Expertly Crafted to Endure Life's Moments

THE #1 CHOICE OF
PAINTING PROFESSIONALS[®]

Available in Matte

EXQUISITE® INTERIOR MATTE PAINT

EXQUISITE® is a revolutionary, new interior matte paint featuring ChromaStay® Technology that makes it truly washable and stain resistant. ChromaStay Technology is a combination of proprietary technologies, including Ceramic Technology, that provides exceptional durability to Dunn-Edwards coatings.

When life happens, this deluxe paint can withstand the inevitable scrubbing, leaving your walls looking as good as new. EXQUISITE is formulated for longevity and enduring elegance, so your space stays as beautiful as you envisioned it.

EXQUISITE is easy to apply and is ideal for use on high-end custom residential and premier commercial projects where ultra-low VOC products are preferred.

EXQUISITE Videos:

PRODUCTS BEARING THIS LOGO CONTAIN CHROMASTAY® TECHNOLOGY

ChromaStay® Technology is a combination of proprietary technologies, including Ceramic Technology, that provides exceptional coating durability to Dunn-Edwards paints.

VOC AND RAVOC RATINGS ON EVERY LABEL

Dunn-Edwards is the first paint company to label its products with RAVOC ratings — Reactivity-Adjusted VOC Content — a better way to measure potential air quality impacts of coatings. To learn more about RAVOC ratings visit dunnedwards.com/RAVOC.

PRODUCTS BEARING THIS LOGO ARE EG-FREE™ AND TAC/HAP-FREE

Ethylene Glycol (EG), a solvent often used in water-based paints, is listed as a Toxic Air Contaminant (TAC) and Hazardous Air Pollutant (HAP). In 1983, we were the first in the industry to voluntarily replace EG with Propylene Glycol, a non-toxic alternative "generally regarded as safe" by the FDA. Also, every Dunn-Edwards product with the EG-Free logo is formulated without any other TAC or HAP, too.

LEED® GOLD-CERTIFIED PAINT MANUFACTURING FACILITY

In 2011, Dunn-Edwards opened the world's first and only LEED® Gold-certified paint manufacturing facility in Phoenix, AZ. Encompassing manufacturing, product development, quality control and more, the 336,000-sq. ft. facility is designed to be the greenest in the industry.

*LEED® and related logo is a trademark owned by the U.S. Green Building Council and is used with permission.

Exceptional Stain Resistance

The deluxe properties of EXQUISITE will shield your walls and keep staining agents in check. With a few wipes of a sponge, those stubborn stains will disappear with ease.

Exceptional Washability

With EXQUISITE, you will never rub your walls the wrong way. It's formulated to keep the color right where you painted it the first time, even after repeated cleaning.

Exceptional Scuff Resistance

The beautifully painted walls of your home can only take so much scuff. The revolutionary technology in EXQUISITE makes it tough on scuff and protects your walls from marks and scratches that come with everyday life.

Exceptional Burnish & Color Rub-off Resistance

Your wall color is only as good as the paint that protects it. The shine left behind after a good cleaning can make your wall an eye-catching masterpiece for all the wrong reasons. EXQUISITE will preserve the wall's first, true color and make fading a thing of the past.

A GREEN LEGACY, A GREENER FUTURE.

Dunn-Edwards has a green legacy that makes us proud and inspires us to do more. We are firmly dedicated to the principle of eco-efficiency, which we define as the ability to satisfy human needs in ways that minimize adverse impacts on energy and material resources, environmental quality, and human health and safety. EXQUISITE® is yet another example of this commitment.
