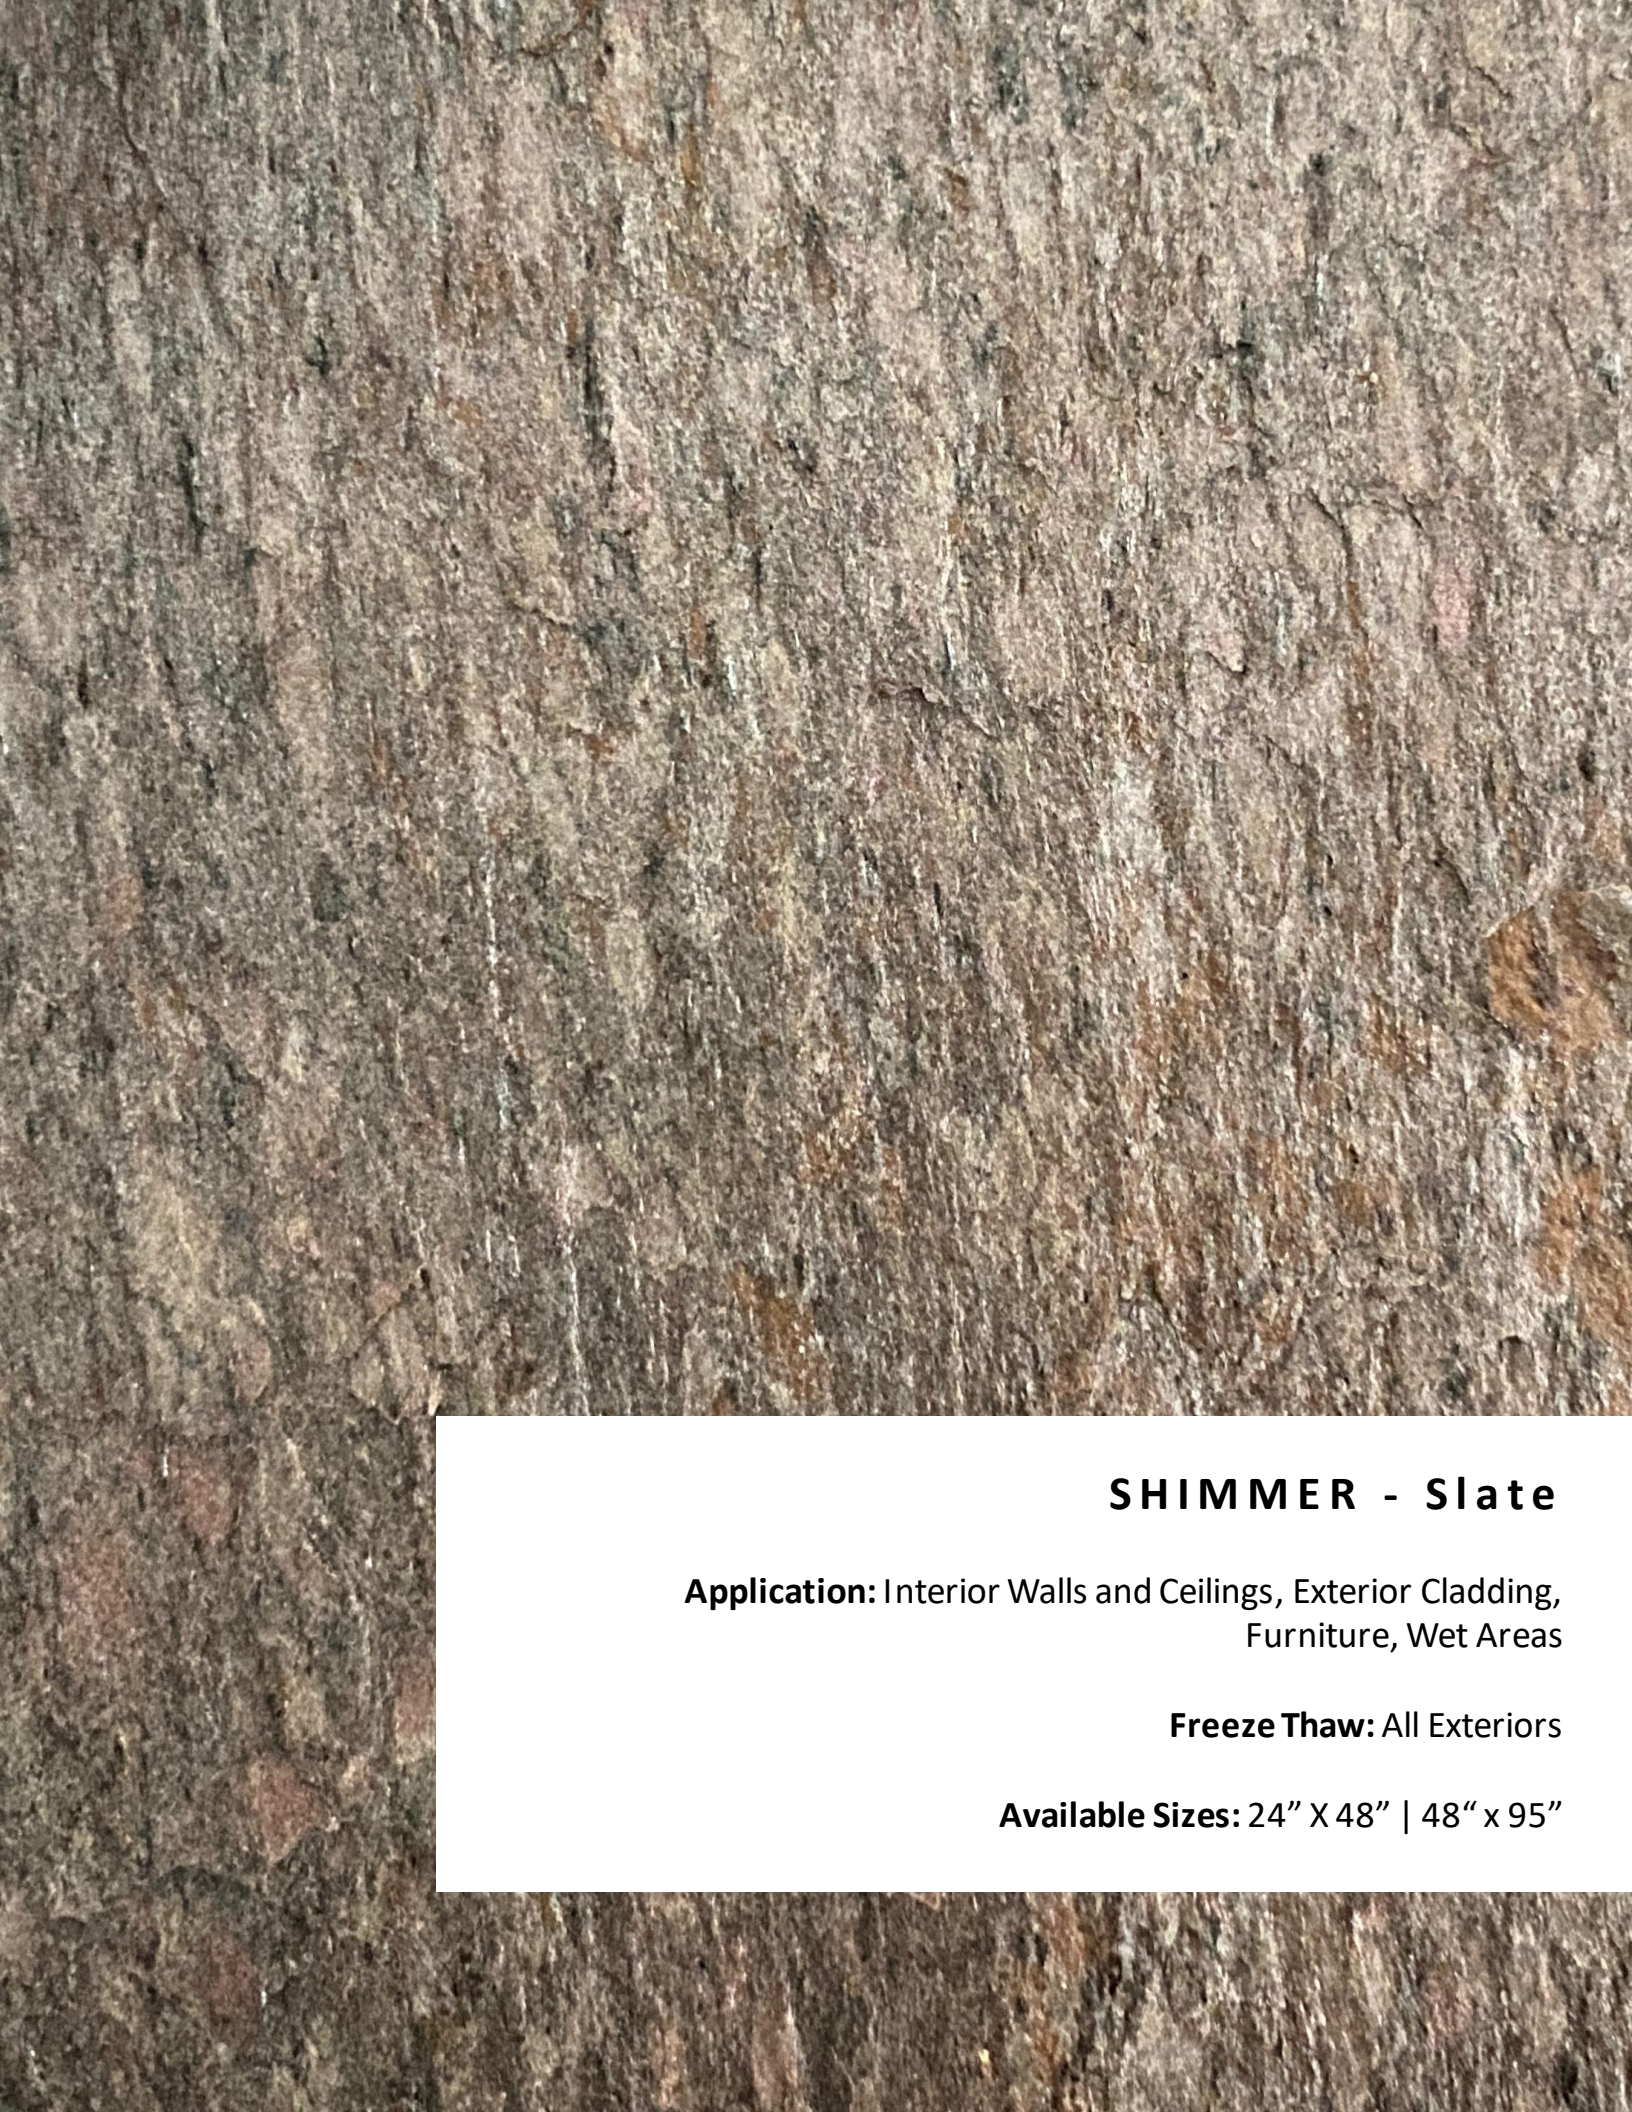

## **REFLECTION - Slate**

**Application:** Interior Walls and Ceilings, Exterior Cladding,  
