valencia fluted

blending the classic with the unexpected, meet our modern fluted brick.

inspired by scalloped columns from ancient architecture combined with the terracotta color of traditional brick, but in the extra large size of 8” x 11-5/8” x 4”. this collection features a scalloped face block as well as a coordinating block to seamlessly finish corners. with the versatility of masonry, these can be used as a building’s facade, interior feature wall or fireplace surround.

technical summary

ibc flame spread	rating a (0-25ft/hr.)
lbs/block	10lbs/block
colorfastness	uv stable
max standard size	up to 8” x 8” (202mm x 202mm)
overage	allow 20 percent

installation

mock up	required
recommended sealer	drytreat stain-proof
substrate	level and to support tile load
grout joint	minimal joint - 1/16”
clean	manually scrub w/ scotch brite pad
adhesive recommendation	type n or s motar
always reference	tcna guidelines for general best practices

choose block pattern and color. blocks comply with astm standards for masonry units. consider vertical and horizontal spans and reinforcement relative to local codes. trestles blocks are designed to astm c90 standards for load-bearing concrete masonry units; though special detailing of system components should be considered. refer to ncma tek3-16a for details.
