Cabinet **HARDWARE**

Handcrafted in Idaho, Rocky Mountain Hardware manufactures a complete line of architectural door and cabinet hardware, lighting, plumbing and more. Using only the finest art-grade bronze, every piece is precisely engineered and guaranteed to work like new for generations to come. The following pages depict our growing cabinet hardware offering, including over 40 new designs. With over 150 styles to choose from in a choice of 12 finishes, this offering provides a wide variety of options.

**WHITE BRONZE
PATINAS**

Rocky Mountain Hardware's highly skilled artisans use Old-World casting techniques to handcraft imaginative designs from art-grade bronze of exceptional quality. Each piece begins with one of two base metals—white bronze, prized for its burnished silvery hue or silicon bronze, characterized by its rich coppery coloration. The artistry of the design is highlighted with a warm and lustrous patina, applied by hand to create a wonderfully aged appearance. A hand-applied wax finish allows each piece to wear beautifully over time, with absolutely no lacquers or coatings used that could potentially chip or peel. The patina responds to its individual environment—time, touch, climate—so that each shade distinctly reflects its surroundings for one-of-a-kind character.
