

SYNCRO

SYNCRONIZED WOODGRAIN LAMINATES
from Lab Designs

Lab Designs introduces an artistic collection of 20 laminates designed with nature in mind. In traditional laminates, the base paper pattern does not match the surface texture. To get the natural effects of veneer, the design and surface texture should be in sync. “**Syncro**” combines elegance and perfection to create a design you can see and feel which is why we call the series “**Materials Imitating Nature.**”

Specifications:

Size: 48.5” x 96.5”

Thickness: 0.9 mm