Furniture, Wet Areas

**Freeze Thaw:** All Exteriors

**Available Sizes:** 24" X 48" | 48" x 95"

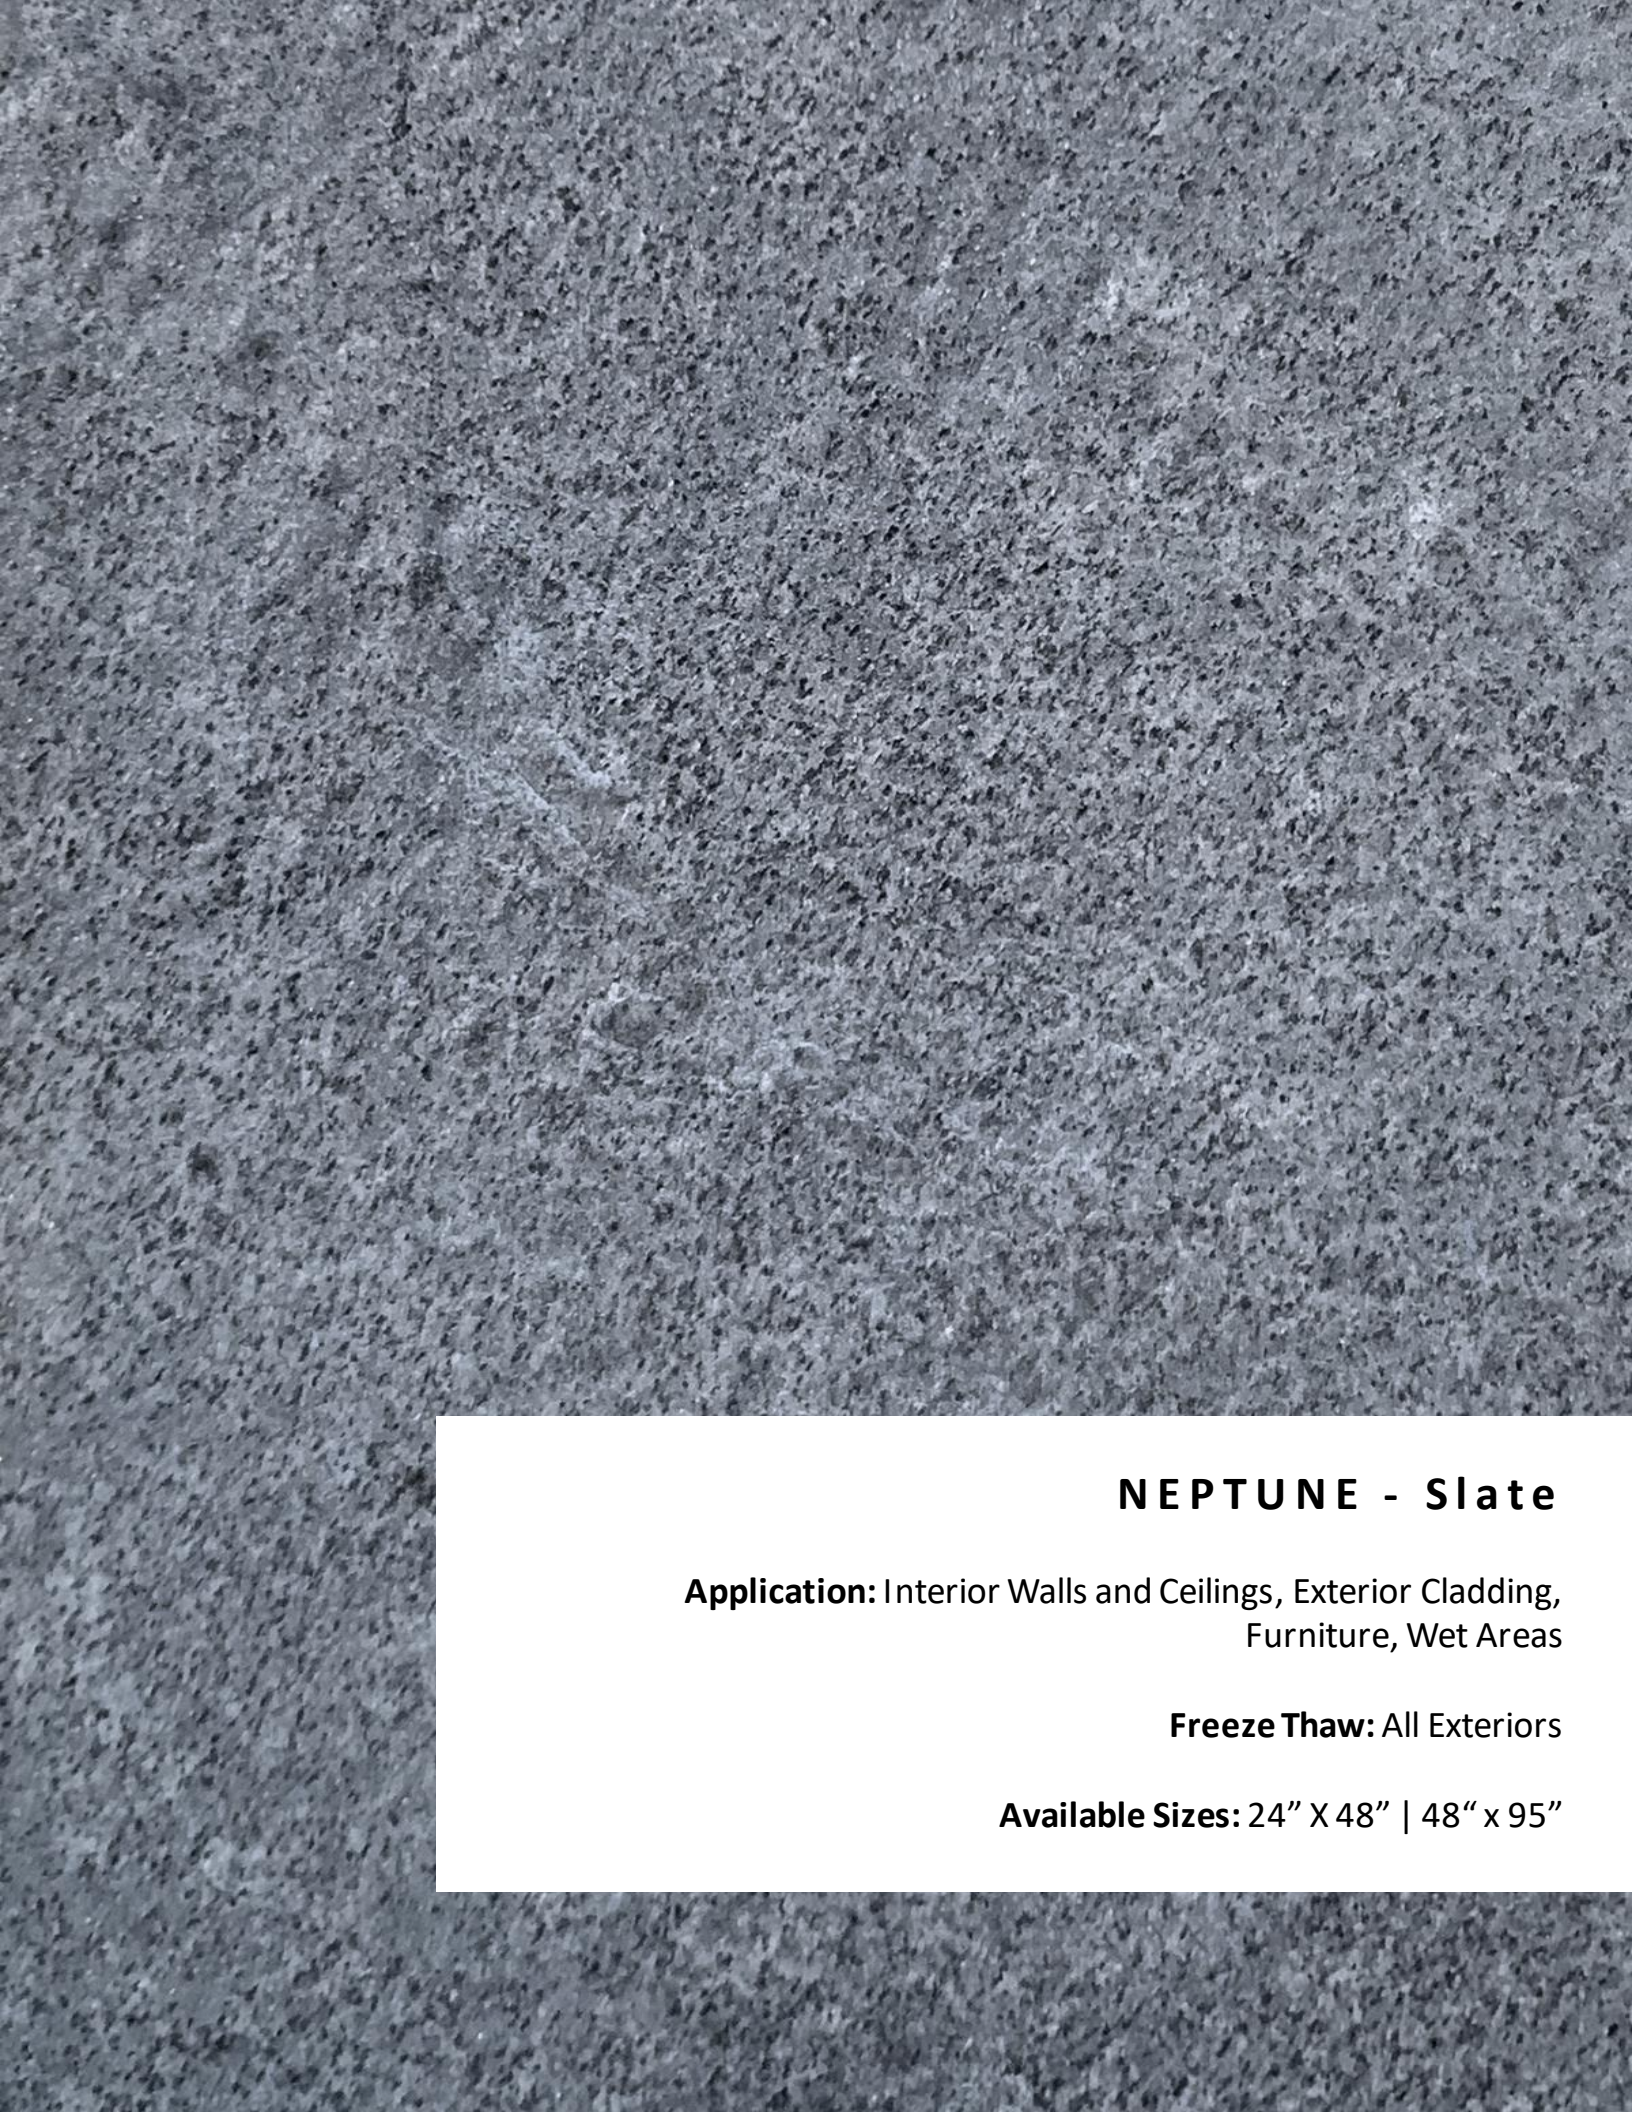

