There will be more emphasis than ever before on company values and how their physical space responds to flexibility and adaptability.*

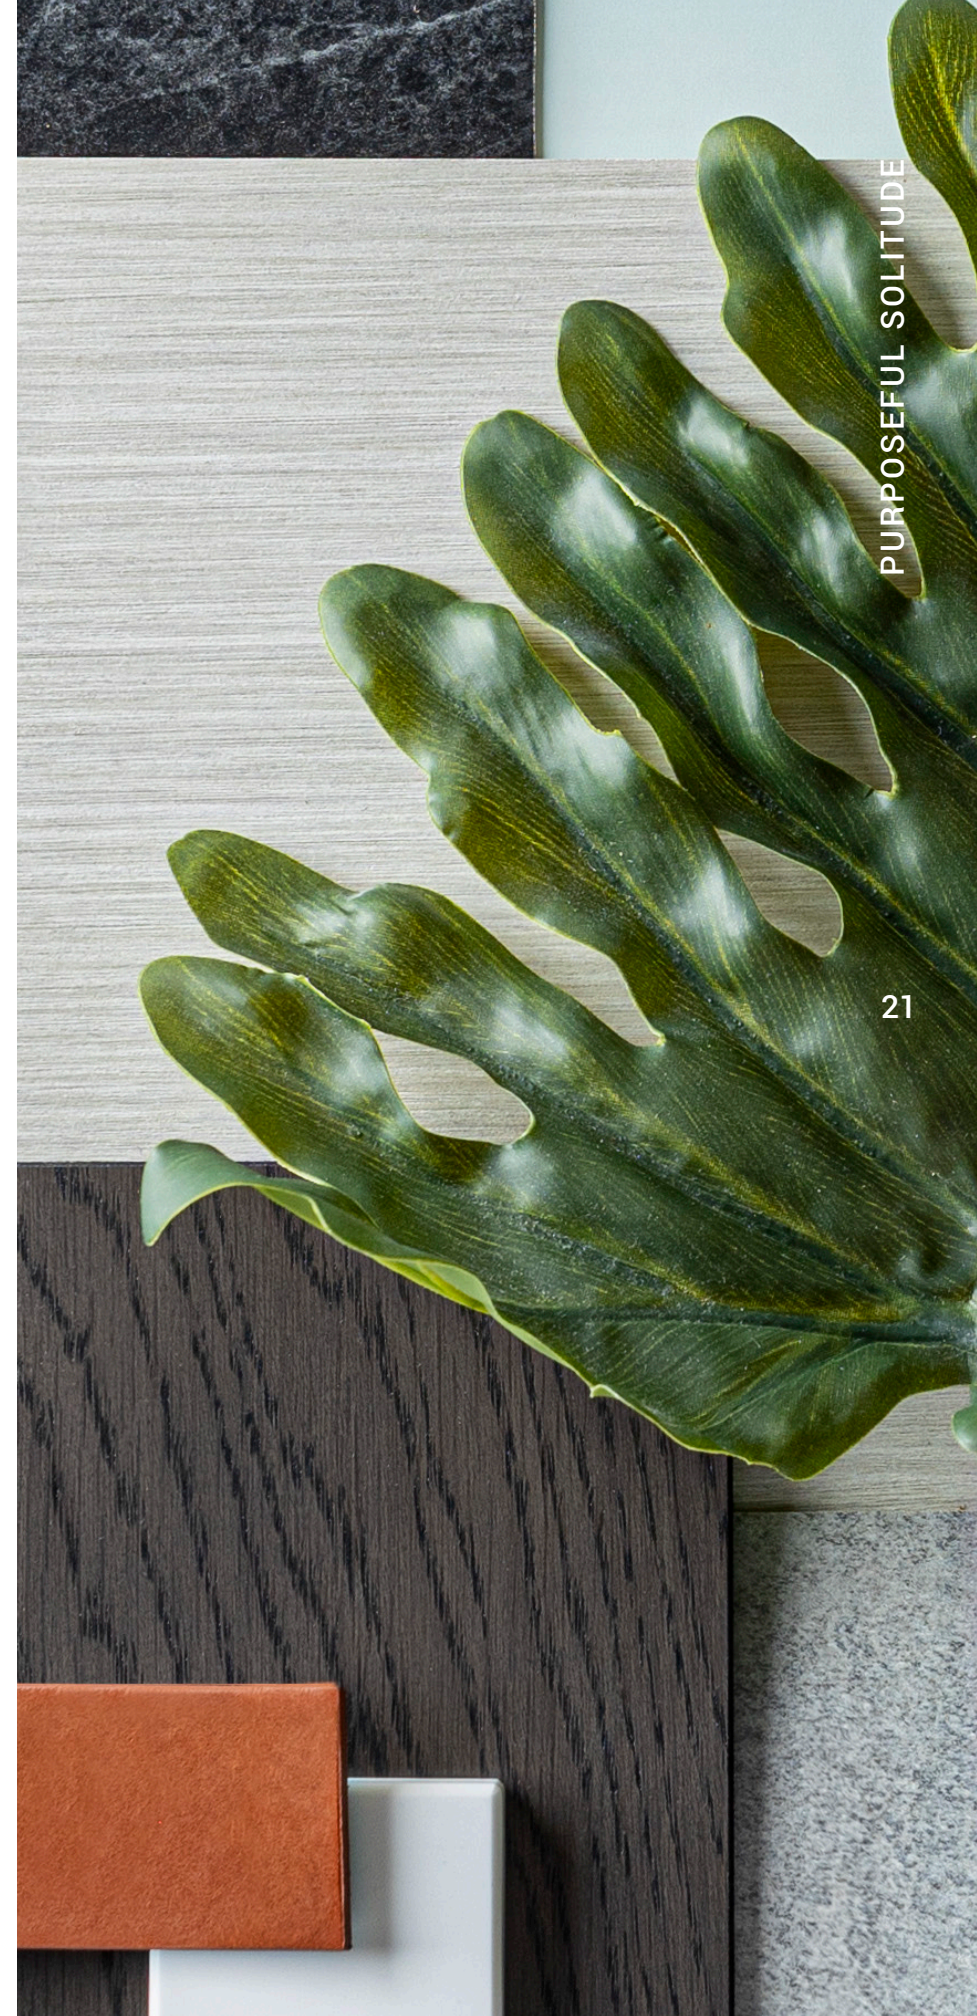

COMMUNAL ENGAGEMENT

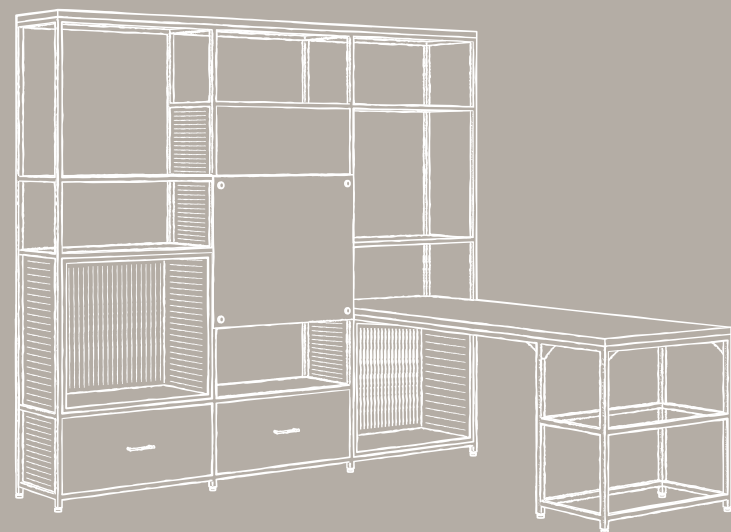

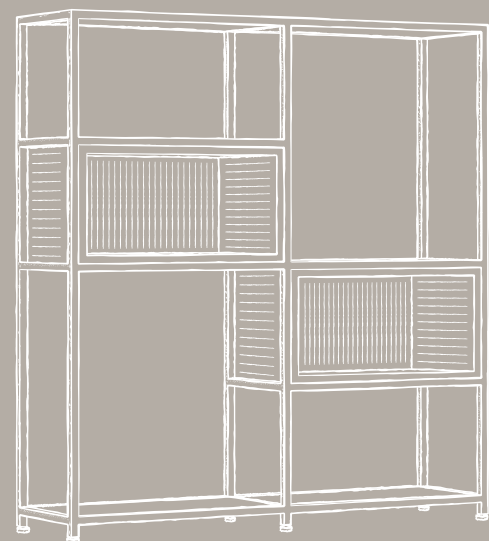

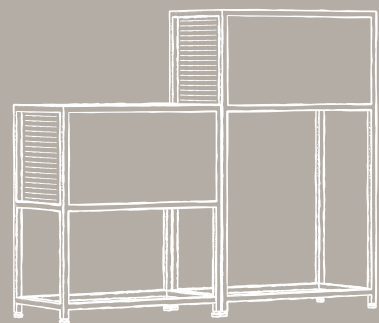

Whether working alone or working alone together, spaces must support individual focus and give a sense of personal security.

PURPOSEFUL SOLITUDE

25

28

People need to go into the office for
focus time as much as they do for
collaboration.

