Wallpaper Collection è la collezione di carte da parati realizzata in collaborazione con i designer Francesca Greco, Nina Farré e Vito Nesta. Una proposta originale, elegante, ricca e versatile, in perfetta sintonia con la filosofia del brand, pensata per decorare case private, progetti residenziali e ricercati boutique hotels. La Devon&Devon Wallpaper Collection si adatta con equilibrio a molteplici contesti, suggerendo rigorose ambientazioni classiche o squisitamente eclettiche.

WALLPAPER COLLECTION

The Wallpaper Collection is produced in cooperation with designers Francesca Greco, Nina Farré and Vito Nesta. Created to decorate private houses, residential projects and exclusive boutique hotels. This original, elegant and versatile proposal is perfectly aligned with the philosophy of the brand. The Devon&Devon Wallpaper Collection adapts seamlessly to a wide variety of different contexts, suggesting interior ambiances from the classical to the exquisitely eclectic.

CARATTERISTICHE  
TECNICHE  
GENERALI

Devon&Devon Wallpaper Collection è un prodotto di alta qualità che non rinuncia al rispetto per la natura, con l'obiettivo del minor impatto ambientale possibile.

La carta da parati viene stampata sulla parte superiore del supporto in vinile e sul retro di un foglio TNT 350g, che garantisce elevata stabilità in fase di applicazione e rimozione. La carta è facilmente lavabile con un panno umido (è da evitare qualunque prodotto abrasivo), ignifuga, non si restringe e non si deforma. Non contiene composti di metalli pesanti. È conforme alla norma su permeabilità e vapore acqueo e appartiene alla classe antincendio B-s2,d0. L'alta qualità è ideale per coperture di grandi e piccole dimensioni. Non richiedono etichette di pericolo secondo la direttiva UE 1999/45CE.

Le carte da parati Devon&Devon vengono tagliate utilizzando sistemi automatici di taglio che ne garantiscono la perfetta combaciabilità in fase di posa. Gli inchiostri possiedono certificati di eccellenza che garantiscono il massimo rispetto dell'ambiente, la certa provenienza delle materie prime e la sicurezza dell'utilizzo per preservare la salute. Non sono infiammabili, non combustibili e sono privi di nichel.

**ORDINI**  
Assistiamo il cliente durante la fase di progettazione e realizzazione dei propri ambienti. Le carte da parati si ordinano inviando il rilievo metrico delle pareti da rivestire. Sarà nostra cura restituire al cliente una proposta grafica e relativo preventivo di spesa. È fondamentale che le misure delle pareti siano chiare e precise. In presenza di porte di grande formato o portefinestre, non verrà computata la parte centrale interna a queste. Le finestre invece seguono il principio del vuoto per pieno, per cui verranno stampate per intero per dare continuità nella parte sopra e sotto.

**CONSIGLI DI POSA E AVVERTENZE**  
Le carte da parati Devon&Devon si posano su ogni tipo di superficie purché prive di qualunque imperfezione strutturale. Per facilitare la comprensione del disegno in fase di posa, i pannelli vengono forniti numerati. Per l'installazione raccomandiamo di rivolgersi a personale altamente qualificato e specializzato, e di utilizzare colle idonee alla superficie di destinazione. L'uso della carta da parati è possibile anche all'interno della stanza da bagno, ma con alcuni accorgimenti: è sconsigliata l'applicazione negli ambienti doccia mentre è possibile applicare la carta da parati in altre pareti del bagno purché non siano a diretto contatto con l'acqua. Raccomandiamo inoltre, prima della posa, di controllare attentamente il materiale ricevuto con la spedizione dell'ordine: non saranno infatti accettate contestazioni di sorta a materiale posato.

GENERAL  
TECHNICAL  
SPECIFICATIONS

Devon&Devon Wallpaper Collection is a high-quality, environmentally-friendly product designed to have the lowest environmental impact possible.

The wallpaper is printed on the top of the vinyl base and on the back of a 350g nonwoven (TNT) sheet, which guarantees high stability during application and removal. The paper can be cleaned easily with a damp cloth (any abrasive product should be avoided), is flame-retardant, does not shrink or distort. It does not contain any heavy metal compounds. It complies with regulations relating to permeability and water vapour and belongs to fire class rating B-s2,d0. Thanks to their high quality, they are ideal for covering small and large areas. They do not require hazard labels as per the EU 1999/45EC directive.

Devon&Devon wallpaper are cut using automatic cutting systems that guarantee their perfect matching during laying. The inks possess certificates of excellence which guarantees the utmost respect for the environment, as well as guaranteed the origin of the raw materials and the safety of the product when being used. They are unflammable, non-combustible and nickel free.

**ORDERS**  
We assist our clients throughout the process of designing and creating the ambience in which the wallpaper is to be used. The wallpaper should be ordered by sending the metric survey of the walls to be covered. We will then send the client a graphic proposal and related cost estimate. It is essential that the wall measurements are clear and precise. In the case of large doors their internal central part will be not take into consideration for the graphics nor the order. Windows instead follow the total volume (inclusive of dead freight) principle, and will therefore be printed in their entirety to ensure the continuity of the design in the parts above and below.

**RECOMMENDATIONS AND INSTRUCTIONS**  
Devon&Devon wallpaper can be applied to all types of surface, as long as they contain no structural imperfections. To facilitate the understanding of the design during installation, the panels are supplied numbered. For the installation we recommend contacting highly qualified and specialized personnel, and to use glues suitable for the surface in which the wallpaper is to be used. The wallpaper can also be used inside bathrooms, but with certain precautions: we advise you not to apply the wallpaper in shower areas, while it is possible to apply it on other walls of the bathroom provided that they are not in direct contact with water.

Before the installation, we strongly recommend to check the goods received once the order has been delivered; we cannot accept any claims once the materials have been installed to the walls.
