Capelli

Garrett offers three categories of Capelli: Specialty, Stenciled and Natural. Garrett's 24 Capelli Specialty feature rich colors, intricate laser-cut patterns, and metallic prints.

The stenciled patterns are applied to cowhides and include a tiger print, leopard print, and zebra print.

The five natural colors represent a true cowhide. The color of these natural skins will vary from hide to hide. No two hides are exactly the same. Both the Capelli Natural and Capelli Stenciled are sold by the whole skin only.

These wonderful "hair-on hides" may be used as rugs, wall hangings and upholstery.