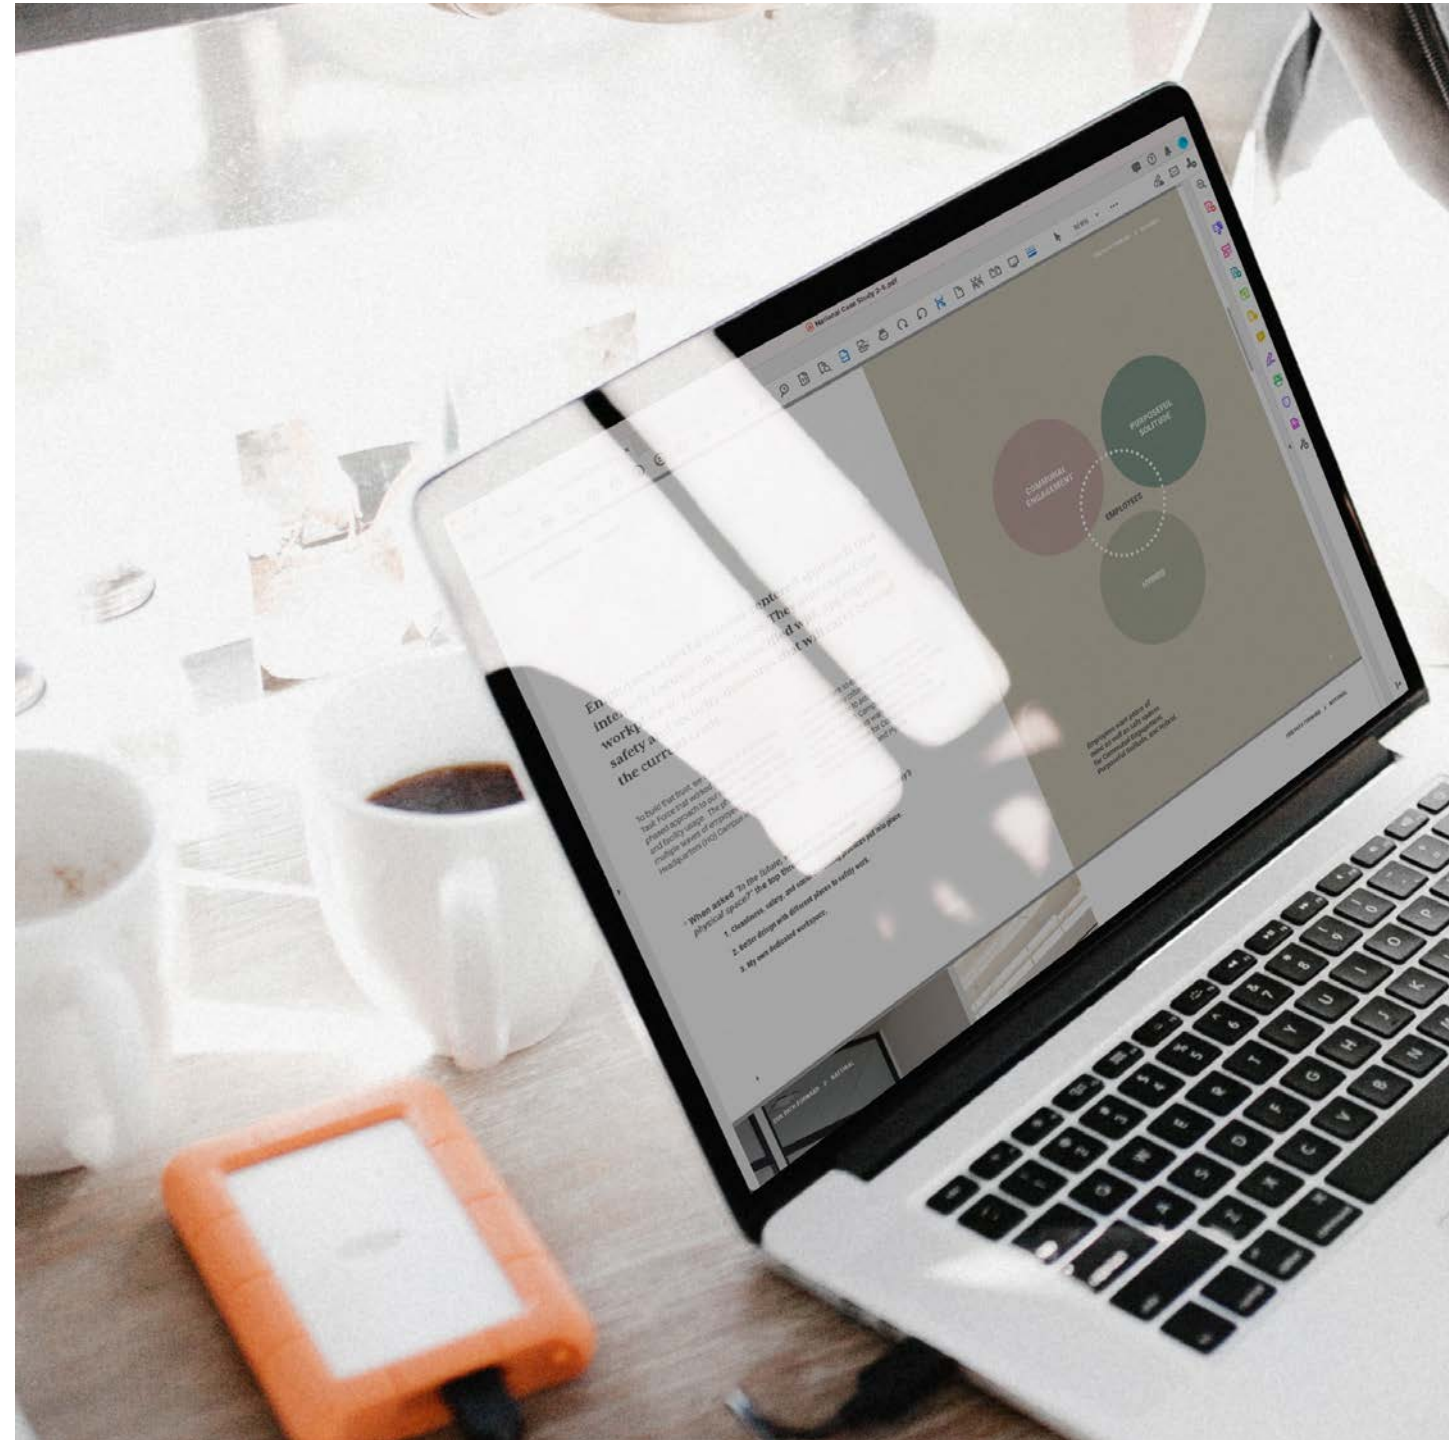

PURPOSEFUL SOLITUDE

29

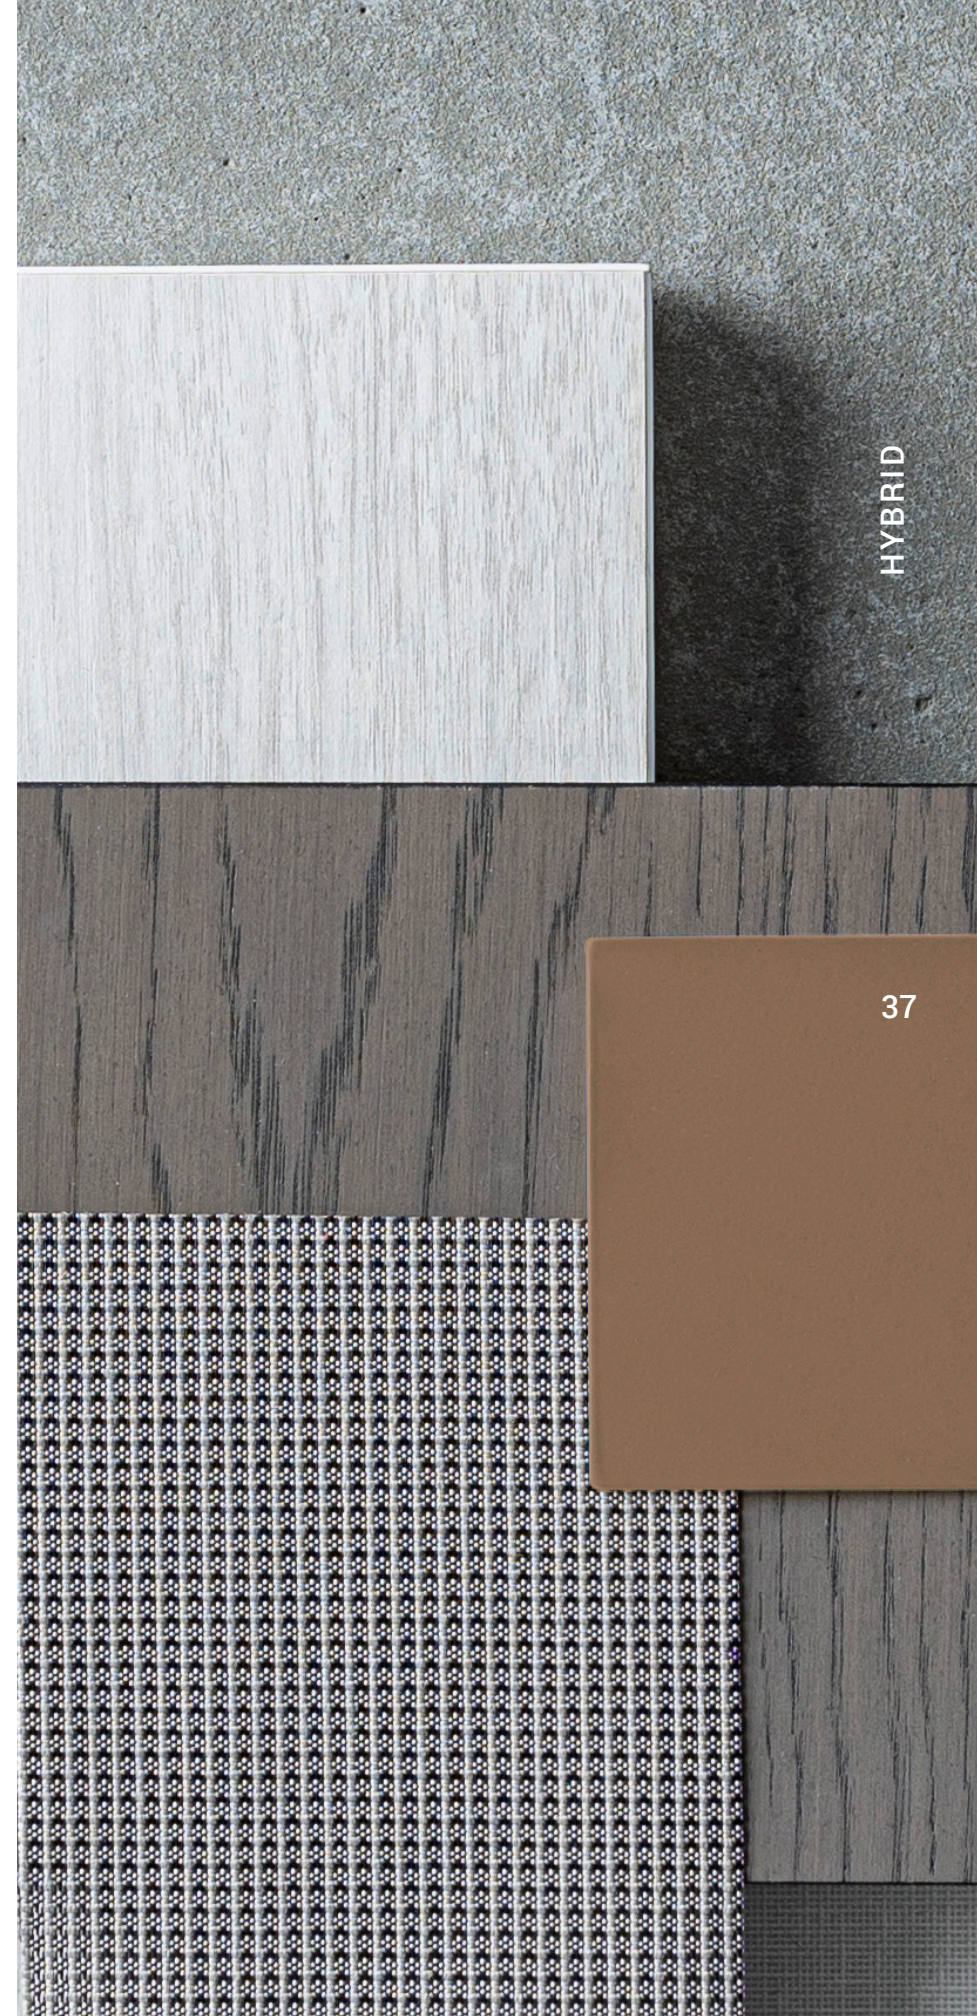

Support a mix of remote and in-office employees, fostering fellowship by enabling the transition between spaces.

All elements of the office should be designed to give the company the ability to evolve over time.*

40

Create workspaces designed to support the kinds of interactions that cannot happen remotely.*

