strands encaustic patterned tiles are our modern architectural take on traditional cement tiles.

using upgraded technology to create clean lines and crisp patterns. strands are crafted with careful consistency, superior design and are engineered for use in wet-areas and high-traffic commercial and residential projects. alternate colors and patterns are available for endless combinations.

way cooler gallery artists do their own signature work with a new medium, cement patterned tiles

each artist selected by cooler gallery was either known for bold pattern making or beautiful craft in ceramics and was tasked to create a tile that can work well individually or in a strong tessellation concept. the patterns are unidirectional, multi directional or randomized depending on the artist's vision.

half moon x winter

interior designer natalie myers, known for her *scandifornian* style

has teamed with concrete collaborative on the half moon strands collection. these geometric patterns incorporate half moon and crescent shapes that are boldly architectural and deco inspired, softened in our xsmall marble chip signature terrazzo finish. the curved shapes can configure with the solid and lined tiles to create the overall design.

technical summary

compressive	>8000psi
ibc flame spread	rating a (0-25ft/hr.)
freeze thaw	meets standards astm c936/c1645
weight (lb/sq.ft)	5/8"= 7.5lbs/sqft
colorfastness	will patina
overage	highly recommended. 20% or more depending on tile cuts, intricacy of layout and handling damage
tonal variation	yes, blend variation and dry lay patterns for placement

installation

mock up	required
substrate	cured to max 4% moisture, level 1/8" in 10ft
grout joint	1/8" standard - do not butt-joint
grout	non-sanded laticrete permacolor
adhesive	laticrete 254r platinum rapid
preseal	prosoco polishguard
finish seal	2 coats prosoco polishguard
expansion joint	max 15' each direction, at perimeter, honored from substrate. refer to tcna. additional joint placement may be required based on substrate and application

strands encaustic patterned tiles are dimensionally accurate and installed with the ease of tile. simply thinset, using a rapid setting adhesive equivalent to laticrete 254r platinum rapid, over a level and cured slab. use non sanded grout like laticrete perma color grout. sealed using prosoco polishguard. sealer is available from concrete collaborative. always reference tcna guidelines for general best practices.