## **SHIMMER - Slate**

**Application:** Interior Walls and Ceilings, Exterior Cladding,  
Furniture, Wet Areas

**Freeze Thaw:** All Exteriors

**Available Sizes:** 24" X 48" | 48" x 95"

## **NEPTUNE - Slate**

**Application:** Interior Walls and Ceilings, Exterior Cladding,  
Furniture, Wet Areas

**Freeze Thaw:** All Exteriors

**Available Sizes:** 24" X 48" | 48" x 95"

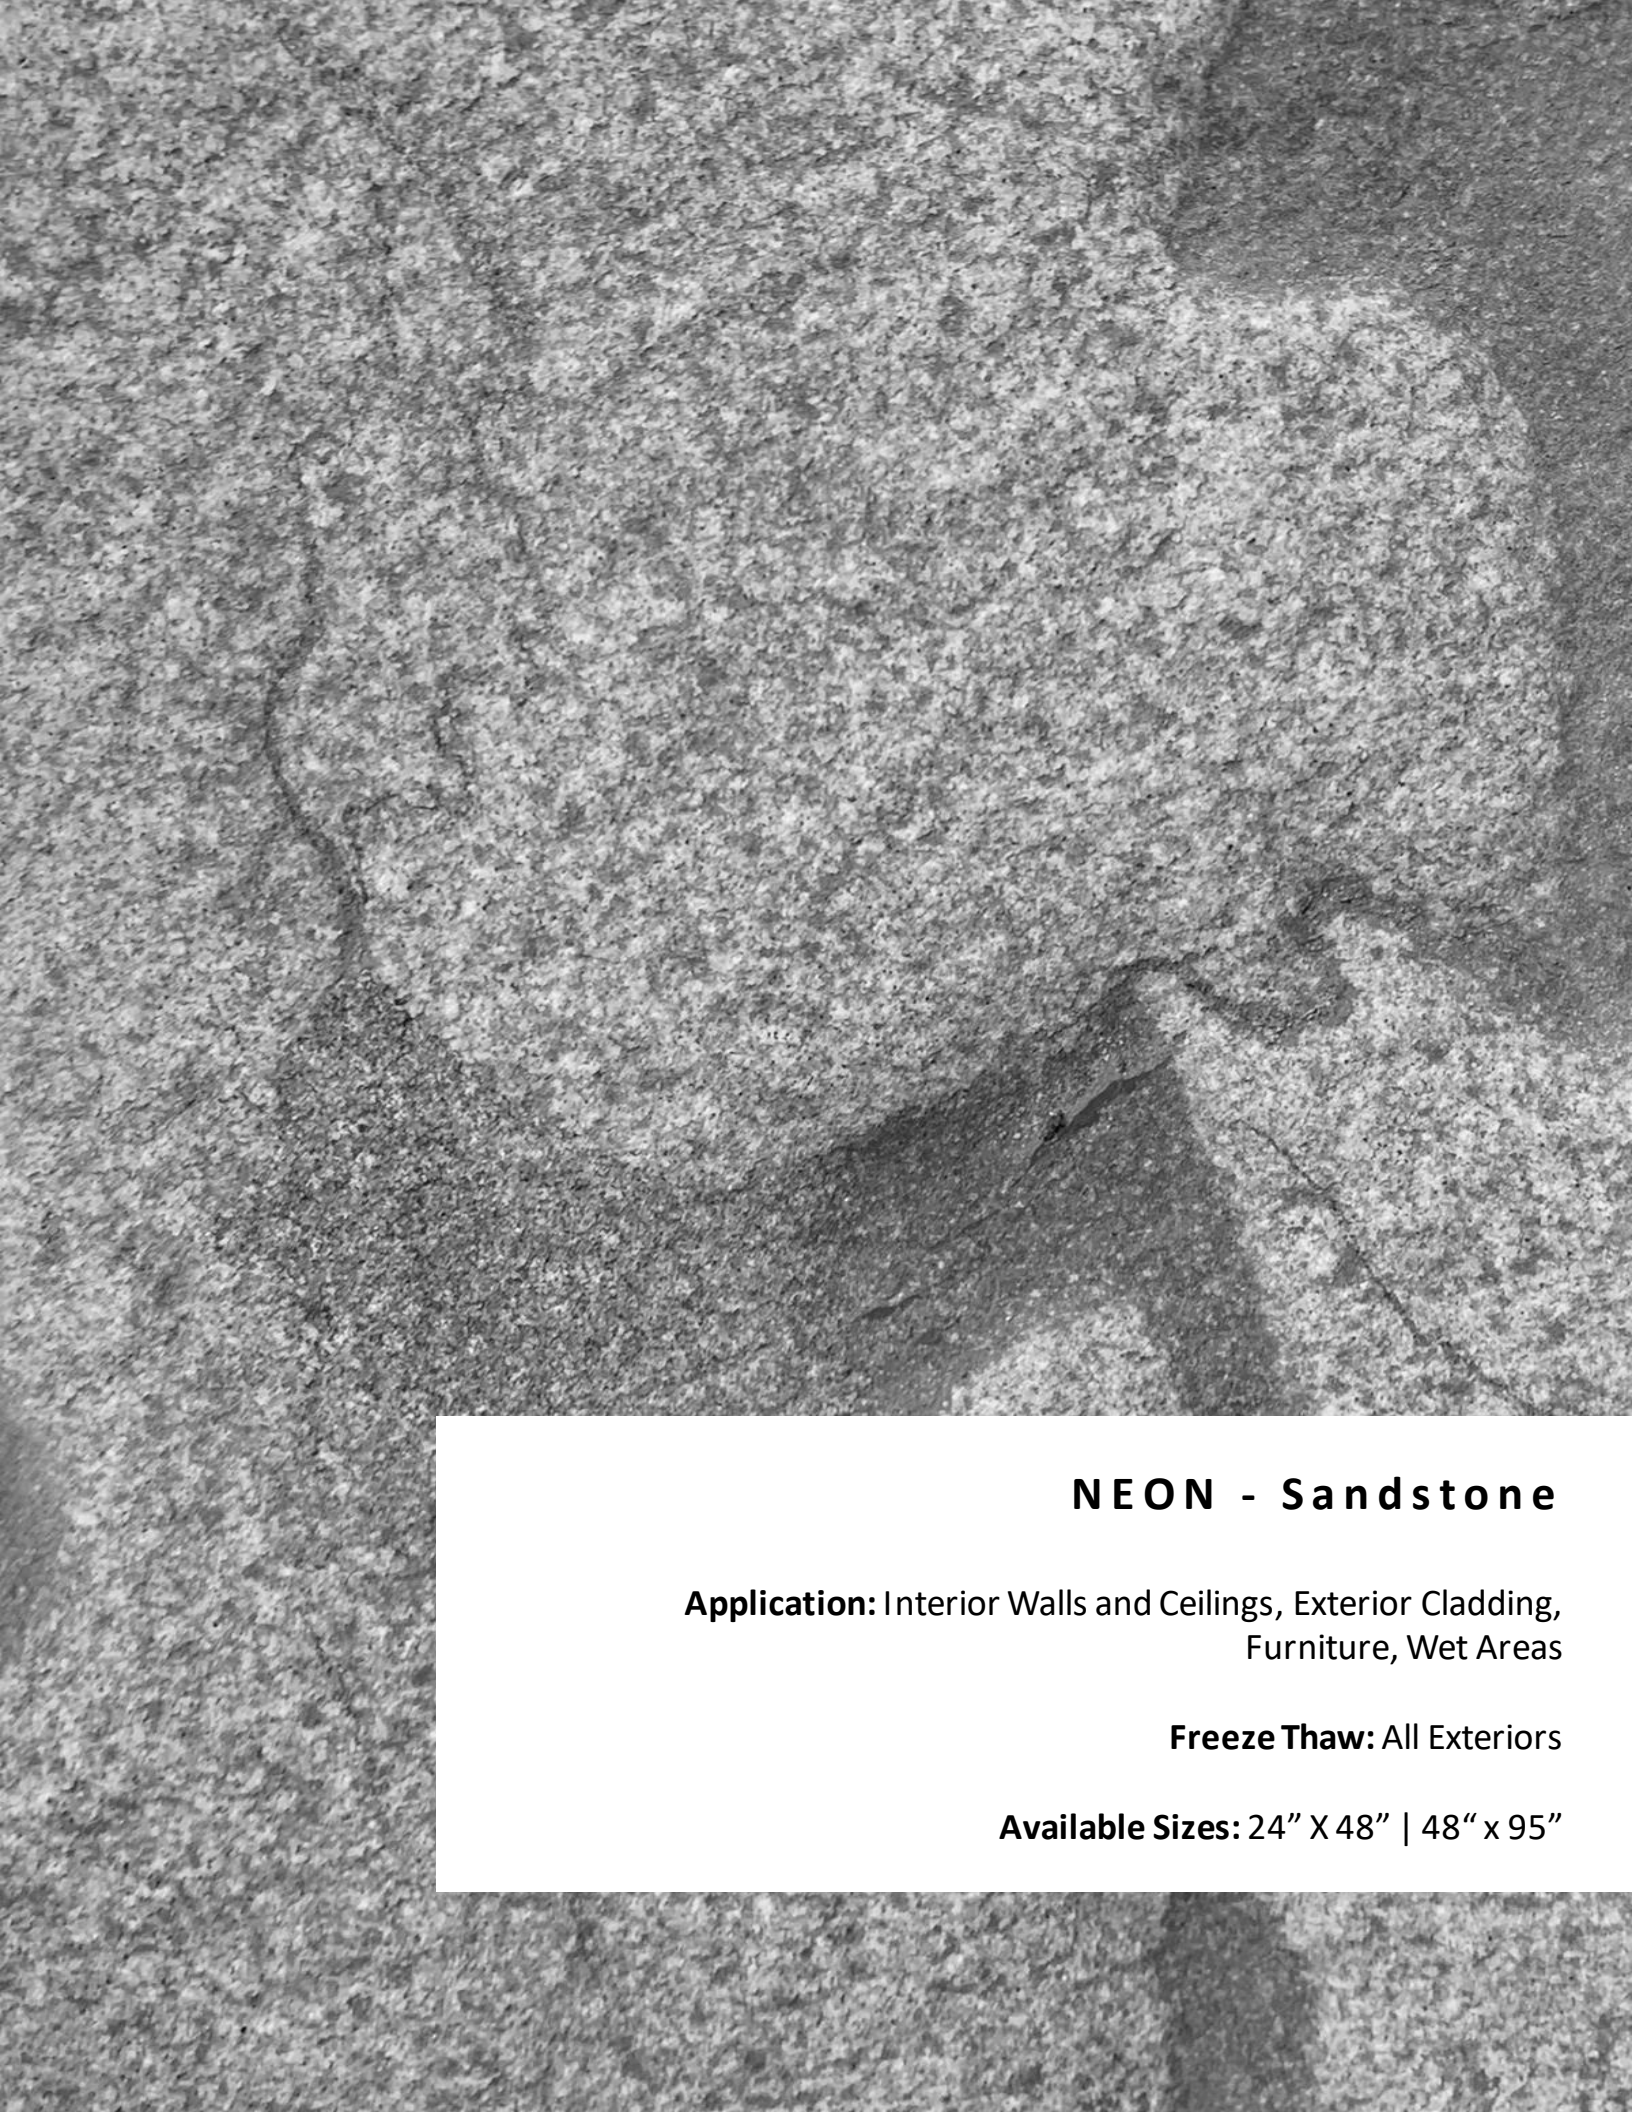

## **PENNY FLAKE - Slate**

**Application:** Interior Walls and Ceilings, Exterior Cladding,  
Furniture, Wet Areas

**Freeze Thaw:** All Exteriors

**Available Sizes:** 24" X 48" | 48" x 95"

## **NEON - Sandstone**

**Application:** Interior Walls and Ceilings, Exterior Cladding,  
Furniture, Wet Areas

**Freeze Thaw:** All Exteriors

**Available Sizes:** 24" X 48" | 48" x 95"
