STONE & CONCRETE COLLECTION

The HPL difference.

DESIGN

Inspired by nature, Wilsonart® HPL presents unique and versatile designs that can transform a home with style and beauty. HPL is available in a wide variety of designs, colors, and finishes, offering homeowners the creative flexibility to craft a personal, lasting style.

CONSISTENCY

Engineered surfaces offer precision and consistency, regardless of a project's design or complexity. You'll know precisely the surface you're receiving, time and again. Wilsonart® HPL provides an extensive range of options that work in concert, creating a look that is predictably beautiful and consistent with your home's aesthetic.

SIMPLICITY

Creating your dream home with Wilsonart is simple. Our surfaces are easy to order. Effortless to install. And, since Wilsonart® HPL has short lead times and low-to-no minimums, delivery is always on time and on budget. We strive to keep your project moving in one direction: forward.

BETTER THAN STONE & CONCRETE

Stone & Concrete HPL outperforms traditional Stone & Concrete in cleanability, stain resistance, scratch resistance, scuff resistance, and impact, making it the ideal surface for durability and aesthetic. And unlike its fragile, porous competitor, Stone & Concrete HPL is sustainable, requires minimal care, and is easy to wipe clean and disinfect.

STAIN AND SCRATCH

Live and move in your space without worry. Stone & Concrete HPL eliminates common threats with built in stain and scratch resistance that provides peace of mind and lasting beauty. And when life's usual mishaps do occur, HPL is simple to clean and disinfect. It's consistently durable, easy to maintain, and always prepared for the unpredictable.

PERFORMANCE

Wilsonart® Engineered Surfaces are durably crafted for the unpredictability of everyday life. Plus, Wilsonart® HD® and Premium HPL feature AEON™ Enhanced Scratch & Scuff-Resistant Performance Technology, outperforming competitive HPL by a factor of up to 3-5x the industry standard for increased wear resistance and improved scratch, scuff, and mar performance. We take pride in building surfaces that look newer and maintain performance, long after installation.

ANTIMICROBIAL PROTECTION

Built-in protection from the hidden microscopic dangers all around us. With silver ion technology locked in, our surfaces help inhibit the growth of stain and odor-causing bacteria, mold, and mildew.

SERRANIA 1890K-22

Bringing the outdoors in.

Warm, rustic, and sturdy. Stone provides an earthy feel to any space, bringing the beauty of the outdoors in. Connecting us with nature’s serenity, our calming, complementary tones — ranging from light neutrals to the deepest hues — create beautiful solutions for a variety of home designs.

BENJAMIN GREY 1887K-22

Modern elegance that performs.

Wilsonart® HPL stone looks provide modern elegance that last for years to come. Standing up to the everyday, our engineered surfaces capture natural beauty while outperforming traditional stone with exceptional resistance against scratches, scuffs, and more.

NATURAL STONES

Natural stones offer sophisticated movement, layered accents, and veining found in rugged landscapes around the world.

POTTER'S CLAY 5011K-22

Rustic meets industrial.

Rustic charm meets industrial sophistication. Our concretes offer rich cement textures to create complementary or high-contrast effects across the surface and throughout the home.

WHITE CASCADE 5003-38

Movement and texture.

An architectural inspiration for centuries, travertine is the perfect choice to add a touch of drama. Our HPL travertine selections create stunning fluidity and style with unique variations.

RUSTIC CONCRETE

Something old, something new. Marked by simplicity, rustic concretes combine classic, nature-inspired beauty with statement-making modern appeal.

PERLA PIAZZA 1867K-55

RUSTIC CONCRETE

CONTRASTING TRAVERTINE

Directional, swirling movement — the result of mixing calcite and minerals — is encapsulated in our contrastive travertine to create distinct color play and invigorating contrast.

RUSTIC SLATE 4888-38

Depth and dimension.

Marked by soft contrast and deep color, slate elevates spaces with understated style that adds unexpected dimension.

PEARL SOAPSTONE 4886-38

Subdued sophistication.

Rich details with subtle contrast make soapstone a universal countertop solution. Contemporary and classic decor are complemented by its timeless beauty.

INTRICATE SOAPSTONE

A transitional organic look with low-contrast yet intricate detail, our soapstone options define with subtle movement, surface color consistency, and hints of irregular patina qualities.

DIMENSIONAL SLATE

Slate embodies soft, colorful depth with dimensional ridges and features. When translated into HPL material, it offers a presentation often unattainable with traditional slate.

STONE & CONCRETE COLLECTION

Countertop
edge profile
possibilities.

Wilsonart Decorative Edges allow one small detail to define an entire space. With multiple options available, you can complement any style and any look. So feel free to explore. Reach the next level. And get the edge.

SERRANIA 1890K-22

STONE & CONCRETE

BULLNOSE EDGE

This classic, modern edge creates a simple yet timeless look. The roundness of the bullnose edge is ideal for traditionally styled spaces.

BENJAMIN GREY 1887K-22

STONE & CONCRETE

PENCIL EDGE

Strong, crisp angles enhance the solid stone aesthetic with a classic look and feel. The tight full-wrap edge creates the authentic look of stone. The decorative surface is wrapped around both the top and bottom, protecting the underside of the countertop.

POTTER'S CLAY 5011K-22

STONE & CONCRETE

CRESCENT EDGE

This versatile edge blends into nearly any kitchen design. It's the perfect finishing touch that adds depth and sophistication to any space.

OILED SOAPSTONE 4882-38

STONE & CONCRETE

WATERFALL EDGE

A waterfall edge pairs a smooth waterfall roll with a straight-edged base for a look inspired by the flowing lines of nature.