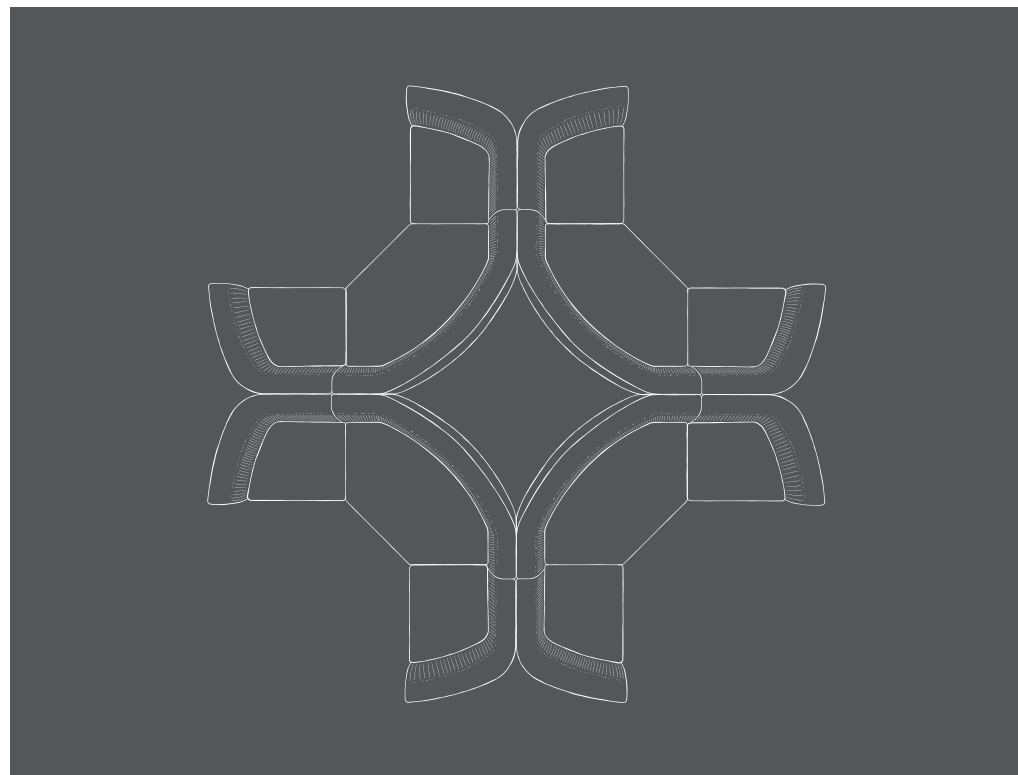

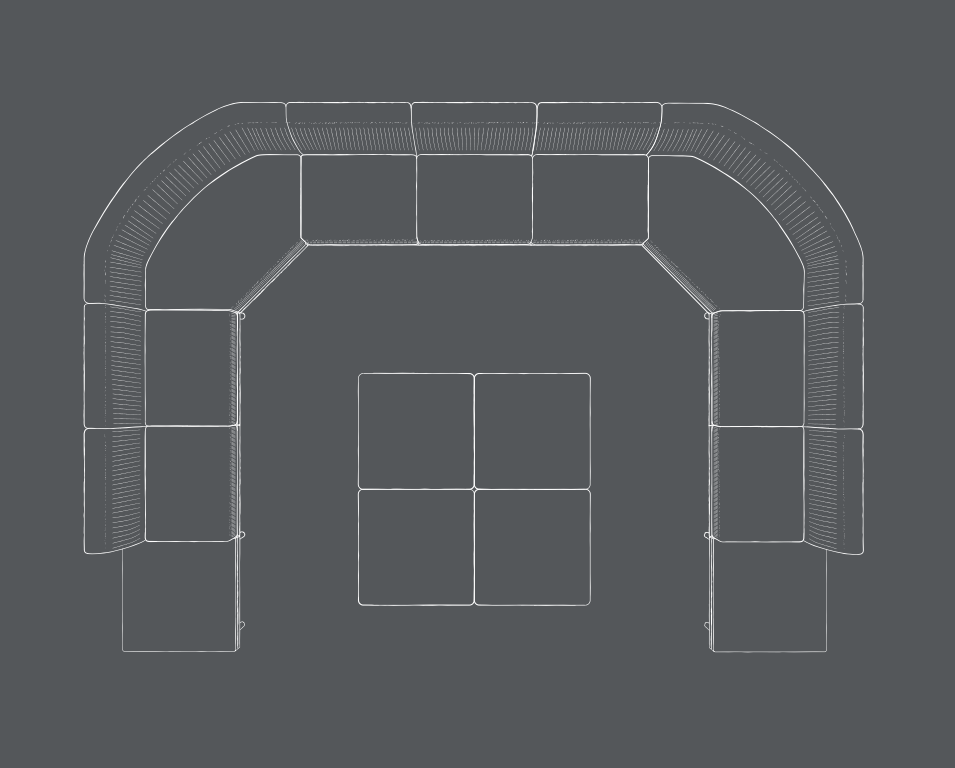

HYBRID
